Exciting Changes!

Dear DBC Family, We greatly value staying connected with you throughout the week and providing a way for you to communicate with each other. For the past five years we have used The City to accomplish that but it is time for an upgrade. This morning we began implementing a new database for Denton Bible Church. Many of you experienced it at check-in with your kids today. In addition to a new database we have also upgraded our online giving system and have begun developing a custom mobile app that will eventually replace The City. Our goal is to use this new database and mobile app to promote and encourage ministry, communication, and shepherding to the glory of God. Until our custom mobile app is developed please continue using The City for all group communication. We ask that you please grant us an extra measure of grace and patience as we transition to our new systems and implement these exciting new features. We will keep you updated!
