DRAWIA Makeup Organizer

This 3D printable makeup organizer is designed for everyday routines that deserve a little order. With a compact footprint and soft ribbed texture, it neatly stores makeup, brushes, skincare, and small accessories without overwhelming your space. The tall compartment is perfect for storing makeup brushes, mascaras, eyeliners, and taller skincare tubes, keeping them upright, visible, and easy to grab.

The organizer features an integrated drawer for smaller items and an open top section for bottles, tubes, and tools you reach for daily. Its click-fit construction creates a solid, sturdy feel once assembled, making it ideal for bathroom vanities, dressers, or desks.

Overall dimensions:
214 × 154 × 100 mm

Print Instructions

Recommended print settings:

- Layer height: **0.24 mm**
- Infill: **8–15%**
- Infill pattern: **Gyroid**
- Supports: **Not required**

Print all parts separately.

Assembly Instructions

1. **Insert the drawer first** into the bottom section.
2. Align the **top and bottom parts** and push them together **evenly** until they click into place.
   - This step requires a bit of force — the parts are designed to fit tightly.
3. Once assembled, the organizer is intended to **stay permanently together** and is **not designed to be taken apart**.
4. If desired, you can add a small amount of **glue** during assembly for extra security.

💡 *Tip:* Make sure both parts are fully aligned before pressing them together to avoid uneven stress on the clips.
