JAMESTOWN
NORTH CAROLINA

October 31, 2011

Honorable Mayor and
Members of the Town Council
Town of Jamestown, North Carolina

The general statutes of North Carolina require that every local government publish within four months after the close of the fiscal year a complete set of audited financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of the Town of Jamestown for the fiscal year ended June 30, 2011.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

The financial statements of the Town of Jamestown were audited by Dixon Hughes Goodman LLP, a firm of licensed certified public accountants. Dixon Hughes Goodman LLP has issued an unqualified opinion on the Town of Jamestown's financial statements for the year ended June 30, 2011. The independent auditor's report is presented as the first component of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. This letter of transmittal is designed to complement MD&A and should be read in conjunction with it.

Profile of the Government

The Town of Jamestown, incorporated in 1947, is located in the Piedmont section of North Carolina. It currently occupies 2.8 square miles and serves a population of 3,396. The Town extended the planning jurisdiction in 2008 and now, including this Extra Territorial Jurisdiction, encompasses a planning area of 6 square miles. The Town of Jamestown is empowered to levy a property tax on both real and personal properties located within its corporate boundaries. It is also empowered by state statute to extend its corporate limits by annexation.

The Town of Jamestown operates under the council-manager form of government. Policy-making and legislative authority are vested in a governing council (Council) consisting of the mayor and four other members, elected on a non-partisan basis. The Council appoints the government's manager, who in turn appoints the heads of the various departments. Council members serve two-year terms.

The Town of Jamestown provides a full range of services that includes public safety, sanitation, street maintenance, planning, recreation (including a golf course), general administration, and others. In addition to these general government activities, the Town provides and maintains water and sewer utilities for the benefit of its citizens. The Town also extends financial support to a variety of agencies and associations to assist their efforts in serving citizens.

The Council is required to adopt a final budget by no later than the close of the fiscal year. This annual budget serves as the foundation for the Town of Jamestown's financial planning and control. For the Town of Jamestown, annual budgets are adopted for the General Fund, General Capital Reserve Fund, and Water and Sewer Fund. Appropriations for annually budgeted funds are made at the departmental level. A department (such as sanitation) is a component of a function (such as public services). The Town Manager is authorized by the budget ordinance to transfer appropriations between departments of a fund up to an amount not exceeding \$25,000; however any revisions that alter the total expenditures of a fund must be approved by the Council.

Local Economy

The 2010 Decennial Census data has not been compiled for towns of Jamestown's size at the time of the publication of this document. However, information from the 2000 Census and the 2002 Economic Census provides us with a "snapshot" of the local economy in Jamestown.

Almost 73% of the adult residents of the Town of Jamestown are in the labor force. Unemployment in the Town of Jamestown in 2000 was 2.5%. However, using more recent figures for Guilford County, we see a different picture. In July 2011, unemployment in Guilford County was 10.9%. Unemployment rates for the Greensboro Metropolitan Statistical Area (including Greensboro, High Point, and surrounding areas

as a whole) were listed at 10.8%, reflecting the MSA's influence on the overall County unemployment rate numbers.

Most Jamestown residents do not work in Jamestown. According to the 2000 Census data, only 18% of residents worked in town with the balance of the workforce commuting to other areas in and around Guilford County. The Jamestown commuters are, for the most part, evenly divided between those who work in Greensboro and those who work in High Point, with Greensboro having a slight edge due to more available jobs. Almost 50% of Jamestown residents work in management or other professional occupations. According to the 2002 Economic Census, there are a total of 145 establishments with a total of 1,201 paid employees in Jamestown. The manufacturing sector accounts for 71% of the employment of these firms, and the wholesale trade sector accounts for 22%; these are the largest two employment sectors.

Long-term Financial Planning

The fund balance of the General Fund available for appropriation at fiscal year-end stood at 21.78% of the total expenditures incurred in the General Fund. This percentage, which exceeds the minimum of 8% set as a policy guideline by the Local Government Commission, has declined from 41.07% for the previous fiscal year and is less than the average percentage of 68.7% for other cities and towns within our population group. The Town does not have a formal fund balance policy in place at present, but plans are for the Town Council to address this policy issue in the future.

Town Council has approved a formal Capital Improvement Plan for projects and equipment requested to implement long-range plans and growth objectives. While this Capital Improvement Plan includes plans for some funding of long-range projects, many of the projects are as yet unfunded. As a part of the budget process, the Town is now providing some funding to a General Capital Reserve Fund and also a Water and Sewer Capital Reserve Fund to begin to address funding for future capital needs.

Relevant financial policies

The Town's cash management policy has been to invest idle funds in certificates of deposit with local banks and in the North Carolina Capital Management Trust. Thus there is no risk of a negative change in the fair value of the Town's investments. Although interest rates declined significantly in the current year from previous years' rates, investment income remains an integral part of the Town's revenues. The Town does not foresee any change in this cash management policy for the coming fiscal year.

Major initiatives

In June of 2011, Town Council adopted the Town's first Capital Improvement Program (CIP). It encourages the Town and the community to identify not only what expenditures

they wish and/or expect to make, but also to identify potential funding sources in order to more properly plan for the acquisition or construction of assets. Upon adoption of the Program, the first year of proposed CIP becomes the list of capital items that are included in the proposed budget for the coming fiscal year. The program is then updated and revised on an annual basis to ensure previous projections are still on course. In so doing, the Town is always working on a prospective five-year schedule. The Town Council and citizens will benefit from this flexible financial planning tool while furthering Jamestown's financial security. The Town Council also established a General Capital Reserve Fund to begin saving for projects such as those listed in the CIP.

The Town applied for and received a Parks and Recreation Trust Fund (PARTF) grant to assist with the purchase of two lots located near Town Hall in the central business district. The 2007 Parks & Recreation Master Plan included a survey, which was sent to everyone in Jamestown who has a water billing account, asking for their input regarding parks and recreation facilities, needs, and desires. One of the "Top 5" priorities of the citizens of Jamestown was the addition of park lands and, in particular, smaller community park spaces. The Town completed the purchase in October 2009, and began the planning phase to develop the land into a center city park to be called Wrenn-Miller Park. Town Council has allocated funding in the General Capital Reserve Fund to begin work on the first phase of this project. Phase 1A is estimated to cost approximately \$100,000 which could include facilities such as, open green space, picnic tables, walking trail, and game area. Town staff hopes to apply for a second PARTF grant to aid in construction beyond phase 1A.

The Town Council approved a contract with Richard Mandell Golf Architecture in June 2009 to assist staff and community in developing a Golf Course Renovation Business Plan. This plan is a guide for needed renovation of course infrastructure at the Jamestown Park Golf Course. The first component approved by Town Council was the replacement of the park irrigation system, which began in December of 2010 and is now completed.

The Town contracted with an engineering consultant and requested the help of the North Carolina Rural Water Authority to assist town staff to conduct a sewer system evaluation study and develop a 20-year capital improvement plan for future rehabilitation of the sewer system. This study involved consultant and staff time to perform various field operations including manhole inspections, pipe smoke testing, die testing, pipe cleaning, and close circuit television inspections. This first phase of this project concluded in June 2010. Town staff is continuing to the second and final phase of this project through service contracts to perform close circuit televising of sewer pipe.

