You are the Sun
Eternal Light
Eternal Beauty
Silence is the mother of all creativity, beauty, love and inspiration

Sri Sri Ravi Shankar
Kissed by Grace

ISUN first appeared as a vision of a magnificent fabric of Light and Energy that could be touched and sensed intangible and subtle ways. Brimming over with a vibrant lifeforce and birthed from waves of Truth and Light in a harmonious dance with nature, a divine tapestry of alchemy was woven into elegant heart-opening, soulful, skin-awakening creations bathed in Endless Grace.
Endless Love

ISUN Alive and Ageless skin-caring products are consciously created with Love to hold a true intention to help heal, uplift and bring harmony to body, mind and spirit.

The subtle energy power of this intention carries the potential to awaken deeper levels of heart-opening and a heightened sense of awareness of our inner light source connection with ourselves, others and nature.

Becoming aware of our inner Light and the Light connection we share with all life, brings true Joy to our spirit. As our spirit soars in Joyful celebration, knowing the Light within is our true self, Peace and Love become our fragrance and silently expand out from us to touch others and uplift all life. This humble Grace we share with you through our products is the heart and soul of ISUN.

In an endless stream of Love, ISUN Skincare is conceived and hand crafted in the pristine Shining Mountains* of Colorado. The products are created to hold and transmit the healing and elevating lifeforce energy we speak of via the power of focused intention and collaborative creation with pure living sources from nature, whose own Light we share in deep connection.

ISUN skincare products, in essence, are high-performance alchemical creations that provide a vehicle to hold and transmit positive healing Light and consciousness-awakening energy while bringing unmistakable rejuvenating radiance to the skin.

*The Ute Indians who lived in the San Juan mountains of Colorado the land to be sacred and called the region the "Shining Mountains".
Love, the Source of all, is our deepest Connection
ISUN, our symbolic brand name, was born from the intention to bring greater awareness of all of our connections in Light. Throughout the history of mankind, the sun has been honored as a sustainer of life and, for many, is seen as a Divine being of Source Light. Our name, ISUN, carries a subtle message that the Light, which sustains life and exists in all life, not only exists in us, but is us in the deepest truth.
ISUN, when viewed as a written word, or spoken, or thought, may remind us, in a subtle and often unconscious way that we are Light. Still, an impression is imprinted in our energy field that we may recognize at another time.

ISUN may be defined on some level as “I Am A Sun”, which may transmit in our consciousness as, “I Am Light”. For some individuals, a brief glimpse of the origin and truth of their Being may be seen or sensed. For others, a smile may come to their face, or a warm feeling may be felt in their heart. Yet other individuals may simply like the sound, or appearance of ISUN. Any response invokes an uplifting feeling and all is well.

ISUN holds a promise of merging the Joy of recognition of our inner beauty radiating outward and the Happiness one feels from receiving an outer expression of radiant beauty from the skin-awakening and rejuvenating qualities of ISUN products.

We Are Light
We Are Love
We Are Peace
Meet the Founder

Founder, visionary and formulator of ISUN Skincare, Bunnie Gulick, at age 68, is still inspired to harvest spring water and wild plants for her product creations in the beautiful Colorado mountains she calls home.

What should ISUN best be known for?
For being an embodiment of Love and a positive source of inspiration to discover the Light we all are whose true essence is Love. An inspiration for others to think, speak and act in ways that do no harm to ourselves, others or nature and to treat all with loving kindness. This Spirit of ISUN is carried as subtle energy and is expressed in the integrity of our products.
Share with us how you came up with your brand name.

ISUN ("I" and "SUN"), carries the seed intention of our products and outreach. It speaks of our true inner nature that says “I Am a Sun ... Eternal Light ... Eternal Beauty”. When the name is spoken or thought, a subtle message is planted in our energetic field, or our consciousness, that reminds us we are Radiant Beings of Light whose true nature is Love.

You are a pioneer way ahead of your time in creating natural and wildcrafted organic products before it was cool. How did you come to chose this direction?

When I came to understand the truth of our inner nature and the absolute connection of oneness in Light we have with each other and nature, nothing else was real. There was only one path to follow, even though it barely existed in the commercial world of beauty and skin care. But it was the only way that was real and in harmony with natural law that could provide total well-being for our body, mind and spirit. This way of creating skin care products was the only way I could align with in truth. If ISUN could not offer a quantum healing effect overall — as it brought radiance and rejuvenation to skin — it was not worth the endeavor.

What is a necessary luxury you must have?

Silence. The masters teach that silence is the mother of all creativity, beauty, love and inspiration. I have found this to be true since I was a young child. Through silence came the inspiration, manifestation and all the expressions of ISUN. Through silence and “listening”, ISUN will continue to express, flourish and serve humanity.

What is the best advice you’ve ever received?

Freedom is absolute when you say YES to truth without hesitation or compromise. Walk your path with an open heart, knowing and seeing the Divine in all of life and all of life’s circumstances. Stay open to this truth and effortless grace and true freedom will follow. If this advice that formed my life and inspired ISUN can inspire others, then we have served our purpose.
It is the Light that urges the flower to open its Heart to the world
Our Connection with Nature

Living Nature

There is a feeling of exhilaration when we connect with living nature. A sense of Joy and youthful Vitality swells in us as we absorb the life-force energies found in the purity and aliveness of nature embracing us.

Our own expressions of Vitality and Life expand when our bodies and senses are nourished by living light, living water, living plants, living minerals and the unseen elevating and gentle spirit we can feel in the beauty and dance of nature.
Living Light, Living Plants

Living plants are teeming with superconductive energy and are integrated with healing vibrations of color and geometries that are in harmony with our bodies. They contain powerful regenerating nutrients and life-force energy harnessed from the sun as they transmute light into life. Science calls the light emitted by living cells in our body and in plant life, biophotons. Biophotons (light) are the key to communication between plant cells and our body.

This is the most subtle, yet most powerful aspect of energy fields that are within and surrounding all living things. Without light (biophotons), there is no life. When biophotons are not present in plant life, there is no communication between the cells in plants and the cells in our bodies and in our skin.

Topically applied products that contain chemicals or synthetic ingredients may produce a reaction, but they are not communicating harmoniously with the cells in our bodies or skin and therefore can create physical and even mental imbalances.

