

DÉCLIC

Job description :

COMMUNICATION OFFICER CARBON NEUTRALITY CHALLENGE

The association:

Déclic is a Think & Do tank created in March 2020 at Sciences Po Paris with a simple goal: to accelerate the ecological transition in France and Europe by proposing concrete and innovative public policy solutions. Today, Déclic is made up of a team of 90 students and young graduates from all walks of life who work together to turn their ideas into reality!

For this mission, Déclic is collaborating with a team in charge of creating a Carbon Neutrality Challenge to be held in November 2021 in collaboration with major organizations such as the OECD, the European Investment Bank and various think tanks. The participation in the organization of the challenge will be an opportunity for the selected profile to meet and exchange with major actors in the field of carbon neutrality (institutions, think tanks, ...).

Missions :

The communication officer is in charge of following the progress of the thematic groups (ideas, projects and activities), following the media news and participating in the communication of the association on social networks and on the website.

- Elaboration of the communication strategy
- Animation of social networks (Facebook and LinkedIn) and website
- Public relations with partners (international organizations and think tanks)
- Strategic assistance in the development of the challenge.

Profile:

Student or young graduate with a strong interest in communication.

Good writing skills in English and French

Teamwork

Motivation and commitment

Interest in the ecological transition

Knowledge of SEO principles
