

DIGITAL STUDIO AND LIVE EVENTS

Photos by Stori H

We know how trying it can be to plan an event or fundraiser in our current world and the event experts at the Seawell Ballroom are here to help! We are open and ready to help our clients host remarkable digital galas, events, and events with live audiences this fall while adhering to social distancing guidelines and public health orders.

Utilizing our broadcast quality production technology in the Seawell Ballroom, we can host an HD livestream of your event to an unlimited number of viewers worldwide. Let our team of theatrically-trained production professionals take your event and turn it into an exceptionally produced broadcast live from the Denver Center for the Performing Arts.

THE SEAWELL
BALLROOM

OUR DIGITAL AND LIVE EVENTS PACKAGES INCLUDE:

- A fully-produced digital broadcast to unlimited viewers worldwide.
- Access to our full suite of modern lighting, sound, and production equipment.
- Support from our team of theatrically trained production experts.
- The ability to add a live audience while adhering to local public health and safety best practices.
- More inclusions and solutions are available. For more information, reach out for a custom proposal.

ABOUT THE SEAWELL BALLROOM

Managed by the Denver Center for the Performing Arts, this over 10,000-square-foot ballroom offers a view of the Lower Downtown skyline nestled before a stunning backdrop of Longs Peak.

Centrally located in the heart of the Theater District, the Seawell Ballroom is just blocks from the Colorado Convention Center, Larimer Square, Pepsi Center, Union Station and dozens of area hotels. With our proximity to Denver International Airport and the Rocky Mountains, we like to think of our space as the best of both worlds — an urban setting with mountain views.

EVENT SERVICES TEAM

Since 1998, the Denver Center for the Performing Arts has been delivering spectacular events and occasions. Our on-site Event Services managers work with our guests from initial planning through the day of your event to ensure that our clients' dreams become a reality. Plus, our AV production team has 150 years of combined experience to deliver exceptional in-house lighting, video and sound design.

PRIME FALL AND WINTER DATES ARE AVAILABLE NOW.