ISUN skin-caring products are created from living plants abundant with Light that is in harmony with the Light in our cells. The flow of communication between the Light in the plants and the Light in our cells opens the pathway in our body to effectively repair, regenerate, balance and protect our skin and support our overall well-being.
Happy plants,
Happy skin
Alive plantlife is made up of happy plant chemicals that include superconducting biophotons (light), ions and living water, and an impressive array of living nutrients. Science has demonstrated a dynamic interaction between anything that is topically applied to our skin and our nervous system. This interaction occurs via neurotransmitter receptor sites in skin that receive messages from either touch or substances topically applied. Neurotransmitters are then produced in the skin and send signals to the brain that are either favorable or unfavorable to substances applied to the skin.

To illustrate, if a substance containing chemicals that are not in harmony with our body is applied to our skin, our skin might react by producing a rash or other irritation. In addition the neurotransmitters produced send stress signals to the brain, which responds by altering the way we feel. We may feel irritated, angry or depressed and not understand why.

On the other hand, if we apply substances from nature that are in harmony with our body — especially if they are alive with light, nutrients and good intentions — our skin produces neurotransmitters called beta-endorphins, known as happy hormones because of the feelings of well-being and pleasure they produce.

ISUN Alive & Ageless skin-caring products are created to be in harmony with our body in order to produce beta-endorphins for serenely satisfied radiant glowing skin, and peaceful feelings of well-being.

Love, Joy and Peace are your fragrances
Wildcrafted & Organic Plantlife

Wildcrafted plants are harvested from their natural habitats where they grow freely, untouched by humankind. They are ideally supported by compatible plants and eco-systems in soil that is teeming with abundant life and nutrients to support their growth. This results in plant-life that is higher in nutrient values than organically and commercially farmed plants and 100% free of additives.
Wildcrafted plants most often grow in pristine environments, such as forested regions or around bodies of water, where there is an unseen life-force energy that can be sensed. This energy contributes in subtle ways to the dynamic properties found in wildcrafted plants. Edible wildcrafted plants are often called “superfoods” because of their higher nutrient and energy values.

Our first choice of ingredients for ISUN products are wildcrafted plants in the forms of herbs, oils and essential oils. Alive wildcrafted plants are the most harmonious with our bodies and offer optimal benefits for our skin and overall well-being due to their dynamic properties.

Higher in superconducting ions and biophotons than cultivated plants, they are easily absorbed by our skin and send positive messages to our skin receptors to produce beta-endorphins, the happy hormones that awaken the natural radiance in our skin and promote feelings of well-being.

We are all the Light of Consciousness

Mooji
Honoring Living Plants

Ancient and indigenous people recognized the intelligence of living plants. In many ancient traditions, people communicated with the spirit of a plant and telepathically received knowledge about its unique uses and benefits to humankind. In return for the knowledge received, the people communicated back messages of love and gratitude to the spirit of the plant that helped them thrive.

Some of our ingredients are sourced from indigenous people who continue these same sacred practices. We believe through the healing intentions, love and gratitude sincerely expressed by those who gather the wild plants, the life-energy of the plant becomes more full, and a deeper subtle energy value is received by the end-user.

We honor the sacred depths of meaning and express our gratitude for the beauty and transmission of the Light of Consciousness nature bestows upon us as we create ISUN products with loving care.
Light (biophotons) is the life-force of water that carries all life and is beyond time. It bears the seeds of future life and the memory of past life as it flows and jubilantly dances, spirals and creates vortexes over rocks and fallen branches. It dynamically expands and contracts on its journey, gaining biophotons and ions and absorbing more oxygen to create a molecular structure that powerfully increases its energy making it even more alive.

Living water is the beginning of manifested life and sustains life. Our physical existence depends on water. Every living thing from the tiniest single-cell organism to Earth herself needs to contain water as well as be surrounded by vibrant water.

The most important function of water in our bodies, including our skin, is to facilitate rapid communication between cells and connective tissues for repair and regeneration. Water transfers data from DNA and has memory. Living water has an extraordinary ability to retain energy and memory and can be used as a medium of consciousness to heal, uplift and enhance life.
Research scientist, Masaru Emoto, proved to the scientific community that intention, words and thoughts are captured and retained in water, including the water in our bodies, which is 70% of our physical structure.

Emoto recorded the crystal formations that occurred when a word or thought was spoken or written on a piece of paper and taped on a vessel of water. Positive words or thought such as “Love and Gratitude” caused the water to form beautiful crystalline structures. Negative thoughts or words caused crystals to burst and become disorganized.

Living, naturally structured water from a rushing spring or any body of water that is in movement, is healing and life-enhancing. It can be programmed with the energy of positive messages, which are then transmitted to the living water in the tissues and organs of our bodies. This occurs via the electromagnetic currents and biophotons in living water that communicate with the biophotons in our bodies carried by electromagnetic currents to our tissues and organs.

ISUN has embraced this knowledge and has created special life-enhancing products by harvesting vibrant living water from a pristine mountain spring in a lush, lively forest. We have applied the work of Masaru Emoto, and merged it with ancient sacred science using sound, color vibrations, crystals and geometric symbols, as we create and make ISUN Skincare products.
Enchanting hues of shimmering gold and blue Light can sometimes be seen in the vibrant living water gushing from the small mountainside cavern where we source the water for special ISUN Skincare products. The water is cold, sweeter than other water and feels slightly heavier in your mouth. These are characteristics of water containing high concentrations of liquid metals from the platinum group including gold, platinum, silver and copper.

The liquid, light-infused elements are single atoms in a high-spin state. They are superior superconductors of cell communication and quantum energy in our bodies and energy fields that deliver more rapid regeneration of tissues and which can alter consciousness in a positive, uplifting way. It has been said they are a medium of communication between the physical world and higher dimensions. These single atoms have been given a name — Ormus.

Gratitude fills the Heavenly Realms of my Soul
The journey to and from our sacred spring at an altitude of 9,600 feet is sometimes arduous, but always exhilarating and inspiring! Once reached, we silently honor the ormus-enriched living water with love and gratitude. A crystal is placed in each bottle we harvest. When we return to the lab, the water is transferred with focused attention into glass bottles with geometric symbols and crystals inside to enhance the vitality and subtle energy in the water.

With loving care and while holding a focus of intention on healing, love, joy, peace and raising conscious awareness, we prepare our Ormus Myst with energy techniques including sound and vortexing the water in a bed of gemstones with crystal color vibrations. An aromatic blend of rose, jasmine and frankincense essential oils enhances the vibration and for the final touch, a small clear crystal is embedded in the bottle to hold the energy of the intention.

