

## Bolt set RS 5 HDG

Bolts sets RS 5 are used for connecting CT-type cable trays, SC and SCS joints, L-corners, T- and X-pieces. Set includes one bolt and one nut (M6x12 and M6). At the top of bolts is a square collar that holds the bolt in place at the joint when tighten nuts. Correctly installed bolt sets ensure sufficient electrical conductivity which eliminates the need to install a separate grounding wire between connected parts.

Product name	RS 5 HDG		
SKU	1470353		
Material	Steel		
Corrosivity category	C1-C4		
Color	Grey		
Sales unit	PCE		
Packing size	10 PCE		
Dimensions (mm) Width   Height   Length	16	16	20
Weight (kg/pce)	0,01		
GTIN	6438377035167		
Surface finish	HDG or corresponding corrosion protection
