Online Arbitration Reports

The following online reports are “real time”; they are updated online as the NMB updates the underlying Case Tracking System. These reports are available on the Arbitration webpage at: <http://awsreport.nmbarbitration.appspot.com/static/open.html>

NRAB OPEN CASE REPORT

The NRAB Open Case Report shows all of the cases that are currently open for the NRAB. Shown in this report are the Arbitrator (if assigned), the parties, the date the case was opened, the date the case was deadlocked and the date the case was heard.

ARBITRATORS CASELOAD REPORT

This report lists by Arbitrator all of the open cases to which each Arbitrator is assigned. The report shows the parties involved, the date the case was opened and the date the case was heard. Cases that have not been closed within 3 months of the hearing date are deemed late and this is also shown in the report.