As you mist your face and body, or clear the space around you, your skin and your senses awaken to the pure Light and loving vibrations of the living water essence. The blissful aroma elevates your consciousness and calms your mind, and you are lifted to a new sensation of body, mind and spirit well-being.
To enhance your Ormus experience, we’ve created an aromatic mineral bath with ancient salts rich in Ormus elements. In a high vibrational bath of Pink Himalayan, Pink Peruvian and Dead Sea Salts laced with essential oils including frankincense and rose, your higher senses may open to an inspiring, elevating experience beyond the usual.

**Ormus Bath**

For a lingering memory of the blissful aroma of Ormus Myst, we offer the pure aromatic oils to simply breathe in and feel the high vibratory sensation of beauty and peace, or to enjoy the fragrance diffused into the air or to wear on your skin.

**Ormus Rose**

*Love is the fragrance of your own pure heart*

Mooji
ISUN Alive and Ageless Skincare products are a celebration of our belief that a dynamic and luminous quality of radiance and youth projected through the skin, can be captured simply by embracing the rhythm and flow of perfection and Light that exists within natural law. With this awareness, we receive an outpouring of nature’s many gifts of magnificence.

With deep gratitude, we have embraced nature’s finest gifts with the most powerful life-force energies and extraordinary nutritive values, and have skillfully formulated them into incomparable alive nourishment for our skin and body, mind, spirit well-being.

*With endless Gratitude and Love, we offer ISUN to you.*

* Bunnie Gulick  
* Founder*
Golden Principle – Do No Harm

Our guiding principle in the creation of ISUN products is that the ingredients we source and our manufacturing practices – from beginning to end – bring no harm to the land, the people of the land, or the environment from where ingredients are sourced; to those who work to cultivate or harvest the ingredients; to animals, microorganisms and their eco systems; and especially to the individuals who use our products.

Foremost, this means using no harmful chemicals in our products. Skin care products are readily absorbed through the skin into subcutaneous tissues that contain tiny capillaries. Chemicals in topically applied products travel through these capillaries into larger veins and eventually into the tissues, organs and cells of our body.

This can lead not only to obvious symptoms such as skin rashes or breakouts, but also to more serious hidden damage resulting from weakening of our immune system, including liver congestion that upsets more than 400 functions in the body, cellular DNA alterations that can lead to cancer and aging, or alterations in brain chemistry that can lead to depression or other emotional disturbance. Often these effects are cumulative, with long-term damage that is not recognized to be a result of topically applied skin care products that contain harmful chemicals.
Products with a Presence

Underlying all we do in the making and outreach of our “Products with a Presence”, is our belief that a true measure for happiness and success in life is living naturally, with a depth of caring expressed by treating ourselves, others and our Earth with loving kindness in the understanding that we are all one. With that awareness, it is natural to graciously give to ourselves, others and our Earth with gratitude and without condition.

Eco-Conscious Ethics

Giving back to the earth is a way of life in the making of our products. We avoid using harsh chemicals in our products that may upset the balance in our soil or in our environment during manufacturing or in our cleaning products. We use recycled and recyclable materials whenever possible.

Responsible Sustainability

Our products are made of wildcrafted, organic and natural ingredients. The foundation of all our products are living plants, unrefined plant oils and essential oils. The only preservative we use in our water-based products that require a preservative is aspen bark extract, a common tree found in our mountain environment. No harsh chemicals are used, and no animal testing is conducted on our ingredients or our products.

Ingredients with Integrity

Our ingredients are sourced globally from locations where the land and surrounding vegetation, animals, micro-organisms and their ecosystems, and the people who harvest our ingredients are protected. We are aware of the connection of all life and understand that sustainable practices support a thriving, healthy, natural and diverse environment that benefits the totality of life.
Conscious Processing

Our products are created with cold-processing extraction and blending techniques where possible. This maintains peak activity, natural high-nutrient values and the energetic qualities found in live plant ingredients for the highest performance in skin. Plant electrons undamaged by heat or chemicals are more in harmony with our skin and are readily assimilated into living tissue, where they can be used for cell and tissue regeneration and maintenance.

Distinctive ISUN Processing

All of our oil-based products begin with a distinctive herb-infused oil as a key ingredient. Prepared in a cold process, the herbs and oils are carefully chosen for their therapeutic benefits for skin and their health values for the body and mind. Each herb oil is keyed to the purpose and activity of each individual product.

The herbs infused into the base oils are kept at a low, warm temperature (90-95°F) for 14 to 30 days. Each working day, they are lovingly blessed and attended to. Our aqueous herb extracts are prepared with similar care and distinction and are uniquely extracted into pure, organic aloe vera juice. Aloe, which is high in superconducting ormus, activates the extraction process and enhances the finished extract, resulting in greater than usual benefits.

Manufacturing Compliance

All ISUN products are formulated and developed by our founder, Bunnie Gulick. They are manufactured by us in our lab located in the pristine environment of the San Juan Mountains in Colorado. Our products are tested in our facility and by a third-party laboratory. We are GMP (good manufacturing practice) and OSHA compliant.

Packaging with Integrity

ISUN products are packaged in recyclable dark violet glass manufactured and tested in Switzerland to better preserve the higher values of all natural products. This unique glass prevents penetration of radiation from airport x-ray machines and other sources. Some products that are used in showers or bath are packaged in high-quality recyclable PET plastic bottles and jars to prevent breakage.
Your skin is a living, breathing organ ...

Capable of repair and regeneration when embraced by a lively environment of hydration, oxygen and the right nutrients. Our highest performance facial products are powerful alchemical blends working together in perfect synergy and in harmony with your skin. The thread of key active ingredients melded into blends of living herbs, oils and essential oils, intertwined throughout our Star Products, orchestrate a beautiful symphony for revitalized, radiant skin.
## Pure Plant Power

### Beta-Glucan

Oat-derived beta glucan stimulates the skin’s fibroblast cells to produce more collagen, elastin and other connective tissues. It stimulates the skin’s natural immune system against bacteria and damaging free radicals, and is hydrating and anti-inflammatory. The result is fewer aging effects, less redness and skin irritation, enhanced hydration and clearer skin.

*Found in:* Emerald Sun Hydrosol, Phyto-Infusion, Peptide Eye Cream, Phyto-Antioxidant Cream, The Gentleman’s After Shave, Radiant Light Serum

### Buriti Fruit Oil

From a fruit grown wild in the Amazon rainforest, this bright red oil has the highest known level of skin-protecting carotenoids. Carotenoids are proven to prevent skin cancers. It also contains significant levels of tocotrienols and vitamin C and array of other nutrients. Buriti fruit oil provides excellent natural sun protection and promotes a healthy tan.

