WAVIES – Photo Holders

WAVIES are small, wavy photo holders that bring a soft, modern feel to your desk, shelf, or bedside table. Each holder is **4 cm tall** and fits standard **10×15 cm photos**, postcards, and **Polaroids**.
The slot is **0.8 mm wide**, which holds a single photo securely without bending it.

Their ribbed shape gives them a nice texture, and the weighted infill helps keep them steady. They work beautifully on their own, but even better as a little mixed set in different shapes and colors.