The town is a partner in the Randleman Reservoir project with the Piedmont Triad Regional Water Authority (PTRWA). This twenty-year project is now complete as the water treatment plant and transmission lines have been constructed. The Town's partnership with PTRWA secures the Town's rights to water in the reservoir and agreements with the cities of High Point and Greensboro ensure the transmission of the water to Jamestown. The water treatment plant began pumping water to the county and municipal partnership in October of 2010.

The Town of Jamestown does not own its wastewater treatment facility. In order to secure treatment capacity, the town has a joint –use facility agreement with the City of High Point to maintain and operate the Eastside Wastewater Treatment Plant. Jamestown owns a capacity allocation in this plant and shares responsibility for future maintenance of this facility.

The North Carolina Department of Transportation (NCDOT) and the Town of Jamestown partnered to improve four crosswalks along Main St. and Guilford Rd. to make walking through Jamestown safer and more relaxing. Improvements included installing and upgrading pedestrian signals, wheelchair ramps and crosswalks.

Town staff finalized plans and contract documents to begin the elimination of the Scientific Pump Station and connect to a gravity system. This project was completed in March of 2011.

The Town contracted to have a waterline replaced in Guilford Road in June 2010. The effort was coordinated with the North Carolina Department of Transportation to allow for a resurfacing of Guilford Road immediately following the installation of the waterline.

Town staff contracted for services to upgrade an existing pump station on Mendenhall Rd. with new pumps, motors, and controls. Town staff provided the design, labor, and supervision of various subcontractors to manage the project in-house. The last upgrade of this facility was over 28 years ago.

As part of the Town’s Capital Improvement Program (CIP), the Town will be upgrading water meters throughout Town with Automatic Meter Reading (AMR) equipment. The AMR technology will allow for quicker, safer, and more frequent meter reading from a service truck driving in the vicinity of the meters. Town staff anticipates approval of contract documents by Town Council in November of 2011 with full implementation of equipment and software to be completed by late winter of 2012.

Staff is currently working with NC DOT representatives with a proposed resurfacing project for West and East Main St., a state maintained roadway, to occur in the fall of 2012. In conjunction with the resurfacing, the Town has requested traffic calming devices be incorporated along the downtown section of roadway to aid in slowing traffic and better protect pedestrians. Traffic calming devices may include center refuge islands for pedestrians, restriping of lanes, configuring curb extensions at crosswalks, and medians.

Town staff will request contract approval from Town Council to replace the existing water line in Robbins Ave. in the spring of 2012. The project will include upsizing the water main and replacing services and meters.

Town staff will request contract approval from Town Council to resurface streets with Powell Bill Funding prior to June 2012. Existing Town maintained streets are being evaluated and the funding will be applied to repair streets in the greatest need of repair and with the greatest usage.

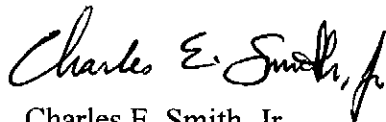

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Town of Jamestown for its comprehensive annual financial report for the fiscal year ended June 30, 2010. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

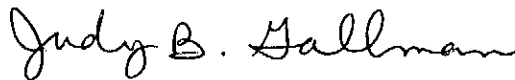

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

We wish to express our appreciation to all members of the finance and administration department who contributed to the preparation of this report. Credit also must be given to the mayor and the governing council for their unfailing support for maintaining the highest standards of professionalism in the management of the Town of Jamestown's finances.

Respectfully submitted,

Charles E. Smith, Jr.
Town Manager

INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and
Members of the Town Council
Town of Jamestown
Jamestown, North Carolina

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Jamestown, North Carolina, as of and for the year ended June 30, 2011, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Jamestown's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Jamestown as of June 30, 2011, and the respective changes in financial position and cash flows, where appropriate, thereof and the respective budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Management's Discussion and Analysis and the Other Postemployment Benefits' Schedule of Funding Progress and Schedule of Employer Contributions, are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit this information and express no opinion on it.

Our audit was performed for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statements of the Town of Jamestown, North Carolina. The combining and individual fund statements, budgetary schedules, and other schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund statements, budgetary schedules, and other schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole. The introductory information and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Dixon Hughes Goodman LLP

October 31, 2011

Management's Discussion and Analysis

As management of the Town of Jamestown, we offer readers of the Town of Jamestown's financial statements this narrative overview and analysis of the financial activities of the Town of Jamestown for the fiscal year ended June 30, 2011. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the Town's financial statements, which follow this narrative.