### Blue Algae Peptide

Freshwater algae that stimulates skin cells to produce ATP, the cells’ energy source to perform metabolic functions at optimal levels. Higher levels of ATP in fibroblast skin cells increase the production of collagen, elastin and other connective tissues and increase rapid cell renewal for fresher, bright-looking skin with fewer aging effects. The by-product of ATP activity is pure water, which is present to hydrate inner cell structures and, of greatest importance, to keep cellular DNA hydrated and extend the vitality and lifetime of the cell. The result is prevention of aging effects in skin and healthier, more balanced skin.

*Found in:* Emerald Sun Hydrosol, The Gentleman’s After Shave

### CoQ10

An antioxidant-enzyme essential for cell energy. CoQ10 (Ubiquinol) increases the synthesis of DNA, increases the synthesis of hyaluronic acid and protects skin from free radical damage. It works synergistically with vitamin C and tocopherols (found in the same ISUN products where CoQ10 is found). Aging effects in skin are prevented and reduced and skin hydration is enhanced.

*Found in:* Phyto-Infusion, Intense Ultra Restore, Ultra Restore, Ultra Sapphire, Peptide Eye Cream, The Gentleman’s Moisturizer

### Edelweiss Extract

An antioxidant alpine plant that stimulates key proteins responsible for providing maximum skin barrier integrity and protection against tissue breakdown and loss of moisture. It helps the skin preserve its natural balance of collagen and elastin which supports stronger healthier skin with fewer aging effects, increased moisturization and reduced skin sensitivity.

*Found in:* Emerald Sun Hydrosol, Phyto-Infusion

### Buddleja Extract

An antioxidant plant that protects skin cells from UV damage. It specifically protects DNA and has been shown to reduce DNA fragmentation induced by UVB by 75%. Buddleja is also antibacterial and promotes rapid wound healing.

*Found in:* Emerald Sun Hydrosol, Phyto-Infusion, Peptide Eye Gel, Photo-Enzyme Serum, Herbal Sun Butter
Star-Performing Products

Perfect ISUN Synergy

ISUN's highest performing products are created to work together in perfect synergy and in harmony with your skin. Each product is a beautiful alchemical blend of ingredients and pure intention, and can be used alone or in partnership with any other ISUN product.

Emerald Sun Hydrosol

All skin types, young adult and mature

An excellent deep-hydrating solution that energizes skin cells for rapid cell renewal, accelerated collagen and connective tissue production, provides protection of cellular DNA and collagen fibers, and soothes and calms skin. The result is a brighter, revitalized and more hydrated complexion, reduced aging effects and calm skin.

PRACTICAL USE

Apply to cleansed face and neck, including around eye area 2x per day.

KEY ACTIVE INGREDIENTS

Ormus water, blue algae peptide, edelweiss extract, buddleja extract, beta-glucan, hyaluronic acid and aloe vera

Phyto-Infusion Serum

Mature skin

ISUN’s age-defying facial serum in a silky, soothing base supports cellular repair and regeneration of damaged tissues while it actively protects cellular DNA, collagen and connective tissue from environmental damage and aging effects. The result is firmer, thicker skin with less sagging, fewer lines and wrinkles, and softly glowing skin.

PRACTICAL USE

Apply to cleansed face and neck, including around eye area 2x per day. For best results, apply Emerald Sun Hydrosol and allow to absorb for one minute, then apply Phyto-Infusion. Follow with an application of Peptide Eye Cream and the facial oil for your skin type.

KEY ACTIVE INGREDIENTS

Ormus water, stem cells (orange-derived), phytoplankton enzymes, ulva green algae, rice peptides, vitamin C ester, CoQ10, superoxide dismutase, edelweiss extract, buddleja extract, beta glucan, hyaluronic acid and buriti fruit oil

Peptide Eye Cream

For those who prefer rich moisture

A light, yet rich lotion-cream with a plant peptide that visibly reduces dark circles and puffiness. The skin-regenerating ingredients and antioxidant protection prevent and reduce aging effects. Moisture is retained in the delicate skin surrounding the eyes and larger fatty molecules provide an outer layer of barrier protection.

PRACTICAL USE

Around each eye, gently tap a tiny drop of your eye care product. If you are following the ISUN Skin Strategy of layering, apply your eye product after the Phyto-Infusion and before your facial oil. For a special nighttime eye treatment, layer the two products to create an eye mask. Apply a generous layer of Peptide Eye Gel and allow 10 minutes for it to absorb before applying a layer of Peptide Eye Cream.

KEY INGREDIENTS

Ormus water, peptide complex, SOD, vitamin C, CoQ10, ulva green algae, phytoplankton enzymes, hyaluronic acid, lavender and frankincense sacra

Peptide Eye Gel

For those who prefer a lighter touch

Our light gel eye product was created for those who prefer a penetrating, cooling, hydrating gel with no oils or essential oils. The carrier base of a pure hyaluronic acid-aloe vera complex is infused with a vegetal peptide that visibly reduces dark circles and puffiness. Beta-glucan and cooling cucumber distillate soothe eye tissues as herb extracts help protect and reduce aging effects.

PRACTICAL USE

Around each eye, gently tap a tiny drop of your eye care product. If you are following the ISUN Skin Strategy of layering, apply your eye product after the Phyto-Infusion and before your facial oil. For a special nighttime eye treatment, layer the two products to create an eye mask. Apply a generous layer of Peptide Eye Gel and allow 10 minutes for it to absorb before applying a layer of Peptide Eye Cream.

KEY INGREDIENTS

Hyaluronic acid-aloe vera complex, peptide complex, beta-glucan, buddleja extract and cucumber distillate

No oils or essential oils
Hyaluronic Acid

Sometimes called sodium hyaluronate, it is a natural component of skin that diminishes with age. It is essential to maintain hydration in skin and attracts and holds water 500 times its weight within the tissues. It facilitates the transport of nutrients and oxygen into the cells and helps remove toxins. The result is better hydrated skin with healthier skin cells and more balanced, supple skin.

Found in: Emerald Sun Hydrosol, Phyto-Infusion, Peptide Eye Gel, Peptide Eye Cream, Phyto-Antioxidant Cream, The Gentleman’s After Shave, Photo-Enzyme Serum, Clarity (Facial Serum)

Phytoplankton Enzymes

Marine plankton enzymes called photosomes not only protect the plankton from UV rays, they also protect our cellular DNA from UV damage, thereby helping to prevent skin cancers and aging effects in skin. Photosomes selectively protect telomeres (an age regulator at the end of the DNA chromosome), as well as stimulate their growth—a key to age prevention.

