Something New at Town Hall!

Town residents have been able to drop off payments at Town Hall after hours through the drop slots in the front and back doors. Recently, Public Services employees installed a drive up drop box at the exit going onto Guilford Road. Residents can now make payments anytime without leaving their car! Simply drop your check or money order into the box. All payments will be posted the next morning.

Fire Hydrant Testing during October

The Pinecroft Sedgefield Fire District will begin their semi-annual fire hydrant testing on October 1st and will continue this operation throughout the month, finishing by October 31st. All hydrants in the Pinecroft Sedgefield Fire District will be tested to ensure that they are operating properly and are able to produce the required water pressure when needed. This testing also includes all hydrants in the Town of Jamestown.

Because this testing must be done during normal operating hours, it will be impossible to know in advance just when or where the testing will take place in any specific area. Opening hydrants can sometimes cause a temporary discoloration of water in nearby homes. The discoloration is not harmful in any way and can be cleared up by running the water for a few minutes.

This testing ensures the protection of citizens and is also an evaluation indicator used by the NC Response Rating System, which evaluates the fire district according to the protection they offer.

Jamestown Loose Leaf Collection Program

October 26, 2020 to February 26, 2021

The Town of Jamestown's annual Leaf Collection Program begins October 26th, 2020 and will end on February 26th, 2021. The program provides residents with the opportunity to have loose leaves collected at roadside without the need of bagging. The program is operated on a routing system that is based on our staff completing one leaf collection route of the town in approximately 3 to 4 weeks. Once a route is completed, then staff returns to the beginning of the same planned route and begins again. To participate in the Leaf Collection Program simply:

- **Rake leaves to the edge of your yard behind the curb.**
- **Remove sticks, rocks, and other debris which can damage the Town's equipment. If staff encounters debris in the leaf pile, they will not continue collection at the property.**
- **Do not park vehicles on, in front of, or near your leaves.**

The leaf collection program helps keep leaves from blocking storm drains and prevents decaying leaves from polluting lakes and streams.

In addition to the collection program, residents are encouraged to recycle their leaves by composting or shredding them and using them as fertilizer for lawns and gardens. You can also use leaves as mulch to protect plants and shrubs. For more information on mulching or composting leaves, call the Guilford County Cooperative Extension Service at (336) 375-5876.

Jamestown residents can also use the Town's year-round yard waste pickup for leaves. Simply put your leaves in clear plastic bags and set them at the curb on the regular yard waste collection day.

The leaf collection route may change or be delayed due to inclement weather. The program does not service private streets.

If you are interested in receiving collected leaves, contact Town Hall at (336) 454-1138 for consideration. In order to receive leaves, you must:

- ✓ have a clear dump site for the leaves;
- ✓ have clear access and egress for the leaf truck;
- ✓ be able to receive 25 cubic yards (approximately 3 to 4 tons) of wet or dry leaves;
- ✓ understand the leaf loads may have contaminants;
- ✓ and accept the loads at no charge.