Financial Highlights

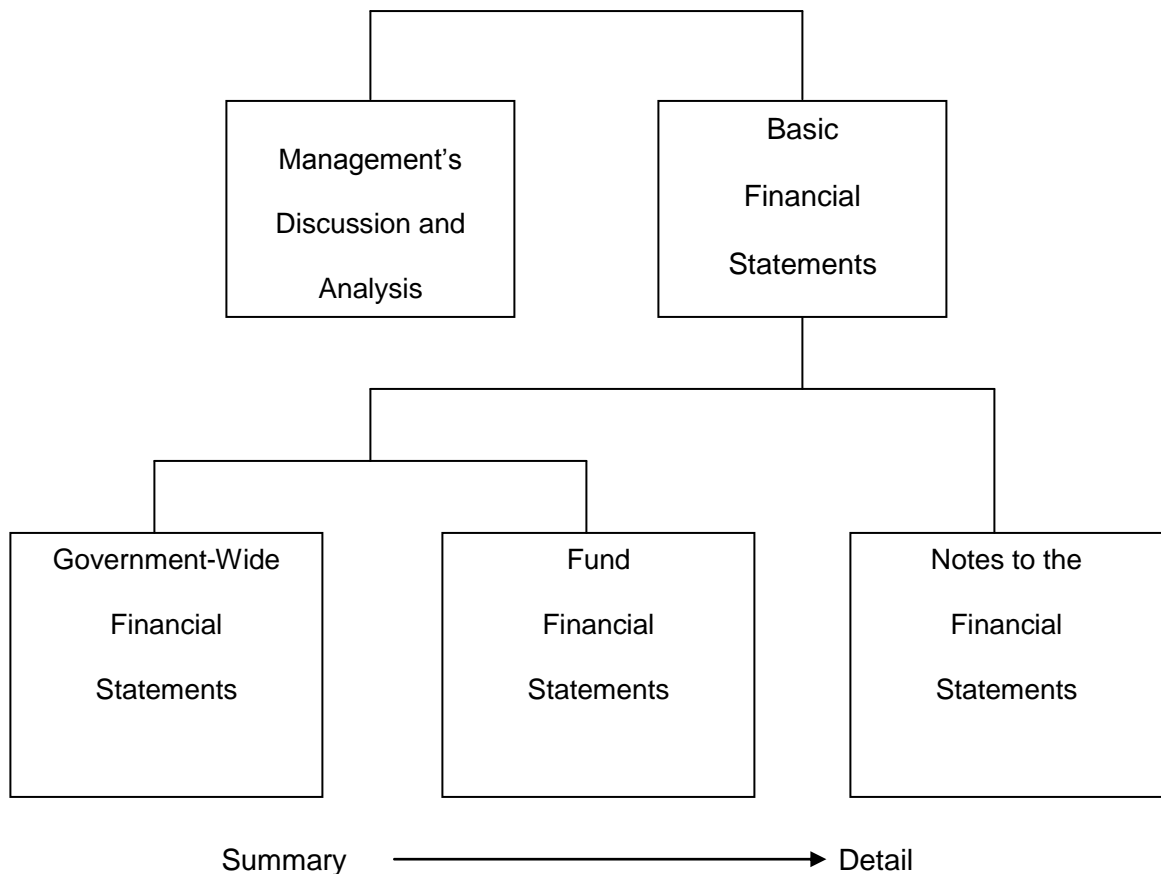

- The assets of the Town of Jamestown *exceeded* its liabilities at the close of the fiscal year by \$25,074,208 (*net assets*).
- The government's total net assets *increased* by \$804,681, due to *increases* in both the *governmental and business-type* activities net assets.
- As of the close of the current fiscal year, the Town of Jamestown's governmental fund reported an ending fund balance of \$1,200,173, a *decrease* of \$682,478 in fund balance. Approximately 49.50% of this total amount, or \$594,134, is nonspendable or restricted.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$543,494, or 12.71% of total general fund expenditures for the fiscal year.
- The Town of Jamestown's total installment purchase debt *decreased* by \$86,584 (39.88%) during the current fiscal year. The factor in this change is the payment of scheduled amounts on existing installment purchases.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to Town of Jamestown's basic financial statements. The Town's basic financial statements consist of three components; 1) government-wide financial statements, 2) fund financial statements: and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the town through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of the Town of Jamestown.

Management's Discussion and Analysis

Required Components of Annual Financial Report
Figure 1

Basic Financial Statements

The first two statements (Exhibits 1 and 2) in the basic financial statements are the **Government-Wide Financial Statements**. They provide both short and long-term information about the Town of Jamestown's financial status.

The next statements (Exhibits 3 through 8) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the Town government. These statements provide more detail than the government-wide statements. There are three parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; and 3) the proprietary fund statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **supplemental information** is provided to show details about the Town's individual funds. Budgetary information required by the General Statutes also can be found in this part of the statements.

Management's Discussion and Analysis

Government-Wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the Town's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short- and long-term information about the Town's financial status as a whole.

The two government-wide statements report the Town's net assets and how they have changed. Net assets are the difference between the Town's total assets and total liabilities. Measuring net assets is one way to gauge the Town's financial condition.

The government-wide statements are divided into two categories: 1) governmental activities; and 2) business-type activities. The governmental activities include most of the Town's basic services such as public safety, recreation, public services, and general administration. Property taxes, state shared revenues and golf course fees finance most of these activities. The business-type activities are those that the Town charges customers to provide the services. These include the water and sewer services offered by the Town of Jamestown.

The government-wide financial statements are on Exhibits 1 and 2 of this report.

Fund Financial Statements

The fund financial statements provide a more detailed look at the Town's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Jamestown, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the Town budget ordinance. All of the funds of the Town of Jamestown can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds - Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the Town's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting* that provides a short-term spending focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the Town's programs. The relationship between government activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

Management's Discussion and Analysis

The Town of Jamestown adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the Town, the management of the Town, and the decisions of the Council about which services to provide and how to pay for them. It also authorizes the Town to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the Town complied with the budget ordinance and whether or not the Town succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the Council; 2) the final budget as amended by the Council; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges. To account for the difference between the budgetary basis of accounting and the modified accrual basis, a reconciliation showing the differences in the reported activities is shown at the end of the budgetary statement.

Proprietary Funds - *Enterprise Funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The Town of Jamestown uses an enterprise fund to account for its water and sewer activity. This fund is the same as the function shown in the business-type activities in the Statement of Net Assets and the Statement of Activities.

Notes to the Financial Statements - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements begin on page 25 of this report.

Other Information – In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning the Town of Jamestown's progress in funding postemployment benefits. Required supplementary information can be found beginning on page 52 of this report.

Management's Discussion and Analysis

Government-Wide Financial Analysis Town of Jamestown's Net Assets Figure 2

	Governmental Activities		Business-Type Activities		Total	
	2011	2010	2011	2010	2011	2010
Current and other assets	\$ 1,467,596	\$ 2,133,248	\$ 5,620,419	\$ 4,832,742	\$ 7,088,015	\$ 6,965,990
Capital assets	6,638,928	5,991,633	14,030,649	14,396,212	20,669,577	20,387,845
Total assets	8,106,524	8,124,881	19,651,068	19,228,954	27,757,592	27,353,835
Long-term liabilities outstanding	125,581	176,985	1,947,970	2,118,886	2,073,551	2,295,871
Other liabilities	357,022	361,337	252,811	427,100	609,833	788,437
Total liabilities	482,603	538,322	2,200,781	2,545,986	2,683,384	3,084,308
Net assets:						
Invested in capital assets, net of related debt	6,508,428	5,774,549	12,013,654	12,297,330	18,522,082	18,071,879
Restricted	532,050	234,107	-	-	532,050	234,107
Unrestricted	583,443	1,577,903	5,436,633	4,385,638	6,020,076	5,963,541
Total net assets	\$ 7,623,921	\$ 7,586,559	\$ 17,450,287	\$ 16,682,968	\$ 25,074,208	\$ 24,269,527

As noted earlier, net assets may serve over time as one useful indicator of a government's financial condition. The assets of the Town of Jamestown exceeded liabilities by \$25,074,208 as of June 30, 2011. The Town's net assets *increased* by \$804,681 for the fiscal year ended June 30, 2011. However, a portion (73.87%) reflects the Town's investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt still outstanding that was issued to acquire those items. The Town of Jamestown uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town of Jamestown's investment in its capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. An additional portion of the Town of Jamestown's net assets, \$532,050, represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$6,020,076 is unrestricted.

Management's Discussion and Analysis

Several particular aspects of the Town's financial operations influenced the total unrestricted governmental net assets:

- Continued strong collection of property taxes with a tax collection percentage of 98.05%, which exceeds the statewide average of 96.67%.
- A decrease in investment income.
- A decrease in unrestricted and restricted intergovernmental revenues.
- A decrease in planning and development fees and golf operations revenues.

Town of Jamestown Changes in Net Assets

Management's Discussion and Analysis

Governmental Activities. Governmental activities increased the Town's net assets by \$37,362 hereby accounting for 4.50% of the total growth in the net assets of the Town of Jamestown. The key to this very slight growth is that, while revenues decreased significantly, expenditures also decreased by approximately the same level.

Business-Type Activities: Business-type activities increased the Town of Jamestown's net assets by \$767,319, thereby accounting for 95.50% of the total growth in the net assets of the Town of Jamestown. Key elements of this increase (net) are as follows:

- The Town began receiving its allocation of water from the Piedmont Triad Regional Water Authority, which is purchased at a lower cost than previous water purchases from other sources.
- The Town did not receive any contributions or grants during this fiscal year.

