

NEW PRODUCTS

Chevrolet / GMC 5th Wheel Roller Adapter

This adapter uses simple quarter-turn anchors to easily drop into the GM puck system and provide a mounting platform for any CURT 5th wheel roller. **Page 300**

5th Wheel Hitch Lock

Compatible with all industry-standard base rails, this lock secures a 5th wheel into the rails without obstruction and operates with a 1/8-turn. **Page 225**

OEM-Style Gooseneck Hitches

Our new OEM-style goose for Ford Super Duty offers a one-person install and is made in the USA. We've also added a new OEM-style goose for Ram. **Page 280**

Light-Duty TruTrack™ & Brackets

We've added a new TruTrack™ WD with integrated sway control rated for 5,000 lbs., as well as new support brackets for wide-frame trailers. **Page 319**

Custom-Fit Trailer Hitches

Custom hitches are at the heart of our new product efforts. We offer many first-to-market designs, in-house testing and an industry-leading finish. **Page 32**

3" Ball Mounts

Fully tested and rated to 21,000 lbs., we have added three new ball mounts to fit 3" x 3" receiver tubes – 4", 6" and 8" drop options. **Page 203**

3" Receiver Tube Accessories

For 3" x 3" receiver tubes, we've added a 21K-rated 5/8" hitch pin and a reducer sleeve set that accepts 2" or 2 1/2" shanks. **Pages 227 and 213**

Tow Hook Mounts

We have added two new tow hook mounts – one for 2" receivers and one for 2 1/2". Both have powder-coated, solid steel construction. **Page 210**

Ratcheting Tray-Style Bike Racks

These new bike racks feature highly secure, key-operated, ratcheting arms that lock down onto the bike frames for safe travel and theft protection. **Page 350**

Spectrum™ Brake Control

This proportional brake control offers an integrated OE look, featuring a control knob that mounts in the dash and has ten tri-color LEDs. **Page 238**

Assure™ Brake Control

This proportional brake control features a high-quality 128 x 64 dot matrix OLED display screen and a pressure-sensitive manual override button. **Page 239**

Potted Enclosures

We've added a new potted converter for water and vibration resistance, and we've introduced more custom wiring harnesses with potted enclosures. **Page 254**

RV Harnesses

We've added a line of towed-vehicle RV harnesses for dinghy towing. They connect the vehicle's taillights to the RV and offer a vehicle-specific fit. **Page 252**

24-Volt Converter

This new taillight converter is designed for use with 24V systems primarily found in busses, trucks and cab-and-chassis systems. **Page 255**

Heavy-Duty Connectors

We have introduced three new heavy-duty 7-way RV blades, including a USCAR socket. The sockets feature a weather-resistant cover. **Page 265**

Coiled Adapters

These adapters feature a coiled extension harness for a farther reach without dragging on the ground. They are available in 7-to-4-way and 7-to-5-way. **Page 259**

Custom Wiring

We continue to advance our plug-and-play, custom wiring line with new technology, like potted housings and many first-to-market applications. **Page 32**
