

## Storyboard

**Video Title: "Real-Time Collaboration: Creating Editable Google Sheets with Drop-Downs"**

**Target Audience:** Employees in a corporate organization

### Learning Objectives:

1. Create a Google Sheet with customized drop-down options enabling team members to easily select predefined choices within shared cells.
2. Configure sharing and editing permissions in Google Sheets allowing all team members to contribute and collaborate in real time.

### Outline:

- Title Scene:
  - Tutorial Title
- Hook Part 1 (Scenario with Question):
  - Your Supervisor notifies you to gather your team for a quick meeting to confirm their expertise in Google Suite. It's Friday afternoon and everyone's schedule does not align. You realize you need to collaborate in real time with 20 team members, but HOW?
- Hook Part 2 (Scenario with Solution):
  - Solution: Let's see how you can collaborate with team members in real time using Google Suite.
- Introduction/Welcome:
  - Introduce Learning Objectives
  - Create a new Google Sheet with customized drop-down options
  - Configure sharing and editing permissions in Google Sheets
- Creating a New Google Sheet
  - Create a new Sheet
  - Add a Sheet Title
  - Add cell labels
- Inserting Drop-Downs
  - Highlight the range of cells
  - Click Insert
  - Click "Dropdown"
- Customizing Drop-Downs
  - Go to Data > Data validation in the menu
  - Click "+ Add rule
  - Click Done

- Configuring Sharing and Editing Permissions
  - Click on 'Share' button
  - Add editing permissions
  - Click Send
- Editing and Collaborating in Real Time
  - Show multiple users editing sheet simultaneously
- Conclusion... now you know how to:
  - Create a new Google Sheet with customized drop-down options
  - Configure sharing and editing permissions for real-time collaboration
  - **Benefits:** Saves time and money, and streamlines collaboration efficiently
  - Stay tuned for next week's tutorial on adding comments in Google Sheets for more real-time collaboration.

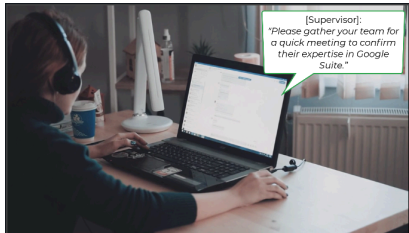

**Seat Time:** 3-4 Minutes

**Directions for Reviewer(s):** Please review the Camtasia video storyboard below and leave comments in the “Comments” column on the right-hand side as well as any suggestions on what to include or change instead.

**Global Comments:**

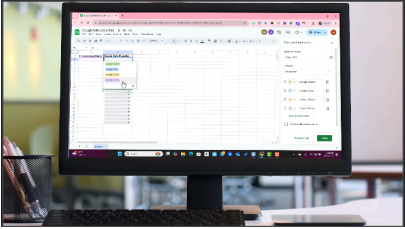

- Project size: 1080
- Real-life photos, videos, and actual demo of creating drop-downs in a Google Sheet and making it editable.
- Zoom in on ALL steps as they are performed.
- Add rings cursor effect for each mouse click.
- Each scene will have a green callout across the entire top of the screen with the scene label with white, bold text.
- Customize color  #34A853 for any callout outlines, callouts as titles, and arrows solid transition.
