Scarecrow making (workshop) the area was surrounded by fields so I decided to make scarecrow with the children from Bhil and Meena tribes. We made use of waste from in and around, from the tailor shop and found objects. We then took out a yatra in the village and then installed these in different fields. 2021

Thank you for mornings like these

10:43 AM

Images from sessions of Art, Creativity and consciousness which is module designed to increase awareness through the senses. Touch, smell, sight, sound and taste.

Review on watsapp, hibiscus tea, musical class using objects at home, clay therapy.

2020

Images from sessions of Art, Creativity and consciousness. Therapy is also an important part of the module. In the image one can see a session being conducted on the river bank, with all the natural elements around. Images at the bottom are monstrous images on hand glove for the release of aggressive energy in adolescents. 2020