Found in: Phyto-Infusion, Peptide Eye Cream, Phyto-Antioxidant Cream, Photo-Enzyme Serum

ISUN Skin Strategy — For Maximum Results

For maximum results, our key-performing facial products are designed to work in synergy together for optimal regeneration and prevention of aging effects. This works best in a layering process.

Step 1
Emerald Sun Hydrosol, a water-based product, is the perfect product to apply first after cleansing. The negative ion-charged base solution facilitates efficient delivery of moisture and nutrients into the skin.

Step 2
Phyto-Infusion, our powerful facial serum, is a liposomal (oil in water) based product that is applied next. Its composition helps seal in the valuable nutrients in the Emerald Sun Hydrosol. The liposomal structure can effectively penetrate cell walls and drive the nutrients from both products deeper into living tissues where regeneration occurs.

Step 3
The final layer is a pure, 100% active facial oil that, due to the solubility of oils in skin, can cross the skin barrier and enter the capillaries. The tiny oil molecules present in our facial oils act as carriers for the nutrients present in all three layered products, while the larger molecules remain in the outer layers of skin to protect and strengthen our skin’s natural moisture barrier.
Star Performing Moisturizers

Age-revitalizing facial oils for maturing skin

ISUN’s distinctive high-performing, 100% pure and active facial oil moisturizers are vibrantly alive, teeming with nutrient value and in perfect harmony with our skin. The superior value of facial oil moisturizers is their natural solubility in skin, which is oil-loving, giving them the ability to cross the skin barrier and penetrate deep into living tissues. Creams, on the other hand, are basically a blend of wax and water ingredients with some oil and cannot penetrate deeply into the tissues to deliver active nutrients where they can make a difference, nor can they be 100% pure and active as oils can.

Your facial oil may be applied alone after cleansing, or may be blended with the Phyto-Infusion Serum or Emerald Sun Hydrosol for a lighter application. For increased hydration, first apply ISUN’s Emerald Sun Hydrosol, followed by your facial oil. For maximum results, follow the Skin Strategy regime on the previous page.

**Intense Ultra Restore**
Ideal for dry skin

- 30ml Miron Glass

**Ultra Restore**
Ideal for normal and combination skin

- 30ml Miron Glass

**Ultra Sapphire**
Ideal for sensitive skin

- 30ml Miron Glass

**KEY INGREDIENTS**

**Key Base Oils:** Rosehip seed, avocado, shea, sesame, jojoba, carrot seed and argan

**Key Essential Oils:** Rose, frankincense, sandalwood, vetiver and jasmine

**Key Base Oils:** Grapeseed, MCT coconut oil, hazelnut, pomegranate seed and argan

**Key Essential Oils:** Lavender, sandalwood, jasmine, neroli and rose

**Key Base Oils:** Grapeseed, tamanu, aloe vera, andiroba, rosehip seed and argan

**Key Essential Oils:** Jasmine, blue chamomile, sandalwood, neroli and helichrysum

**SHARED INGREDIENTS**

ISUN offers three skin-transforming facial oil moisturizers for individual skin types. All three facial oils offer maximum levels of key beneficial antioxidants and other nutrients for skin health and transformation. These are skin-soluble, stable vitamin C, CoQ10, carotenoids, tocopherols, tocotrienols, polyphenols, an array of essential fatty acids and concentrated herb-infused oils containing a range of antioxidant, antimicrobial, regenerating and anti-inflammatory herbs. The differences in the three oils are varied base oils and essential oils specific for the individual skin types designated for each revitalizing facial oil.

**PRACTICAL USE OF OUR FACIAL OILS**

Your facial oil may be applied alone after cleansing, or may be blended with the Phyto-Infusion Serum or Emerald Sun Hydrosol for a lighter application. For increased hydration, first apply ISUN’s Emerald Sun Hydrosol, followed by your facial oil. For maximum results, follow the Skin Strategy regime on the previous page.

**RESULTS OF ISUN AGE-REVITALIZING OILS**

- Provides broad spectrum nourishment for optimal metabolic function.
- Enhances collagen production and maintains collagen and connective tissue integrity.
- Slows aging effects in skin and protects from environmental damage.
- Strengthens the skin’s natural barrier to better retain moisture.
- Helps fade skin discolorations and support more even skin tone.
- Softens and gives skin a glow of youthful radiance.
**Ormus Water**

Mountain spring water harvested from the source is naturally structured and enriched with high-energy ormus atoms. Their superconductive state accelerates cell communication for more rapid repair and regeneration of skin and enhances the synergy of other ingredients for greater effectiveness and increased assimilation into the tissues.

*Found in:* Ormus Myst, Emerald Sun Hydrosol, Phyto-Infusion, Peptide Eye Cream, Peptide Eye Gel

---

**Rice Peptides**

An antioxidant plant that protects skin cells. The rice-derived peptides inhibit collagenase, an enzyme that breaks down collagen. This action protects existing collagen fibers in skin from damage. It also helps maintain the skin’s moisture content and elasticity.

*Found in:* Phyto-Infusion

---

**Peptide Complex**

Peptides and SOD (superoxide dismutase) derived from purified rice bran protein, soy protein and biotechnologically produced yeast protein, this active complex protects and strengthens delicate tissues around the eyes. It functions by improving microcirculation and protecting the integrity of the collagen and elastin connective tissues. The result is visibly reduced under-eye dark circles and eye puffiness, and fewer lines, wrinkles and saggy tissues. It also protects against harmful effects from UV rays. Confirmed visible results are seen in 4 weeks and maximum results in 8 weeks with consistent use.

*Found in:* Peptide Eye Cream, Peptide Eye Gel

---

**Stem Cells**

Citrus-derived stem cells support skin regeneration by organizing the skin’s structure of connective tissue fibers and increasing production of fibroblast cells. This leads to increased collagen, elastin and other connective tissues in skin. The result is firmer, more elastic, thicker skin with fewer wrinkles, lines and sagging.

*Found in:* Phyto-Infusion

---

**Superoxide Dismutase**

A powerful antioxidant that is the skin’s first defense against free radicals that damage tissues and DNA. Specifically, SOD eliminates dangerous superoxide radicals in the outer layers of skin without being consumed in the process, which is typical of other antioxidants. Instead, SOD remains active to continue eliminating free radicals in the outer layers of skin before they can penetrate to deeper cell levels. SOD is an excellent safeguard against UV damage.

*Found in:* Phyto-Infusion, Peptide Eye Cream, Photo-Enzyme Serum, Phyto Antioxidant Cream

---

**Ulva Green Algae**

A marine algae that increases production of collagen I and III, elastin and other connective tissues. It blocks synthesis of metalloproteinases to protect connective tissues from breaking down and inhibits proinflammatory mediators. The result is firmer, younger quality skin with reduced aging effects, and reduced redness and inflammation.

