FLYLIA - Minimalist Travel Dose / Holder Set

A set of clean, modular holders designed to keep your travel essentials organized — whether it’s your toothbrush, vitamins, or a few small rings you don’t want to lose.
Each piece has a soft ribbed texture for a comfortable grip and a calm, functional look that fits right into any minimalist setup.

The lids and bases are interchangeable, so you can mix sizes and colors however you like. The ventilated version has three small grooves on top — perfect for items that need to dry — while the closed lid keeps things sealed and dry for everything else.
