DENTIFIA – Family Toothbrush & Oral Care Organizer

Modular bathroom organizer for toothbrushes, toothpaste, interdental brushes, and floss picks. Includes a large toothbrush holder and a small organizer for detailed oral care tools.

Material in the photos: Panchroma Matte PLA Muted Green + Army Beige

Sizes & Use

LARGE

218 × 84 × 95.5 mm

Designed for:

- Toothbrushes (adult & kids)
- Toothpaste tubes

Ideal for family or shared bathrooms where several brushes need their own space.

SMALL

134 × 54 × 49.5 mm

Designed for:

- Interdental brushes
- Floss picks
- Small oral-care tools

A compact companion to the large version, or a standalone organizer for detailed dental care.

3D Print Settings (Recommended)

- **Layer height:** 0.2–0.24 mm
- **Infill:** 8–12%
- **Infill pattern:** Gyroid
- **Supports:** Not needed

PLA or PETG works well. Use PETG for better washability.