*Found in:* Phyto-Infusion, Peptide Eye Cream, Phyto Antioxidant Cream

---

**Vitamin C Ester**

A stable, highly active vitamin ester (tetrahexyldecyl ascorbate) that provides antioxidant protection in skin against harmful effects from UV and damage to cellular DNA, stabilizes and boosts collagen, and prevents melanogenesis to prevent and fade skin discolorations. The result is fewer aging effects and prevention of aging in skin with more even skin tone.

*Found in:* At peak levels: Intense Ultra Restore, Ultra Restore, Ultra Sapphire, The Gentleman’s Moisturizer; At average levels: Phyto-Infusion, Peptide Eye Cream, Phyto Antioxidant Cream, Radiant Light Serum

---

**Rice Peptides**

An antioxidant plant that protects skin cells. The rice-derived peptides inhibit collagenase, an enzyme that breaks down collagen. This action protects existing collagen fibers in skin from damage. It also helps maintain the skin’s moisture content and elasticity.

*Found in:* Phyto-Infusion

---

**Peptide Complex**

Peptides and SOD (superoxide dismutase) derived from purified rice bran protein, soy protein and biotechnologically produced yeast protein, this active complex protects and strengthens delicate tissues around the eyes. It functions by improving microcirculation and protecting the integrity of the collagen and elastin connective tissues. The result is visibly reduced under-eye dark circles and eye puffiness, and fewer lines, wrinkles and saggy tissues. It also protects against harmful effects from UV rays. Confirmed visible results are seen in 4 weeks and maximum results in 8 weeks with consistent use.

*Found in:* Peptide Eye Cream, Peptide Eye Gel

---

**Stem Cells**

Citrus-derived stem cells support skin regeneration by organizing the skin’s structure of connective tissue fibers and increasing production of fibroblast cells. This leads to increased collagen, elastin and other connective tissues in skin. The result is firmer, more elastic, thicker skin with fewer wrinkles, lines and sagging.

*Found in:* Phyto-Infusion

---

**Superoxide Dismutase**

A powerful antioxidant that is the skin’s first defense against free radicals that damage tissues and DNA. Specifically, SOD eliminates dangerous superoxide radicals in the outer layers of skin without being consumed in the process, which is typical of other antioxidants. Instead, SOD remains active to continue eliminating free radicals in the outer layers of skin before they can penetrate to deeper cell levels. SOD is an excellent safeguard against UV damage.

*Found in:* Phyto-Infusion, Peptide Eye Cream, Photo-Enzyme Serum, Phyto Antioxidant Cream

---

**Ulva Green Algae**

A marine algae that increases production of collagen I and III, elastin and other connective tissues. It blocks synthesis of metalloproteinases to protect connective tissues from breaking down and inhibits proinflammatory mediators. The result is firmer, younger quality skin with reduced aging effects, and reduced redness and inflammation.

*Found in:* Phyto-Infusion, Peptide Eye Cream, Phyto Antioxidant Cream

---

**Vitamin C Ester**

A stable, highly active vitamin ester (tetrahexyldecyl ascorbate) that provides antioxidant protection in skin against harmful effects from UV and damage to cellular DNA, stabilizes and boosts collagen, and prevents melanogenesis to prevent and fade skin discolorations. The result is fewer aging effects and prevention of aging in skin with more even skin tone.

*Found in:* At peak levels: Intense Ultra Restore, Ultra Restore, Ultra Sapphire, The Gentleman’s Moisturizer; At average levels: Phyto-Infusion, Peptide Eye Cream, Phyto Antioxidant Cream, Radiant Light Serum
Cleansers
**Balanced skin begins with the right cleanser**

When your skin feels dry no matter how much moisturizer you use and is showing signs of aging much too soon, you may be using a cleanser that is too alkaline for your skin. Ideally, your cleanser is free of harsh chemicals, keeps your skin hydrated and maintains the integrity of the natural acid mantle that protects against bacteria and other imbalanced conditions. A cleanser that is either too alkaline or too acidic weakens the natural moisture barrier and acid mantle of your skin leaving it vulnerable to problems and feeling tight or dry.

ISUN’s gentle, nourishing and all-natural cleansers are optimally balanced to match the pH of healthy, balanced skin (5.5). No matter which cleanser you choose, your skin will remain hydrated and protected and set the tone for the best results from your skin care regime.

---

**Lemon-Balsam Cleanser**  
*Dry and normal skin*

Our moisturizing, cream-based facial cleanser soothes your skin as it effectively removes excess oil and dirt. Your senses are uplifted with the lemon-balsam aroma from pure essential oils.

120ml PET . 200ml Miron Glass

---

**Lavender-Sage Cleanser**  
*Normal, combination, oily and blemished skin*

The refreshing fragrance of lavender, sage and lemon tea tree essential oils awakens your skin and senses in a hydrating aloe vera gelé base that is purifying and soothing for any complexion.

120ml PET . 200ml Miron Glass

---

**Coco-Cucumber Cleanser**  
*Normal and sensitive skin*

Naturally aromatic virgin coconut oil and cucumber distillate provide a light, creamy base to cool, calm and soothe skin while gently lifting dirt and impurities from your skin’s surface.

120ml PET . 200ml Miron Glass

---

**PRACTICAL USE**

Use 1-2 pumps for face, neck morning and at night by gently massaging in circular motions for 1 minute. Rinse well.

**Optional uses:**  
(1) Blend in a small amount of Rhassoul Refining Exfoliant to cleanse and exfoliate.  
(2) Cleanse 2 times to remove make-up.

---

**KEY ACTIVE INGREDIENT**

**Avocado Butter.** Vitamins A, E and essential fatty acids nourish and moisturize skin.

**Herb-Infused Aloe Juice.** Neem, rosemary, lemon balm and lavender purify and soothe.

**Coconut Oil.** Cooling, antimicrobial and soothing. Keeps skin healthy, balanced and calm.
Exfoliants

Radiant skin begins with exfoliation

A quality of young skin is its ability to effortlessly eliminate dead skin cells as they reach the skin’s surface. This keeps young complexions looking fresh and smooth. As we mature, the process of sloughing off dead skin cells slows down, allowing them to accumulate on the skin’s surface. This can result in a dull, dry and more aged appearance. By routinely gently exfoliating our skin, our complexion takes on a renewed smooth texture and a healthy, radiant glow.

