HELLO FROM THE CLERK'S CORNER

The nights are getting cooler indicating autumn is in the air. [Entry forms](#) have been mailed for the Jamestown Rotary Club Christmas Parade. Please mark your calendars for Sunday December 4th, 2016 at 3:00 pm. If you would like to have a parade entry and are not on the mailing list, please contact me at 336-454-7381 or mwolfe@jamestown-nc.gov for an [application](#) or download one from the Town website at www.jamestown-nc.gov. This is a fun and festive event and a great way to spend time with your family, friends and neighbors. It is so much fun to see homemade floats, bicycles decorated and kids laughing & singing; all things associated with a small town parade. So, put on your "thinking cap" and get together with your friends and neighbors and get creative.

After the Christmas Parade, please join the Town for the traditional lighting of the Christmas Tree. This event will take place on the front grounds of the Jamestown Public Library, 200 W. Main Street at approximately 5:30 pm. We will have cookies, hot chocolate and music.

Remember this is an election year. The Town Hall will be an Early Voting site. Early voting begins at the Town Hall on October 27th, 2016 and early voting ends on November 5th, 2016 at 1:00 pm. Election Day is November 8th, 2016. Poles are open on Election Day 6:30 am - 7:30 pm. For further election information call 336-641-3836.

A Familiar Face at Town Hall

There's a familiar face at Town Hall these days. Kathryn "Cookie" Billings has returned to serve as the Interim Town Manager while the Town goes through the process of hiring a manager. Cookie served as the Finance Officer with the Town from the early 1980's until 2006 with only a brief time at Guilford County. She became the Town's third manager in the spring of 2006.

Cookie Billings & husband, Ray Pifer

In December 2010, Cookie retired with 30 years of service. Cookie has been very active in Rotary International for many years. Since her retirement, she has been able to serve in several key leadership positions with Rotary, including District Governor.

The Town and staff welcome Cookie back during this interim period!

Veterans Day is November 11. There will be a ceremony at Wrenn Miller by the Jamestown Veterans Committee. Be sure and thank a veteran for their service to our country.

PARK PARTNERS

Call Kathryn Billings at 336-454-1138 or visit Jamestown's website at www.Jamestown-nc.gov for more information on how to become a Park Partner.

Where retirement living takes on a whole new spirit.

Jamestown Supports the United Way "Can"paign

Jamestown employees have supported the United Way of Greater High Point for many years. Once again, Town Hall will be a drop off point for the United Way "Can"paign. Bring canned and staple goods to Town Hall and we will take them to the United Way where they will be distributed to are food banks. The following are needed items:

- | | |
|-------------------|-------------------|
| Canned fruits | Canned vegetables |
| Dry Milk | Pasta |
| Macaroni & Cheese | Rice |
| Dried beans | Tomato sauce |
| Canned Meat | Soup |
| Canned Chili | Peanut Butter |
| Oatmeal | Quick grits |

JAMESTOWN PARK GOLF COURSE

RECYCLING
WILL BE
PICKED UP
EVERY
MONDAY
DURING
2016!

After months of being basically a driving range, the Jamestown Park Golf Course re-opened with a small amount of fanfare on Labor Day weekend. The new course has been well received by golfers. Ross Sanderlin (pictured left) has taken the role of Golf Course Manager and oversees the day to day operations. The

Town is in the process of hiring staff for the Grill Operations and fine-tuning the policy that will allow non-golf events to be held in the rooms at the Clubhouse.

Loose Leaf Pickup Begins

The Town of Jamestown's annual Leaf Collection Program begins October 24th, 2016 and will end on February 24th, 2017. The program provides residents with the opportunity to have loose leaves collected at roadside without the need of bagging. The program is operated on a routing system that is based on our staff completing one leaf collection route of the town in approximately 3 to 4 weeks. Once a route is completed, then staff returns to the beginning of the same planned route and begins again. To participate in the Leaf Collection Program simply:

*Rake leaves to the edge of your yard behind the curb.

*Remove sticks, rocks, and other debris which can damage the Town's equipment. If staff encounters debris in the leaf pile, they will not continue collection at the property.

*Do not park vehicles on, in front of, or near your leaves.

The leaf collection program helps keep leaves from blocking storm drains and prevents decaying leaves from polluting lakes and streams.

In addition to the collection program, residents are encouraged to recycle their leaves by composting or shredding them and using them as fertilizer for lawns and gardens. You can also use leaves as mulch to protect plants and shrubs. For more information on mulching or composting leaves, call the Guilford County Cooperative Extension Service at 336.375.5876.

Jamestown residents can also use the Town's year-round yard waste pickup for leaves. Simply put your leaves in clear plastic bags and set them at the curb on the regular yard waste collection day.

The leaf collection route may change or be delayed due to inclement weather. The program does not service private streets.

If you are interested in receiving collected leaves, contact Town Hall at 336.454-.1138 for consideration. In order to receive leaves, you must:

- have a clear dump site for the leaves ;
- have clear access and egress for the leaf truck;
- be able to receive 2 5 cubic yards (approximately 3 to 4 tons) of wet or dry leaves;
- understand the leaf loads may have contaminants ;
- and accept the loads at no charge.

Planning News

While the Town is without a full-time planner, we are contracting with Piedmont Triad Regional Council for planning services. We will have a planner in the office on Wednesday each week. If you have planning or zoning questions, please call 336.454.1138 and leave your name and number. Be patient and we will return the calls.

FIRE DEPARTMENT TO TEST HYDRANTS

The Pinecroft Sedgefield Fire District will begin their semi-annual fire hydrant testing on October 3rd and will continue this operation throughout the month, finishing by October 31st. All hydrants in the Pinecroft Sedgefield Fire District will be tested to ensure that they are operating properly and are able to produce the required water pressure when needed. This testing also includes all hydrants in the Town of Jamestown.

Because this testing must be done during normal operating hours, it will be impossible to know in advance just when or where the testing will take place in any specific area. Opening hydrants can sometimes cause a temporary discoloration of water in nearby homes. The discoloration is not harmful in any way and can be cleared up by running the water for a few minutes.

This testing ensures the protection of citizens and is also an evaluation indicator used by the NC Response Rating System, which evaluates the fire district according to the protection they offer.
