

Installation of the AccuFIT9000 Software and USB Driver

Installation

When you install the Software on your PC, you must log on with administrator privileges. The Software can be found in the **Software** Folder on the Thumb Drive. You need to determine whether your Windows™ operating system is 32-bit or 64-bit by going to Control Panel>System. The version will be shown here.

Insert the included Thumb Drive into a USB port, and perform the following actions:

1. According to your Windows version, open either:
'**AccuFIT9000 PC Software (ver1_2_0) 32bit.zip**' or
'**AccuFIT9000 PC Software (ver1_2_0) 64bit.zip**' folder.
2. Click the **Setup.exe** file and follow the directions on your screen to install the software.
3. Click on '**AccuFIT9000 PC Software CP210x Driver (3) zip**.'
4. Select '**CP210xVCPInstaller_x64.exe**' for 64-bit system, or '**CP210xVCPInstaller_x86.exe**' for 32-bit system and double-click to install the USB driver. Accept the license agreement. Windows™ will check internet for updates and then a message should display indicating that the driver has been successfully installed.

Once installed, the AccuFIT9000 program is added to the **START** menu. (All Programs).

Note: There are two items under the **AccuFIT9000**. The first is the actual **AccuFIT9000 Software**. You may wish to drag a copy to your desktop which will create an icon and shortcut.

Uninstallation

Go to the Control Panel, and click **Uninstall a program** button.

Select **AccuFIT9000** from your installed programs list, and then click **Uninstall** button. Follow the instructions on your screen.

Starting and Exiting the Software

To start the Software, select **AccuFIT9000** on the **START** menu, and then click **AccuFIT9000 Software** button. If you have created a shortcut you can simply click the icon.

To exit the Software, click the “**X**” button on the title bar of the Main screen.

Manuals and Instruction Sheets

The AccuFIT9000 Device Manual, AccuFIT9000 Software Manual, Import Utility Instruction Sheet, AccuPunch Instruction Sheet, and Software Installation Sheet (this page) are found in the **Manuals** Folder on the included Thumb Drive.