There are added benefits to exfoliating. Circulation in the subcutaneous tissues stimulates new cell growth for a fresher look, and facilitates the delivery of hydration, oxygen and nutrients to the skin. In addition, by removing dead cells, beneficial nutrients contained in the product are more efficiently absorbed into the tissues.

**30ml Miron Glass**

**Rhassoul Refining Exfoliant**

Maturing dry, normal and oily skin

Ancient lake beds in the Atlas Mountains of Morocco are rich with clay containing layers of silica, magnesium and other minerals capable of absorbing both water and impurities. When water is added to the powders, a silky base is formed, providing the perfect slip to gently exfoliate skin.

**100ml Miron Glass**

**Phyto-Enzyme Exfoliant**

Sensitive, blemished and young skin

Our most gentle exfoliant is a blend of nourishing and purifying ground herbs, powdered skin-softening fruit enzymes and absorbant rhassoul clay. Mixed with liquid, it provides mild cleansing and exfoliating action that softens and smooths skin texture as it helps remove impurities and nourish skin for a healthier complexion.

**100ml Miron Glass**

**Crystal Cleansing Exfoliant**

All skin types

The perfect mild exfoliant if you love the convenience of having your cleanser and exfoliant in one bottle. This creamy cleanser with refining silica crystals also includes skin brightening pearl powder and high vitamin C kakadu plum.

**120ml PET**

**Intense Exfoliant**

Not for sensitive or young skin

Our liquid gel exfoliant is based on honey extract which contains natural lactic acid, a mild alpha hydroxy acid. Lactic acid’s low pH has a penetrating, dissolving action on dead skin cells. It is blended with aloe, cucumber, algae and lavender to soothe skin.

**30ml Miron Glass**

**PRACTICAL USE**

**Options:** (1) Apply to cleansed skin avoiding the eye area. Leave on for 1-5 minutes, then cleanse skin again with your ISUN cleanser. (2) Blend with 1/4-1/2 tsp Rhassoul Refining Exfoliant and gently scrub for 30-60 seconds on damp skin. Rinse well, then cleanse with an ISUN cleanser. (3) Apply to cleansed skin. After one minute, apply a layer of Honey-Goji Berry Mask, Pearl Radiance Mask or Chlorella Algae Mask. After 15 minutes, rinse well or scrub the mask off with a blend of Rhassoul Refining Exfoliant and water. Apply more water as needed.

**Options:** (1) Blend 1/4-1/2 tsp of exfoliant powder with twice as much water or other liquid and gently scrub damp skin for at least 1 minute, then rinse. (2) Mix powder in your cleanser and scrub gently. (3) Blend powder with any ISUN mask, leave mask on for 15-30 minutes, then apply water and scrub mask off. Rinse well.

**PRACTICAL USE FOR POWDERED EXFOLIANTS**

Cleanse face with a light scrubbing action for 1 minute or longer, then rinse well. May be used daily.
Moisturizing Herbal Facial Oils
Created with young adult and teen skin in mind

Our vibrantly alive herbal facial oils are pure consciousness in a bottle. Carefully selected wildcrafted and organic herbs are infused into unique oil blends to support a healthy balance for varied skin types. Antioxidant herbs and oils are included to help prevent early signs of aging in skin.

The pure organic vitality of each facial oil moisturizer offers a perfect solution for young adult skin to help maintain health, balance and the forever beautiful glow of youthful radiance. Lovely for maturing skin too!

Ruby
Dry skin

Ruby facial oil shares the qualities of the warm red vibration of the ruby gemstone. Strengthening and energizing herbs and oils powerfully nourish, moisturize and protect dry skin, returning it to its natural vibrancy.

Sapphire
Normal and sensitive skin

Sapphire facial oil shares the qualities of the cooling blue vibration of the sapphire gemstone. Calming, balancing herbs and oils help reduce redness and calm irritated skin while maintaining the skin’s moisture balance and radiance.

Sunstone
Combination and oily skin

Sunstone facial oil shares the qualities of the warm, stress-reducing vibration of the sunstone gemstone. Balancing herbs and oils help balance skin stressed from over-secretion of oil and from skin irritations and breakouts.

PRACTICAL USE

Apply to cleansed skin and neck. Take care to not apply oil too close to eyes to avoid irritation.

KEY ACTIVE INGREDIENTS

Ruby
- Hemp Seed Oil. Effective moisturizer high in omega 3, 6 fatty acids, vitamins A and E, and a range of skin-nourishing minerals.
- Avocado Oil. Rich replenishing oil with high levels of fatty acids, phytosterols, carotenoids, vitamin E and vitamin C.
- Key Essential Oil. Vetiver.

Sapphire
- Hemp Seed Oil. Effective moisturizer high in omega 3, 6 fatty acids, vitamins A and E, and a range of skin-nourishing minerals.
- Avocado Oil. Rich replenishing oil with high levels of fatty acids, phytosterols, carotenoids, vitamin E and vitamin C.
- Key Essential Oil. Blue Chamomile.

Sunstone
- Hemp Seed Oil. Effective moisturizer high in omega 3, 6 fatty acids, vitamins A and E, and a range of skin-nourishing minerals.
- Avocado Oil. Rich replenishing oil with high levels of fatty acids, phytosterols, carotenoids, vitamin E and vitamin C.
- Key Essential Oil. Blue Chamomile.
Other Moisturizers

More for face and lips

Unscented Revitalizing Oil
Dry, normal and sensitive skin

Our moisturizing blend of unrefined oils with high level antioxidant, regenerating and calming properties, contains no essential oils. The oils offer pure organic vitality for healthy skin of any age, prevention of aging effects in skin, and repair for damaged skin.

PRACTICAL USE
Apply to cleansed skin and neck. Take care to not apply oil too close to eye opening to avoid eye irritation.

KEY ACTIVE INGREDIENTS
Camellia Seed Oil. Highly restorative with antioxidants, vitamins A,B,E, squalane; retains moisture with high omega 9 fatty acid.

Pomegranate Seed Oil. High omega 5 fatty acid with strong anti-inflammatory properties; High antioxidants, vitamins, minerals.

Rosehip Seed Oil. Over 70% fatty acids, exceptionally high vitamins A and C; Helps even skin tone and minimize pore size.

Phyto─Antioxidant Cream
Normal and normal-dry skin

As an alternative to our pure oil moisturizers, this facial moisturizer in a light cream base offers many of the same active ingredients found in our oils and serum including nourishing oils and antioxidant vitamins C and E, CoQ10, carotenoids and superoxide dismutase.

PRACTICAL USE
Apply to cleansed skin and neck. For best results, apply ISUN’s Emerald Sun Hydrosol followed by Phyto-Antioxidant Cream.

