ELEGANCE POD Set – Jewelry Storage

The **Elegance Pod Set** is a remake of one of SIMIU's very first designs, keeping the same signature look, but improving the experience.

The original version came in just one size. This updated set brings **multiple sizes**, **easier printing**, and a **matching tray**, turning it into a complete jewelry organization system.

Each container has a **bayonet twist lid** that opens smoothly and quickly. The lid also works as a small tray on top - perfect for the pieces you wear every day.

Material in the photos: Bambulab Matte PLA Marble, Dark Brown and Latte Brown