Financial Analysis of the Town Funds

As noted earlier, the Town of Jamestown uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the Town of Jamestown's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the Town of Jamestown's financing requirements. Specifically, fund balance available for appropriation can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

The General Fund is the chief operating fund of the Town of Jamestown. At the end of the current fiscal year, Town of Jamestown's fund balance available in the General Fund was \$931,231, while total fund balance declined to \$1,200,173. The Town currently has an available fund balance of 21.78% of total General Fund expenditures, while total fund balance represents 28.07% of total General Fund expenditures. The Town currently has no formal policy on maintaining a minimum available fund balance percentage of general fund expenditures.

At June 30, 2011, the governmental funds of the Town of Jamestown reported a combined fund balance of \$1,200,173, with a net decrease in fund balance of \$682,478. Included in this change in fund balance are a decrease in the General Fund and an increase in the General Capital Reserve Fund.

General Fund Budgetary Highlights: During the fiscal year, the Town revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as federal and state grants; and 3) increases in appropriations that become necessary to maintain services.

Management's Discussion and Analysis

Revenues were less than the budgeted amounts for several reasons. Investment income was much less than anticipated. Golf operation revenues were less than budgeted, due to loss of play due to bad weather and replacement of the irrigation system. Expenditures were held in check to comply with its budgetary requirements.

Proprietary Funds. The Town's proprietary funds provide the same type of information found in the government-wide statements, but in more detail. Unrestricted net assets of the Water and Sewer Fund at the end of the fiscal year amounted to \$5,436,633. The Water and Sewer Fund had growth of \$767,319 in net assets. Other factors concerning the finances of this fund have already been addressed in the discussion of the Town of Jamestown's business-type activities.

Capital Asset and Debt Administration

Capital Assets. The Town of Jamestown's investment in capital assets for its governmental and business-type activities as of June 30, 2011, totals \$20,669,577 (net of accumulated depreciation). These assets include buildings, roads, sidewalks, land and improvements, water and sewer lines, machinery and equipment, park facilities, vehicles, and intangible assets, such as water and wastewater treatment rights.

Major capital asset transactions during the year include the following additions:

- Purchase of snow plow in the amount of \$5,072, rollers in the amount of \$23,219, water and sewer service truck for \$33,073 and enclosed trailer and equipment for \$12,495.
- Irrigation system replacement at Jamestown Park in the amount of \$814,905 (in CIP at year-end).
- Sewer improvements in the amount of \$90,380 and design work on new water lines in the amount of \$3,298.
- Various land improvements in the amount of \$43,489, which includes design work on Wrenn-Miller Park, crosswalks and sidewalks, and the installation of light poles and walkway.

Management's Discussion and Analysis

Town of Jamestown's Capital Assets Figure 2

Additional information on the Town's capital assets can be found in Note 2 of the Basic Financial Statements.

Management's Discussion and Analysis

Town of Jamestown's Outstanding Debt

Figure 3

	Governmental Activities		Business-Type Activities		Total	
	2011	2010	2011	2010	2011	2010
Installment purchases	\$ 130,500	\$ 217,084	\$ -	\$ -	\$ 130,500	\$ 217,084
Total	\$ 130,500	\$ 217,084	\$ -	\$ -	\$ 130,500	\$ 217,084

The Town of Jamestown's total debt decreased by \$86,584 (39.88 %) during the past fiscal year, due to the payment of scheduled amounts to existing installment purchases.

Long-Term Debt. As of June 30, 2011, the Town of Jamestown had no bonded debt.

North Carolina general statutes limit the amount of general obligation debt that a unit of government can issue to 8% of the total assessed value of taxable property located within that government's boundaries. The legal debt margin for the Town of Jamestown is \$32,281,067. The Town has no bonds authorized but un-issued at June 30, 2011. Additional information regarding the Town of Jamestown's commitments and long-term obligations can be found in Note 2 beginning on page 46 of this report.

Economic Factors and Next Year's Budgets and Rates

The following key economic indicators reflect the growth and prosperity of the Town and surrounding area:

- According to the Office of State Budget and Management, Jamestown's total population was 3,396.
- The per capita income for the Greensboro-High Point Metropolitan Statistical Area is \$35,610, and the unemployment rate is 10.9%.
- The Town continues to improve the downtown area, and the Town is a "walkable" community with approximately six miles of sidewalks connecting neighborhoods to Main Street. The planning stages began in 2009/2010 on a center-Town park.
- Jamestown continues to financially support the local non-profit associations, such as the YMCA, library and the Jamestown Swing event.

Management's Discussion and Analysis

Budget Highlights for the Fiscal Year Ending June 30, 2012

Governmental Activities: The property tax rate remains at \$.39 per \$100 valuation and will bring in a projected \$1,550,000 in revenues. The Town will continue to fund the General Capital Reserve Fund for future capital needs with \$.02 of the tax rate and a lump sum of \$36,000. Jamestown's share of sales tax revenue is projected to be \$345,000. County reimbursement for Gibson Park operating expenses of \$184,380 is budgeted to cover the expenses and provide a 10% indirect cost reimbursement. The budget keeps the solid waste fee at \$7 per month per household that will bring in an estimated \$110,000 in revenues. All fees will remain at the same level.

Budgeted expenditures in the General Fund are expected to decrease approximately 20% to 3,677,101. The decrease can be attributed to the following: a new irrigation system was installed at the golf course in the 2010/11 year, and the budget for the operation of Gibson Park was cut by approximately \$48,000 due to cuts in the Town's reimbursement from Guilford County for operating the park. The Town will continue to fund several grants to local non-profit organizations, and this will account for 4.15% of the General Fund expenditures in the coming year. The Town budget includes funds to continue the operation agreement for fire protection services with Pinecroft Sedgefield Fire Department and a contract for law enforcement, animal control services, and tax billing and collection services with Guilford County.

Business - Type Activities: No increase has been budgeted in water and sewer rates. New construction tap fees are estimated to generate \$20,000 in revenues. The two largest contracted service expenditure amounts are for payments to the City of High Point for the cost of treating sewage, and payments to the Piedmont Triad Regional Water Authority and the City of High Point for the purchase of water. Capital projects planned include various water and sewer projects. A Water and Sewer Capital Reserve Fund was established to save for future water and sewer capital needs. This will be funded by a transfer from the Water and Sewer Fund equal each year to the amount of depreciation expense from the previous year.

Requests for Information

This report is designed to provide an overview of the Town finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to the Finance Officer, Judy Gallman, P. O. Box 848, Jamestown, NC 27282, 336-454-1138, website, www.jamestown-nc.gov.

CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS
Year Ended June 30, 2011**

Exhibit 4
Continued

Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities:

Total net change in fund balances - governmental funds	\$ (682,478)
---	---------------------

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays (\$896,265) exceeded depreciation (\$248,970) in the current period.	647,295
---	---------

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	.
Change in deferred revenue for tax revenues	14,975
Change in accrued investment interest	(3,372)

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net assets.	.
Repayment of principal of long-term debt	86,584

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	.
Change in accrued interest expense	572
Change in accrued interest payable to other fund	(12,195)
Change in other postemployment benefits	(7,947)
Compensated absences	(6,072)

Changes in net assets of governmental activities	\$ <u>37,362</u>

TOWN OF JAMESTOWN, NORTH CAROLINA
NOTES TO COMBINED FINANCIAL STATEMENTS
June 30, 2011

Note 1. Summary of Significant Accounting Policies

The accounting policies of the Town of Jamestown (the "Town") conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

A. Reporting Entity

The Town of Jamestown is a municipal corporation that is governed by an elected mayor and a four-member council.

