Livable Communities Committee

The Town Council has elected to participate in the AARP Livable Communities program. The goal of this initiative is to provide feedback to the Council regarding ways to make our community more accessible for aging adults. Additionally, team members are expected to be advocates for positive change with respect to improving livability for all citizens. There are several goals that this team will focus on:

- 1) Maintaining the AARP Livable Community Designation.
- 2) Helping citizens feel safe in the community.
- 3) Participating in community activities.
- 4) Having access to safe, appropriate and affordable housing and transportation.
- 5) Having access to recreational opportunities and health services.
- 6) Knowing what services and activities are available and have access to information.
- 7) Being active, vital contributors to the economic, civic and social life of the community.
- 8) Pursuing grant opportunities that promote quality of life for aging adults.

The Committee shall be made up of seven (7) members and up to two (2) alternates.

Members of the Team will be expected to:

- A) Share a passion and vision for the livability project.
- B) Motivate one another.
- C) Bring different skills, experiences, contacts and interests to the work.
- D) Have expert knowledge or willingness to learn.
- E) Are willing and able to put in the time to see the project through.

Similar to other Council-appointed committees, the Livable Communities Committee will meet on an as-needed. As an informal committee, there will not be a Chairperson and formal minutes will not be kept. In order to be respectful of our volunteer's time, Town staff will work with the members of the team appointed by Council to determine best times for meeting to minimize any disruption to your normal schedules.
