

HITCH LOCKS COUPLER LOCKS TRAILER COUPLER LOCKS LOCK SETS SPECIALIZED LOCKS HITCH PINS & CLIPS

TOWING SECURITY

When your customer slides a ball mount into place, snaps the coupler latch home and hits the road for a new adventure, trailer theft should be the least of their worries. That is why CURT offers a diverse line of locks and towing security products, not just to keep the trailer secure while towing, but also to lock it down when it is parked and left unattended.

For basic security, we carry several styles of hitch locks and coupler locks, such as our right-angle locks for ergonomic access and anti-rattle locks for quieter towing. Our hitch pins, swivel pins and safety pins are also available in a number of styles and finishes to fit virtually any application.

For securing a parked trailer, CURT trailer locks are available to fit most coupler sizes. We also offer a wheel chock lock, 5th wheel kingpin lock, spare tire lock and more.

Make confidence a natural trait in your customers by equipping them with reliable towing security products from CURT. If they can Bring It[®], CURT can lock it down.

Planograms available. See page 362 or contact your sales representative for more information.
