

NEW PRODUCTS

A25 5TH WHEEL HITCH

This new 5th wheel features a single-throw handle that self-resets, a patented cast yoke head, easy-access mounting bolts, a 25K capacity and a limited lifetime warranty. **Page 286**

NISSAN TITAN XD PUCK SYSTEM LEGS

These legs allow any CURT 5th wheel head to easily drop into the new Titan XD puck system. They feature simple quarter-turn mounts with adjustable anchors. **Page 279**

NISSAN PUCK SYSTEM GOOSENECK KIT

Ready to mount in the Nissan Titan XD with the puck system, this gooseneck kit includes a 30K gooseneck ball, anchors, a ball hole cover and a carrying case. **Page 254**

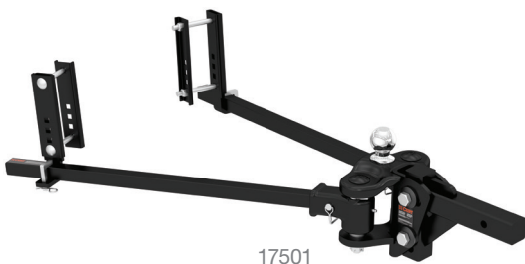

NISSAN PUCK SYSTEM SAFETY CHAIN ANCHORS

The Nissan Titan XD anchors feature a simple, drop-in installation requiring no tools. They offer large hook openings and feature heavy-duty forged construction. **Page 254**

TRUTRACK™ WEIGHT DISTRIBUTION SYSTEM

The TruTrack™ combines precise weight distribution with integrated sway control. This new 15K version has a durable spring & cam system and adjustable brackets. **Page 298**

MULTI-FIT TRAILER HITCHES

Together the new CURT 13902 and 13903 cover nearly every full-size pickup for Ford, GM and Ram, from '99 to '16. They are rated for 8,000 lbs. GTW and 12,000 lbs. WD. **Page 37 & 38**

LOCKS & LOCK SETS

We have expanded our lock line, adding more keyed alike lock sets and chrome receiver tube locks, making it even easier to keep towing systems secure. **Pages 206 & 208**

BULK EXTENSION HARNESSES

Our custom wiring extension harnesses are now available in bulk packs of ten. They come in a poly bag, instead of retail packaging, and provide a convenient option for customers who install a large number of these harnesses. **Page 226**

56000010 (10') and 56070010 (7')

2 1/2" RUBBER TUBE COVER

This new receiver tube cover fits any 2 1/2" receiver tube opening, including CURT class 5 Commercial Duty trailer hitches. It features a friction-fit for no pin & clip needed. **Page 199**
