

Cast and Crew List

*Second Submission Due Date: 2 weeks after the close of your production
Please return completed forms to ccarson@dcpa.org*

Please identify your creative team for this production and indicate if each member is a student, paid artist, adult volunteer, or educator.

Please identify which members of your cast are eligible in each award category. A list of the leading actor and actress as well as supporting actor and actress was provided in your registration email. (This list is based on the eligibility of the *National High School Musical Theater Awards Program*). If your school’s production is not on this list please contact the Bobby G Awards program for further information.

Adult volunteers and paid artists are eligible to be nominated and receive the design awards. **However, since this is a program to recognize the students, least one (1) student must be recognized in each design category alongside the adult designer to be eligible for nomination.** Awards for Directors, Musical Directors, and Choreographers may include adult only nominations, although student nominations are encouraged.

If a position is not yet filled, you may enter TBA, and provide the Bobby G Awards staff with the information once the position has been filled.

The first submission of this form will be used to generate the adjudication feedback forms. We will ask that you re-submit this form again with your other Support Materials. The second submission of this form will be the official reference for all spelling and nomination information. **Please double check to make sure everyone is included and names are spelled correctly.**
