🌀 ZIGGLES – Stackable Tray with Infill Mat

Part of the growing ZIGGLES series — this piece features the signature wavy pattern in a 133 mm diameter circular tray, 35 mm high, designed to be stackable. It comes with a separate insert mat that uses infill as a visual texture.

This creates a flexible, airy texture — great as a soft insert or even on its own.

If you're using Bambu Studio or a compatible slicer, the .3MF file is included — just load it and go. Otherwise, plug in the settings manually.
