

TAVO – Pen Caddy

A calm little home for the pens and tools that usually wander across your desk.

Tavo keeps your everyday essentials - pens, markers, sticky notes, and small tools - all in one easy-to-reach place, without taking over your workspace. The soft ribbed texture and warm neutral tones give it a clean, cozy feel that fits right into a minimal setup.

The **built-in handle** makes it easy to move from desk to table to studio corner.
