Recycling Update

The Town of Jamestown is now picking up recycling in containers. Several weather events and the holidays delayed delivery of containers to all customers, but we have completed the project. We mailed a flyer recently with information about the program with the hope that the flyer would be posted on refrigerators or message boards as a quick reference guide. We still have flyers at Town Hall and the same information is available on the Town's webpage and the last page of this newsletter. Recycling in plastic bags **WILL NO LONGER** be collected.

Only recyclable material should be placed in the container. Please do not use

Non - Collection Notice

Town staff could not collect your household refuse for the following reason(s):

Trash in the Blue Recycle cart will not be picked up. The Blue cart is for Monday Recyclables only.

Please remove your Blue Recycle cart from the street within 24 hours of Monday recycle collection.

Please call Town Hall at 336-454-1138 with any questions regarding the non-collection notice. It is our desire to educate the public about household refuse and yard waste collection requirements. You can also view collection requirements on the Town website at www.Jamestown-nc.gov.

plastic bags as the plastic bags contaminate the recycling stream. Plastic bags can be recycled at several businesses such as grocery stores. North Davidson Garbage Service (NDGS) will not empty recycling containers that have plastic bags in them. Similarly, no garbage or food waste should be placed in the recycling

container – they will not empty that material either. If you have received an orange notice on your cart, you have put inappropriate items in the cart or you have not put your cart away in a timely manner.

If you have large boxes or large pieces of cardboard that will not easily fit in the recycling container, please collapse the material as much as possible. That cardboard can be stacked and placed next to the container. Please only leave such large pieces out when rain is not threatening. NDGS may not be able to collect and recycle the cardboard if it gets wet, and we would hate for your recycling efforts to be for naught.

As always, thank you for recycling, and feel free to contact us with any questions.

RECYCLING
WILL BE
PICKED UP
EVERY
MONDAY
DURING
2019!

HELLO FROM THE CLERK'S CORNER

Hello Jamestown,

Spring is right around the corner and I know that we're all ready for it! Every year, NCDOT requests that cities and towns participate in a litter sweep to help keep our communities clean. The Town of Jamestown has a litter sweep in the spring and the fall. The spring litter sweep will take place on April 27th this year, and we would love to have as many volunteers as possible participate!

Elizabeth Greeson has done a wonderful job organizing the last couple of litter sweeps. Please feel free to call Town Hall if you would like to volunteer. You can ask to speak to me or Elizabeth and we'll give you some more

information. We meet at the Food Lion parking lot at 9:00 am. All the volunteers are given a vest, gloves, and trash bags. There are different routes for volunteers to go on and we can direct you to the appropriate area. We usually pick up trash until 11:00 am. We do request that all volunteers wear long sleeves and high top shoes.

Please call and let us know if you're interested! It is a really rewarding experience. It's nice to give back to the community that you live in and also try to make it a cleaner place. I usually look for any excuse to sleep in, but I have never

regretted waking up a little early on Saturday to be a part of this effort! I hope to see you all there!

Katie McBride, CMC