B. Basis of Presentation

Government-Wide Statements: The statement of net assets and the statement of activities display information about the primary government. These statements include the financial activities of the overall government. Eliminations, if applicable, are made to minimize the double counting of internal activities. The Town was not required to make any eliminations in the current year. These statements distinguish between the *governmental* and *business-type activities* of the Town. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the Town and for each function of the Town's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the Town's funds. Separate statements for each fund category - governmental and proprietary - are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are to be aggregated and reported as nonmajor funds. The Town currently has no non-major funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies, result from non-exchange transactions. Other non-operating revenues are ancillary activities such as investment earnings.

TOWN OF JAMESTOWN, NORTH CAROLINA
NOTES TO COMBINED FINANCIAL STATEMENTS
June 30, 2011

Note 1. Summary of Significant Accounting Policies (Continued)

B. Basis of Presentation (Continued)

The Town reports the following major governmental fund:

General Fund - The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund. The primary revenue sources are ad valorem taxes, state and federal grants, various other taxes and licenses and golf course fees. The primary expenditures are for public safety, street maintenance and construction, sanitation services, recreation (including golf course) and general government administration. Additionally, the Town has legally adopted a General Capital Reserve Fund. Under GASB 54 guidance the General Capital Reserve Fund is consolidated in the General Fund. The budgetary comparison for the General Capital Reserve Fund has been included in the supplemental information.

The Town reports the following major enterprise fund:

Water and Sewer Fund - This fund is used to account for the Town's water and sewer operations. The Randleman Reservoir Capital Reserve Fund is consolidated in the Water and Sewer Fund. The budgetary comparison for the Randleman Reservoir Capital Reserve Fund has been included in the supplemental information.

C. Measurement Focus and Basis of Accounting

In accordance with North Carolina General Statutes, all funds of the Town are maintained during the year using the modified accrual basis of accounting.

Government-Wide and Proprietary Fund Financial Statements. The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the Town gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include 1) charges to customers or applicants for good, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

TOWN OF JAMESTOWN, NORTH CAROLINA
NOTES TO COMBINED FINANCIAL STATEMENTS
June 30, 2011

Note 1. Summary of Significant Accounting Policies (Continued)

C. Measurement Focus and Basis of Accounting (Continued)

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Town enterprise funds are charges to customers for sales and services. The Town also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the water and sewer system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under installment purchase agreements are reported as other financing sources.

The Town considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem taxes receivable are not accrued as a revenue because the amount is not susceptible to accrual. At June 30, taxes receivable are materially past due and are not considered to be an available resource to finance the operations of the subsequent year. Also, as of January 1, 1993, state law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, Guilford County is responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts in the County, including the Town of Jamestown. For motor vehicles registered under the staggered system, property taxes are due the first day of the fourth month after the vehicles are registered. The billed taxes are applicable to the fiscal year in which they become due. Therefore, the Town's vehicle taxes for vehicles registered in Guilford County from March 2010 through February 2011 apply to the fiscal year ended June 30, 2011. Uncollected taxes that were billed during this period are shown as a receivable in these financial statements and are offset by deferred revenues.

TOWN OF JAMESTOWN, NORTH CAROLINA
NOTES TO COMBINED FINANCIAL STATEMENTS
June 30, 2011

Note 1. Summary of Significant Accounting Policies (Continued)

C. Measurement Focus and Basis of Accounting (Continued)

Sales taxes and certain intergovernmental revenues, such as the utilities franchise tax, collected and held by the state at year end on behalf of the Town are recognized as revenue. Intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. Grant revenues which are unearned at year end are recorded as unearned revenues. Under the terms of grant agreements, the Town funds certain programs by a combination of specific cost-reimbursement grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the Town's policy to first apply cost-reimbursement grant resources to such programs, and then by general revenues.

As permitted by generally accepted accounting principles, the Town has elected to apply only applicable FASB Statements and Interpretations issued on or before November 30, 1989 that do not contradict GASB pronouncements in its accounting and reporting practices for its proprietary operations.

D. Budgetary Data

The Town's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund and the Enterprise Funds. All annual appropriations lapse at the fiscal year end. All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the departmental level for all annually budgeted funds and at the object level for multi-year funds. The Town Manager is authorized to transfer appropriations between departments up to \$25,000; however, any revisions that alter the total expenditures of a fund or department more than \$25,000 must be approved by the governing board. During the year, several amendments to the original budget were necessary, the effects of which were not material. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers that time until the annual ordinance can be adopted.

E. Assets, Liabilities and Fund Equity

1. Deposits and Investments

All deposits of the Town are made in Board-designated official depositories and are secured as required by state law [G. S. 159-31]. The Town may designate, as an official depository, any bank or savings and loan association whose principal office is located in North Carolina. Also, the Town may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

TOWN OF JAMESTOWN, NORTH CAROLINA
NOTES TO COMBINED FINANCIAL STATEMENTS
June 30, 2011

Note 1. Summary of Significant Accounting Policies (Continued)

E. Assets, Liabilities and Fund Equity (Continued)

State law [G. S. 159-30(c)] authorizes the Town to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the state of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain nonguaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances; and the North Carolina Capital Management Trust (NCCMT). The Town's investments are reported at fair value as determined by quoted market prices. The securities of the NCCMT Cash Portfolio, an SEC-registered (2a-7) money market mutual fund, are valued at fair value, which is the NCCMT's share price.

2. Cash and Cash Equivalents

The Town pools money from several funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are essentially demand deposits and are considered cash and cash equivalents.

3. Restricted Assets

Customer deposits held by the Town before any services are supplied are restricted to the service for which the deposit was collected. Monies in the General Capital Reserve Fund and the Randleman Reservoir Capital Reserve Fund are also classified as restricted because its use is restricted for capital purposes per resolutions of the Town Council. Powell Bill funds are classified as restricted cash because it can be expended only for the purposes of maintaining, repairing, constructing, reconstructing or widening of local streets per G.S. 136-41.1 through 136-41.4.

4. Ad Valorem Taxes Receivable

In accordance with state law [G. S. 105-347 and G. S. 159-13(a)], the Town levies ad valorem taxes on property other than motor vehicles on July 1st, the beginning of the fiscal year. The taxes are due on September 1st (lien date); however, interest does not accrue until the following January 6th. These taxes are based on the assessed values as of January 1, 2010. As allowed by state law, the Town has established a schedule of discounts that apply to taxes that are paid prior to the due date. In the Town's General Fund, ad valorem tax revenues are reported net of such discounts.

5. Allowances for Doubtful Accounts

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years, as well as including specific accounts believed to be uncollectible.

TOWN OF JAMESTOWN, NORTH CAROLINA
NOTES TO COMBINED FINANCIAL STATEMENTS
June 30, 2011

Note 1. Summary of Significant Accounting Policies (Continued)

E. Assets, Liabilities and Fund Equity (Continued)

6. Inventory and Prepaid Items

The inventories of the General Fund are valued at the lower of cost (first-in, first-out) or market and consist of goods held for resale. The cost of these inventories is recorded as an expense as the inventories are consumed.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements and expensed as the items are used.

