

# Deed Reader Pro IT Installation Instructions

## Manual Installation

1. Download the latest version of Deed Reader Pro from [www.deedreaderpro.com/download](http://www.deedreaderpro.com/download)
2. Run the installer and follow the on screen prompts
3. During installation, an Optical Character Recolonization (Terreract-OCR) engine will be installed. It will be installed silently in the background.
4. After the installation has been completed you will be prompted to select Finish and launch the program. You should launch the program when logged into Windows under the Users account who will be using the program rather than under an Admin account.
5. After launching the program, the User Registration form will open if this is a new installation. If you are updating Deed Reader Pro from an older version nothing else needs to be done. If you need to update the license key, open the registration window by clicking  (Info) > User Registration.

**User Registration**

**Name:**

**Company:**

**Email:**

**How did you hear about DRP:**

**Request Demo Activation Key**

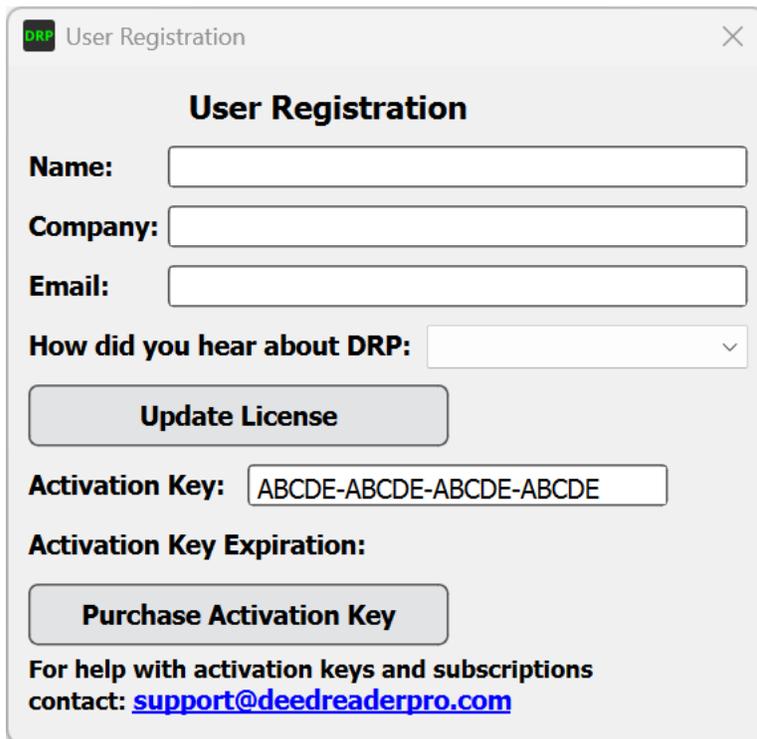

**Activation Key:**

**Activation Key Expiration:**

**Purchase Activation Key**

For help with activation keys and subscriptions contact: [support@deedreaderpro.com](mailto:support@deedreaderpro.com)

If you already have an Activation Key, enter it the Activation Key and press *Update License*. You do not need to fill out the contact form.

The image shows a 'User Registration' dialog box with a title bar containing the 'DRP' logo and a close button. The dialog has a title 'User Registration' and several input fields: 'Name:', 'Company:', 'Email:', and 'How did you hear about DRP:' (a dropdown menu). Below these is a button labeled 'Update License'. There is also an 'Activation Key:' field containing the text 'ABCDE-ABCDE-ABCDE-ABCDE' and an 'Activation Key Expiration:' label. A button labeled 'Purchase Activation Key' is positioned below the expiration label. At the bottom, there is a line of text: 'For help with activation keys and subscriptions contact: [support@deedreaderpro.com](mailto:support@deedreaderpro.com)'.

You are now finished with the installation and activation.

6. If you do not have an Activation Key, a Demo Activation Key will be provided after filling out the User Registration form and the pressing *Request Demo Activation Key*

## **Installation With Deployment Software or PowerShell**

The installer supports use of the flags **/silent** and **/verysilent** for silent installs.

Two parameters, **/key** and **/user** can be used with the installer to automatically register the Activation Key. **/key** is used to provide the activation key and **/user** is used to provide the Windows username. The **/user** parameter is only needed if the machine is not logged into the account of the user that will be using Deed Reader Pro. Use of **/key** and **/user** parameters are not needed when installing an update to Deed Reader Pro.

### **Example Installation Commands with PowerShell**

PowerShell should be run as administrator with these commands.

#### **Basic PowerShell Command**

```
Start-Process -FilePath
```

```
"D:\Work\Python\DeedReader\Installer\DeedReaderProSetupVersion5_7.exe" -ArgumentList  
"/verysilent", "/key= ABCDE-ABCDE-ABCDE-ABCDE", "/user=JohnDoe"
```

#### **Direct Invocation via PowerShell Command**

```
& "C:\Downloads\DeedReaderProSetupVersion5_7.exe" /verysilent /key="ABCDE-ABCDE-ABCDE-  
ABCDE" /user="JohnDoe"
```

#### **Remote Deployment via PowerShell Remoting**

```
$computerName = "TargetComputer"
```

```
$installerPath = "\\NetworkShare\DeedReaderProSetupVersion5_7.exe"
```

```
$licenseKey = "ABCDE-ABCDE-ABCDE-ABCDE"
```

```
$username = "JohnDoe"
```

```
Invoke-Command -ComputerName $computerName -ScriptBlock {
```

```
    Start-Process -FilePath $using:installerPath -ArgumentList "/verysilent",  
    "/key=$using:licenseKey", "/user=$using:username" -Wait
```

```
}
```

## **Moving License to a Different Machine**

If you need to move a license to a different machine contact [support@deedReaderpro.com](mailto:support@deedReaderpro.com) and provide the Windows username for the machine that needs to be deactivated.
