Puffra – Foam Bubbly Vase

Puffra is a sculptural vase with a unique, organic texture that resembles soft bubbles or frozen foam. Its surface was created using an algorithm that generates random bubble-like forms. The result is a piece that feels both natural and contemporary, while keeping a clean cylindrical silhouette.

Designed for dried flowers, grasses, or simply as a decorative accent, Puffra adds both a tactile and visual statement to any space.

⚙️ Print Instructions

Fuzzy Skin was applied to achieve the structured surface look.

- **Layer height: 0.20 – 0.24 mm**
- **Infill: 8 – 12% (Gyroid)**
- **Fuzzy Skin: Contour**
- **Fuzzy Skin point distance: 0.4 mm**
- **Fuzzy Skin thickness: 0.4 mm**
- **Ensure vertical wall thickness: Disabled (saves material + time)**