7. Capital Assets

Capital assets are defined by the government as assets with an initial, individual cost of more than a certain amount and an estimated useful life in excess of two years.

Minimum capitalization costs are as follows:

	<u>Cost</u>
Land	\$ 100
Land improvements	5,000
Buildings and improvements	20,000
Vehicles, furniture and equipment	5,000
Infrastructure	50,000

Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at time of donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

As a part of the implementation of GASB Statement 34, the Town is permitted to forgo the retroactive reporting of governmental infrastructure networks. The Town has chosen to do so.

TOWN OF JAMESTOWN, NORTH CAROLINA
NOTES TO COMBINED FINANCIAL STATEMENTS
 June 30, 2011

Note 1. Summary of Significant Accounting Policies (Continued)

E. Assets, Liabilities and Fund Equity (Continued)

Capital assets are amortized or depreciated using the straight-line method over their estimated useful lives:

	<u>Useful Life</u>
Wastewater treatment rights, water rights and other intangible assets	20 to 40 years
Land improvements, buildings and infrastructure	20 to 50 years
Furniture, fixtures, equipment, heavy equipment and vehicles	5 to 10 years
Computer equipment and software	3 to 5 years

8. Long-Term Obligations

In the government-wide financial statements and in the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets.

9. Compensated Absences

The vacation policy of the Town provides for the accumulation of up to thirty (30) days earned vacation leave with such leave being fully vested when earned. For the Town's government-wide and proprietary funds, an expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned. The Town has assumed a first-in, first-out method of using accumulated compensated time. The portion of that time that is estimated to be used in the next fiscal year has been designated as a current liability in the government-wide financial statements.

The Town's sick leave policy provides for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since the Town has no obligation for the accumulated sick leave until it is actually taken, no accrual for sick leave has been made.

TOWN OF JAMESTOWN, NORTH CAROLINA
NOTES TO COMBINED FINANCIAL STATEMENTS
June 30, 2011

Note 1. Summary of Significant Accounting Policies (Continued)

E. Assets, Liabilities and Fund Equity (Continued)

10. Net Assets/Fund Balances

Net Assets

Net assets in government-wide and proprietary fund financial statements are classified as invested in capital assets, net of related debt; restricted; and unrestricted. Restricted net assets represent constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through state statute.

Fund Balances

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Nonspendable Fund Balance – This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Inventories – portion of fund balance that is not an available resource because it represents the year-end balance of ending inventories, which are not spendable resources.

Prepaid items – portion of fund balance that is not an available resource because it represents the year-end balance of costs applicable to future accounting periods, which are not spendable resources.

Restricted Fund Balance – This classification includes amounts that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted for Stabilization by State Statute – portion of fund balance that is restricted by State Statute (G.S. 159-8(a)).

Restricted for Streets – Powell Bill portion of fund balance that is restricted by revenue source for street construction and maintenance expenditures. This amount represents the balance of the total unexpended Powell Bill funds.

TOWN OF JAMESTOWN, NORTH CAROLINA
NOTES TO COMBINED FINANCIAL STATEMENTS
June 30, 2011

Note 1. Summary of Significant Accounting Policies (Continued)

E. Assets, Liabilities and Fund Equity (Continued)

Committed Fund Balance – portion of fund balance that can only be used for specific purposes imposed by majority vote by quorum of the Town of Jamestown’s governing body (highest level of decision-making authority). Any changes or removal of specific purpose requires majority action by the governing body.

Committed for capital projects – portion of fund balance assigned by the Council for future capital projects.

Assigned Fund Balance – portion of fund balance that Town of Jamestown intends to use for specific purposes.

Subsequent year’s expenditures – portion of fund balance that is appropriated in the next year’s budget that is not already classified in restricted or committed. The governing body approves the appropriation; however the budget ordinance authorizes the manager to modify the appropriations by resource of appropriation within funds up to \$25,000.

Unassigned Fund Balance – the portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds.

The Town of Jamestown has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Officer will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local non-town funds, town funds. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in-order by committed fund balance, assigned fund balance and lastly unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it is in the best interest of the Town.

The Town of Jamestown has not yet adopted a formal policy regarding minimum levels of available fund balance.

TOWN OF JAMESTOWN, NORTH CAROLINA
NOTES TO COMBINED FINANCIAL STATEMENTS
June 30, 2011

Note 2. Detail Notes on All Funds

A. Assets

1. Deposits

All the deposits of the Town are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits that exceed the federal depository insurance coverage level are collateralized with securities held by the Town's agent in the Town's name. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the Town, these deposits are considered to be held by the Town's agent in the Town's name. The amount of the pledged collateral is based on an approved averaging method for non-interest-bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the Town or the escrow agent. Because of the inability to measure the exact amounts of collateral pledged for the Town under the Pooling Method, the potential exists for undercollateralization, and this risk may increase in periods of high cash flows.

However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The Town has no formal policy regarding custodial credit risk for deposits, but relies on the State Treasurer to enforce standards of minimum capitalization for all pooling method financial institutions and to monitor them for compliance. The Town complies with the provisions of G.S 159-31 when designating official depositories and verifying that deposits are properly secured.

At June 30, 2011, the Town's deposits had a carrying amount of \$4,583,762, and a bank balance of \$4,869,037. Of the bank balance, \$739,909 was covered by federal depository insurance and the remainder was covered by collateral held under the Pooling Method. The Town had \$1,100 of petty cash on hand at June 30, 2011.

2. Investments

At June 30, 2011, the Town of Jamestown had \$1,653,240 invested with the North Carolina Capital Management Trust's Cash Portfolio which carried a credit rating of AAAM by Standard and Poor's. The Town has no formal policy regarding credit risk.

June 30, 2011

Note 2. Detail Notes on All Funds (Continued)

A. Assets (Continued)

6. Intangible Assets

Intangible assets at June 30, 2011, consisted of the following:

Water Rights

The Town, in conjunction with five other governments, entered into a joint governmental agreement with the Piedmont Triad Regional Water Authority (PTRWA). PTRWA was established to construct a dam facility, water treatment plant and related distribution lines. According to the joint governmental agreement, the participating governments do not have an equity interest in the joint venture, but rather rights to water in the reservoir. The participating governments have the right to purchase future treated water based upon their pre-determined share, according to a uniform rate structure set by PTRWA. Accordingly, intangible assets have been recorded at cost in the government-wide financial statements at June 30, 2011. An intangible asset for the Town's portion of the dam and reservoir cost, in the amount of \$2,227,921, is being amortized over 50 years using the straight-line method. An intangible asset for the Town's portion of the water treatment plant and distribution lines cost, in the amount of \$1,615,790, is being amortized over 40 years using the straight-line method.

	<u>Dam & Reservoir</u>	<u>Water Treatment Plant & Lines</u>	<u>Total</u>
Rights purchased	\$2,227,921	\$1,615,790	\$3,843,711

Wastewater Treatment Rights

The Town entered into a joint-use facility agreement with the City of High Point on May 31, 2000. The agreement required the Town to pay \$3,450,000 for its share of the capacity-use allocation to upgrade and expand the Eastside Wastewater Treatment Plant. This cost is being amortized over 40 years using the straight-line method.

