STEMRA Planter with Matching Plant Stakes

STEMRA is a simple planter with a clean, ribbed shape and a matching drip tray.

It comes with **matching plant stakes**, designed to support taller or leaning plants as they grow. The stakes are printed in **two pieces that hook together** and are pushed directly into the soil.

The stakes are available in **stackable and non-stackable versions**, depending on how you want to use them.

STEMRA is available in three sizes. Each size has its own tray and matching stake size, so everything stays balanced.

Sizes

S
Planter: Ø111 × 110 mm
Tray: Ø131 × 20 mm
Stakes: 83.5 mm tall, Ø160 mm

M
Planter: Ø131 × 130 mm
Tray: Ø151 × 23.5 mm
