MONDAY
DURING
2022**

The Town of Jamestown is excited to host several AARP workshops this Spring. Workshops will be held via Zoom and streamed on the Town’s YouTube channel. For those unfamiliar or uncomfortable with Zoom, the workshop will also be shown at the Civic Center. For more information and to register, visit www.jamestown-nc.gov/event/ or call 336-454-1138.

April 28: *Living Longer, Living Smarter*: Create a long-term plan with financial, health, home and community, and legal considerations in mind. Decide, create, and share.

May 25: *Home Fit*: Smart solutions for making your home comfortable, safe, and a great fit. This program helps people stay in place they love as a “lifelong home”.

TOWN OF JAMESTOWN SELECTS NEW ASSISTANT TOWN MANAGER

Jamestown, NC – (March 15, 2022) – The Town of Jamestown has selected Katie Weiner to serve as the Town’s Assistant Town Manager.

After careful consideration, the Town of Jamestown is pleased to announce the appointment of Katie M. Weiner as Jamestown Town’s Assistant Town Manager, effective immediately. As Assistant Manager, Katie will assist in overseeing the day-to-day operations of the Town and will assist in directing the Town’s staff in the implementation of the Town Council’s Strategic Plan, which was recently adopted and will be updated on a biannual basis. Additionally, she will be working directly with the Town Council and Town Manager to develop and implement strategies that will propel Jamestown into the future.

Katie was hired by the Town of Jamestown in 2017 and has a bachelor’s degree in Political Science and a Master’s degree in Public Administration from Appalachian State University. Katie has been serving as the Town Clerk and will continue to serve in that capacity as well.

Over the last 5 years, Katie has received her Certified Municipal Clerk designation, as well as having completed the UNC School of Government Municipal & County Administration (MCA) Program. The MCA program is a comprehensive course designed for officials whose responsibilities require an understanding of local government functions beyond their individual areas of specialization, thus preparing them for a larger role within the organization.

Katie has been serving as an integral part of the Town’s leadership team and brings a fresh perspective to public service. Her approachable personality and practicality coupled with her extensive work as a leader in our organization make Katie the perfect candidate to assist in charting the course for what Jamestown has to offer its citizens and those moving to our community for years to come.

PINECROFT SEDGEFIELD

Last month was Daylight savings time! As we change our clocks forward, this is a good time to check to see if you have working smoke alarms. "Why check my smoke alarm?" The answer is simple. Working Smoke Alarms save lives!

Here are some simple steps on how to test your smoke alarm.

1. Press the Test button and listen for beeping sounds.
2. Check the date on the back. (If older than 04/01/2012 it needs replaced)

Clean the Smoke Alarm of any dust and cobwebs.

If you find that your smoke alarm is out of date, is not working, or you just need help testing them, please call the Pinecroft Sedgefield Fire District Inc. at (336) 229-4421 and ask for assistance. And as always, we provide free Smoke Alarms to help make our community safer.

FIRE DEPARTMENT TO TEST HYDRANTS

The Pinecroft Sedgefield Fire District will begin their semi-annual fire hydrant testing on April 1st and will continue this operation throughout the month, finishing by April 29th. All hydrants in the Pinecroft Sedgefield Fire District will be tested to ensure that they are operating properly and are able to produce the required water pressure when needed. This testing also includes all hydrants in the Town of Jamestown.

Because this testing must be done during normal operating hours, it will be impossible to know in advance just when or where the testing will take place in any specific area. Opening hydrants can sometimes cause a temporary discoloration of water in nearby homes. The discoloration is not harmful in any way and can be cleared up by running the cold water for a few minutes.

This testing ensures the protection of citizens and is also an evaluation indicator used by the NC Response Rating System, which evaluates the fire district according to the protection they offer.

Questions Asked and Answered

- **Now that loose leaf collection is over, how do I get my yard waste picked up?**

Place your leaves or shrub trimmings in clear plastic bags not to exceed 50 lbs. for pick up on Wednesday or Thursday weekly.

- **Will the town pick up old tires ?**

No, we are unable to take them to our landfill. Please take your tires to the White Goods Facility located at 2138 Bishop Rd in Greensboro.