The Town also entered into an agreement with the City of High Point on September 15, 2009 to participate in its share of the cost of an upgrade project (Odor Control) to the Eastside Wastewater Treatment Plant. The Town's portion of the cost for this project is \$420,630, and is being amortized over 20 years using the straight-line method.

	<u>Eastside Expansion</u>	<u>Odor Control</u>	<u>Total</u>
Rights purchased	\$3,450,000	\$420,630	\$3,870,630

2. Pension Plan and Postemployment Obligations

Local Governmental Employees' Retirement System

Plan Description. The Town of Jamestown contributes to the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing, multiple-employer defined benefit pension plan administered by the state of North Carolina. LGERS provides retirement and disability benefits to plan members and beneficiaries. Article 3 of G. S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Local Governmental Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The state's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding Policy. Plan members are required to contribute 6% of their annual covered salary. The Town is required to contribute at an actuarially determined rate. For the Town, the current rate for employees not engaged in law enforcement is 6.54% of annual covered payroll. The contribution requirements of members and of the Town of Jamestown are established and may be amended by the North Carolina General Assembly. The Town's contributions to LGERS for the years ended June 30, 2011, 2010 and 2009 were \$80,223, \$63,137, and \$55,219, respectively. The contributions made by the Town equaled the required contributions for each year.

NOTES TO COMBINED FINANCIAL STATEMENTS
June 30, 2011

Note 2. Detail Notes on All Funds (Continued)

B. Liabilities (Continued)

2. Pension Plan and Postemployment Obligations (Continued)

State 401(k) Supplemental Retirement Income Plan

The Town, upon the approval of the Town Council, has elected to include all permanent, full-time employees under the State 401(k) Supplemental Retirement Income Plan (Plan), a defined contribution pension plan, administered by the NC Department of State Treasurer and sponsored by the State of North Carolina. Participation begins 90 days after the date of employment. Article 5 of General Statute 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. The Town has elected to contribute each month an amount equal to 4.5% of each participant's salary, and all amounts contributed are vested immediately. Also, participants may make voluntary contributions to the plan.

The Town's contributions were calculated using a covered payroll amount of \$1,152,676. Total contributions for the year ended June 30, 2011 were \$97,534, which consisted of \$51,870 from the Town and \$45,664 from employees. The Town's contributions and the employees' voluntary contributions represent 4.5% and 4.0%, respectively, of the covered payroll amount.

Other Postemployment Benefits – Healthcare Benefits

Plan Description. Under approval by Town Council in January 1999, and amended in October 2006, the Town administers a single-employer defined benefit Healthcare Benefits Plan (the HCB Plan). This plan provides postemployment healthcare benefits to retirees of the Town, hired before October 17, 2006, provided they participate in the North Carolina Local Governmental Employees' Retirement System (System) and have at least twenty years of creditable service with the Town. Through June 30, 2011, the Town will pay the full cost of coverage for these benefits through private insurers. Effective July 1, 2011, the Town will pay premiums of \$900 per month per retiree. Also, the Town's retirees can purchase coverage for their dependents at the Town's group rates. The Town Council may amend the benefit provisions. A separate report was not issued for the plan.

**TOWN OF JAMESTOWN, NORTH CAROLINA
NOTES TO COMBINED FINANCIAL STATEMENTS
June 30, 2011**

Note 2. Detail Notes on All Funds (Continued)

B. Liabilities (Continued)

Other Postemployment Benefits – Healthcare Benefits (continued)

Membership of the HCB Plan consisted of the following at December 31, 2010, the date of the latest actuarial valuation:

Retirees and dependents receiving benefits	5
Terminated plan members entitled to but not yet receiving benefits	0
Active plan members	23
Total	28

Funding Policy. The Town pays the full cost of coverage for the healthcare benefits paid to qualified retirees under a Town Council approval that can also be amended by Town Council. The Town has chosen to fund the healthcare benefits on a pay as you go basis.

The current ARC rate is 6.14% of annual covered payroll. For the current year, the Town contributed \$48,055 or 5.01% of annual covered payroll. The Town obtains healthcare coverage through private insurers. There were no contributions made by employees, except for dependent coverage in the amount of \$6,177. The Town's obligation to contribute to HCB Plan is established and may be amended by the Town Council.

Summary of Significant Accounting Policies. Postemployment expenditures are made from the fund in which the retiree was paid from. No funds are set aside to pay benefits and administration costs. These expenditures are paid as they come due.

Annual OPEB Cost and Net OPEB Obligation. The Town's annual OPEB cost (expense) is calculated based on the *annual required contribution of the employer* (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The table on the following page shows the components of the Town's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the City's net OPEB obligation for the healthcare benefits.

TOWN OF JAMESTOWN, NORTH CAROLINA
NOTES TO COMBINED FINANCIAL STATEMENTS
June 30, 2011

Note 2. Detail Notes on All Funds (Continued)

B. Liabilities (Continued)

Other Postemployment Benefits – Healthcare Benefits (continued)

Annual required contribution	\$ 58,918
Interest on net OPEB obligation	687
Adjustment to annual required contribution	<u>(955)</u>
Annual OPEB cost (expense)	58,650
Contributions made	<u>(48,055)</u>
Increase (decrease) in net OPEB obligation	10,595
Net OPEB obligation, beginning of year	<u>17,177</u>
Net OPEB obligation, end of year	<u><u>\$ 27,772</u></u>

The Town's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation as of June 30, 2011 were as follows:

For Year Ended June 30	3 Year Trend Information		
	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
2010	\$58,918	70.8%	\$17,177
2011	58,650	81.9%	27,772

Funded Status and Funding Progress. As of December 31, 2010, the most recent actuarial valuation date, the plan was not funded. The actuarial accrued liability for benefits and, thus, the unfunded actuarial accrued liability (UAAL) was \$642,100. The covered payroll (annual payroll of active employees covered by the plan) was \$959,055, and the ratio of the UAAL to the covered payroll was 67.0 percent. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and healthcare trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

TOWN OF JAMESTOWN, NORTH CAROLINA
NOTES TO COMBINED FINANCIAL STATEMENTS
June 30, 2011

Note 2. Detail Notes on All Funds (Continued)

B. Liabilities (Continued)

Other Postemployment Benefits – Healthcare Benefits (continued)

Actuarial Methods and Assumptions. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members at that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value assets, consistent with the long-term perspective of the calculations.

In the December 31, 2010 actuarial valuation, the projected unit credit actuarial cost method was used. The actuarial assumptions included a 4.00 percent investment rate of return (net of administrative expenses), which is the expected long-term investment returns on the employer's own investments calculated based on the funded level of the plan at the valuation date, and an annual medical cost trend increase of 10.50 to 5.00 percent annually. The investment rate included a 3.00 percent inflation assumption. The actuarial value of assets, if any, was determined using techniques that spread the effects of short-term volatility in the market value of investments over a 5 year period. The UAAL is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at December 31, 2010, was 30 years.

