

From the desk of . . .

## TOMMY NELSON

We had a "DBC Cares" banquet last week

DBC Cares is a volunteer ministry under Vonnie George that reaches out to folks who are hurting... in pain... recovering and sometimes in distress.

They do short-term help to people that need encouragement and meals and - just care - to folks who can't get out.

I was amazed at all the different kinds of needs that had been cared for over the last year.

"This is pure and undefiled religion . . ."

Thank God for folks that stand next to folks who have to stand in distressing situations . . .

"Love with skin on it"

If this is up your alley and you are able to offer physical aid to folks with cancer, widowhood, accident recovery, etc... come a runnin' . . .

Call DBC and ask for Vonnie . . .

She'll put you to work
