2015

Founded in the early 30s, Lusotuyo is the largest business group in the Iberian textile floorcovering market, capable of offering integrated solutions in the area of decoration. The Company's activities predominantly focus on the development of rugs and carpets.

The set of new collections offered by our Company in the areas of wall to wall and rugs enables us to offer qualitative solutions in the area of customer style and taste, along with the ability to combine different materials with a variety of finishes.

lusotufu

Textile Floorcoverings

Dream and make them come true!

Our products can be used for covering the total or partial flooring area allowing the combination of several types of materials and finishings.

Create a unique product!

The broad range of bindings and finishings at your disposal provide the facility to customise your rugs thereby creating unique and exclusive offerings!