3. Other Employment Benefit

The Town has elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, State-administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months salary in a row during the 24 months prior to the employee's death, but the benefit may not exceed \$50,000 or be less than \$25,000. All death benefit payments are made from the Death Benefit Plan. The Town has no liability beyond the payment of monthly contributions. The contributions to the Death Benefit Plan cannot be separated between the post-employment benefit amount and the other benefit amount. The Town considers these contributions to be immaterial.

In addition, the Town provides life insurance benefits of \$10,000 per employee through the Municipal Insurance Trust .

TOWN OF JAMESTOWN, NORTH CAROLINA
NOTES TO COMBINED FINANCIAL STATEMENTS
June 30, 2011

Note 2. Detail Notes on All Funds (Continued)

B. Liabilities (Continued)

4. Deferred/Unearned Revenues

The balance in deferred/unearned revenues in the General Fund at year end is comprised of the following elements:

	Deferred Revenues	Unearned Revenues	Total
Property taxes	\$ 28,662	\$ -	\$ 28,662
Other	-	9,656	9,656
	\$ 28,662	\$ 9,656	\$ 38,318

5. Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town carries commercial insurance coverage which provides for the following types of major coverage for the amounts of retained risk noted: general liability (\$5,000,000), worker's compensation (\$1,000,000) and public officials' liability (\$1,000,000). There have been no significant reductions in insurance coverage in the prior year, and settled claims resulting from these risks have not exceeded coverage in any of the past three fiscal years.

Because the Town has structures in one location that has been mapped and designated an "A" area (an area close to a river, lake or stream) by the Federal Emergency Management Agency, the Town is eligible to purchase coverage through the National Flood Insurance Plan (NFIP) for these structures. The Town has opted not to purchase this insurance. The contents of the buildings are covered under other insurance.

In accordance with G.S 159-29, the Town's employees that have access to \$100 or more at any given time of the Town's funds are performance bonded through a commercial surety bond. The finance officer is individually bonded for \$50,000. The remaining employees that have access to funds are bonded under a blanket bond for \$20,000.

NOTES TO COMBINED FINANCIAL STATEMENTS
June 30, 2011**

Note 2. Detail Notes on All Funds (Continued)

B. Liabilities (Continued)

6. Commitments – Business-type Activities

The Town has entered into an agreement with the Piedmont Triad Regional Water Authority to assist in the repayment of debt for the construction of the Randleman Reservoir water treatment plant. Under the terms of this agreement, the Town is obligated to pay approximately \$2,495,000 to the Authority over a twenty-year period beginning in the fiscal year ended June 30, 2011. Future estimated payments to the Authority are as follows:

Year Ending June 30,	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2012	\$63,569	71,330	134,899
2013	66,403	68,495	134,898
2014	69,364	65,535	134,899
2015	72,456	62,442	134,898

Next 5 years	537,491	137,001	674,492
Thereafter	<u>316,036</u>	<u>21,210</u>	<u>337,246</u>
	<u>\$1,633,171</u>	<u>\$ 727,551</u>	<u>\$ 2,360,722</u>

In addition, the Town is obligated to pay the Town's pro rata share (2.5%) of the Authority's annual operating budget.

The Town has entered into an agreement with the City of High Point to pay its share of the cost of the Odor Control project for the Eastside Treatment Plant. Under the terms of this agreement, the Town is obligated to pay \$438,322 to the City of High Point over a twenty-year period beginning in the fiscal year ended June 30, 2010. Future estimated payments to the City of High Point are as follows:

Year Ending June 30,	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2012	\$21,031	737	21,768
2013	21,031	737	21,768

7. Long-Term Obligations

a. Operating Leases

The Town leases golf carts and other equipment under noncancelable operating leases terminating in fiscal years 2012 and 2013. Total expenditures on operating leases amounted to \$89,885 during fiscal year 2011.

As of June 30, 2011, future minimum commitments for operating leases were as follows:

Year Ending June 30,	
2012	84,314
2013	<u>28,323</u>
Total future minimum lease payments	<u>\$ 112,637</u>

In August, 2011, the Town entered into a noncancelable operating lease agreement for mowing equipment. The lease is for 48 months with a monthly lease amount of \$2,681.21.

Total business-type activities	<u>\$ 2,134,180</u>	<u>\$ 25,731</u>	<u>\$ 107,341</u>	<u>\$ 2,052,570</u>	<u>\$104,600</u>

Compensated absences have typically been liquidated in the General Fund. Total interest expense incurred during the year amounted to \$83,306, which is reported in the department / function in which it was budgeted.

C. Interfund Balances and Activity

Balances due to/from other funds at June 30, 2011, consist of the following:

Due to the Water and Sewer Fund for an advance that was used for replacement of the irrigation system at the golf course from the General Fund	<u>\$758,426</u>
--	------------------

The General Fund plans to repay the Water and Sewer Fund with 13 annual payment amounts of \$77,000 and 1 final payment of \$8,186, including interest at 4.5%.

TOWN OF JAMESTOWN, NORTH CAROLINA
NOTES TO COMBINED FINANCIAL STATEMENTS
June 30, 2011

Note 2. Detail Notes on All Funds (Continued)

D. Fund Balance

The following schedule provides management and citizens with information on the portion of General fund balance that is available for appropriation:

Total Fund Balance – General Fund	\$1,200,173
Less:	
Inventories	51,232
Prepaid items	13,397
Stabilization by State Statute	204,313
Streets-Powell Bill	325,192
Capital Projects	2,545
Appropriated Fund Balance in 2012 budget	60,000
Working Capital	543,494
Remaining Fund Balance	0

Note 3. Joint Ventures

The Town, in conjunction with five other governments, has entered into a joint governmental agreement with the Piedmont Triad Regional Water Authority. The Authority was established to construct a dam facility, water treatment plant and related distribution lines. The participating governments are legally obligated under the intergovernmental agreement that created the Authority to contribute a pre-determined share of the construction costs. According to the joint governmental agreement, the participating governments do not have an equity interest in the joint venture, but rather rights to water in the reservoir. The governments have the right to purchase future treated water based upon their pre-determined share, according to a uniform rate structure to be set by the Authority. Complete financial statements for the Authority can be obtained from the Authority's administrative offices at 7297 Adams Farm Road, Randleman, North Carolina 27317.

TOWN OF JAMESTOWN, NORTH CAROLINA
NOTES TO COMBINED FINANCIAL STATEMENTS
June 30, 2011

Note 4. Jointly Governed Organization

The Town, in conjunction with six counties and 25 other municipalities, established the Piedmont Triad Regional Council of Governments (Council). The participating governments established the Council to coordinate various funding received from federal and state agencies. Each participating government appoints one member to the Council's governing board. The Town paid membership fees of \$707 to the Council during the fiscal year ended June 30, 2011.

Note 5. Summary Disclosure of Significant Contingencies

Federal- and State-Assisted Programs

The Town has received proceeds from several federal and state grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant monies.

Required Supplementary Financial Data

This section contains additional information required by generally accepted accounting principles.

- Schedule of Funding Progress for the Other Postemployment Benefits.
- Schedule of Employer Contributions for the Other Postemployment Benefits.
- Notes to the Required Schedules for the Other Postemployment Benefits.