KEY ACTIVE INGREDIENTS
Ulva Green Algae. Increases collagen, elastin and other connective tissue for thicker, firmer skin with fewer lines and wrinkles.

Phytoplankton Enzymes. Protects DNA from UV damage and stimulates growth of DNA telomeres to prevent skin-aging effects.

Beta Glucan. Stimulates skin’s fibroblast cells to boost collagen; Stimulates skin’s immune system; Soothes and calms skin.

Golden Lip Balm
Ideal for everyone

Our richly nourishing and naturally UV protective lip balm is teeming with antioxidant herbs and high nutrient berry oils in a luxurious moisturizing buttery base with enticing cocoa and orange oils.

PRACTICAL USE
Apply on lips anytime. Optional use: Apply on cheek bones or nose for protection when skiing or during other outdoor sports.

KEY ACTIVE INGREDIENTS
Buriti Fruit Oil. Red fruit-extracted oil from the Amazon rainforest has the highest known level of protective carotenoids.

Cacao Butter. With high concentrations of antioxidants and fatty acids, lips (and skin) are protected and moisturized.

Herb-Infused Oil. jojoba and sesame oils with key herbs: lavender, lemon balm and calendula.
Masks
When your skin wants something extra

Rhassoul-Neem Mask
Oily skin and skin detoxing rituals

Our rhassoul clay-based mask is infused with purifying herbs and essential oils with antimicrobial neem and black cumin base oils. Impurities are extracted without excessively drying skin.

KEY INGREDIENTS
Rhassoul Clay. Clay from ancient lakebeds is high in silica and magnesium content and retains water to help skin stay hydrated.
Neem Oil. Pure neem oil from India is prized for its antibacterial, anti-fungal and anti-inflammatory properties.
Herb-Infused Aloe Juice. Rosemary, thyme, neem leaf, olive leaf and other antimicrobial herbs help purify skin.

Honey-Goji Berry Mask
Ideal for dry skin

Our deepest moisture penetrating mask based in wild Colorado honey, butters and antioxidant berries is teeming with enzymes to soften your skin as it facilitates absorption of nutrient-rich moisture and protective antioxidants.

KEY INGREDIENTS
Wild Honey. Moisturizing, antibacterial, anti-fungal, antioxidant and rich in antioxidants. Contains lactic acid to soften skin.
Goji Berry. Tibetan gojiberries are exceptionally high in antioxidants, vitamins and trace minerals to nourish and protect skin.
Shea Butter. Unrefined shea butter intensely moisturizes and nourishes skin with high levels of vitamins A, E and fatty acids.

Chlorella Algae Mask
All skin types

Freshwater algae and sea nutrients in a cooling and hydrating gel base infused with calming herbs includes soothing aloe, cucumber extract, oat extract and a touch of lavender oil. Your skin feels nourished, hydrated, calm and smooth.

KEY INGREDIENTS
Chlorella. A blue-green algae high in vitamins A and B, protein and minerals supports healthy, clear skin.
Cucumber. Soothing and cooling, cucumber revitalizes skin and helps reduce water retention and puffiness.
Herb-Infused Aloe Juice. Herbs including calendula, helichrysum, green tea, and lemon balm soothe and calm skin.

Pearl Radiance Mask
Hyper-pigmented and all skin types

Pure brightening and rejuvenating pearl powder is blended into a luscious moisturizing base of honey, algae and aloe gel. Vitamin C from wild Australian kakadu plum enhances the skin-brightening benefits.

KEY INGREDIENTS
Pearl Powder. Time honored in Asia for its skin brightening and rejuvenating benefits, pearl is high in amino acids and minerals.
Kakadu Plum. Wild fruit with extraordinary high vitamin C has protective antioxidant and anti-inflammatory properties for skin.
Algae & Aloe Gel. Together, this blend offers excellent soothing, calming and hydrating benefits.

PRACTICAL USE
Apply to cleansed skin. The Honey-Goji Berry, Chlorella Algae and Pearl Radiance masks may be applied around the eye area. Avoid applying the Rhassoul-Neem Mask on inflamed or irritated skin. Leave on for 15-30 minutes as desired. Rinse well.
Extra care for Sensitive skin

Soothing Relief Balm
Sensitive, rosacea, sunburned or irritated skin

A wonderful healing and moisturizing skin balm with aromatic extra virgin coconut oil and cucumber distillate instantly cools and calms skin, while herb-infused aloe vera juice, aloe butter and helichrysum extract begin to repair skin damage.

50ml Miron Glass

PRACTICAL USE
Apply directly to clean skin or after first applying the Soothing Relief Mist. May be used as a moisturizer or for special needs.

KEY ACTIVE INGREDIENTS

Virgin Coconut Oil. Aromatic coconut oil is anti-inflammatory, antibacterial, antifungal and moisturizing to protect and soothe skin.

Beta-Glucan. Stimulates skin’s fibroblast cells to boost collagen; Stimulates skin’s immune system; Soothes and calms skin.

Herb-Infused Aloe Vera Juice. Skin is hydrated and soothed as skin cells are renewed. Key herbs: gotu kola, green tea and comfrey.

Soothing Relief Mist
Sensitive, rosacea, sunburned or irritated skin

Skin is soothed and redness is calmed with our aloe vera- and herb-based mist. Anti-inflammatory, antioxidant and antimicrobial herbs infused in pure aloe vera offer relief and support more rapid healing of inflamed or irritated skin.

50ml Miron Glass

PRACTICAL USE
Apply as a skin-toning solution or use to calm and heal inflamed or irritated skin.

KEY ACTIVE INGREDIENTS

Herb-Infused Aloe Vera Juice. Skin is soothed and hydrated while skin cells are renewed. Key herbs: calendula, lavender and neem.

Helichrysum Extract. The antioxidant, regenerating and anti-inflammatory properties help calm and repair skin.

Cucumber and Rose Distillates. These plant hydrosols pull heat out of inflamed tissues, giving a cooling and soothing feeling.

Rose-Cucumber Hydrosol Mist
Sensitive skin and all skin types

Refreshing cucumber distillate with pure aloe vera juice and rose oil provides a lovely fragrant skin-toning mist. The soothing and cooling qualities make this mist an ideal solution to use on dampened eye pads to pull heat out of tired or sore eyes.

30ml Miron Glass

PRACTICAL USE
Mist skin for a refreshing uplift or to cool overheated skin. Use as an eye pad solution to soothe tired eyes and reduce puffiness.

KEY ACTIVE INGREDIENTS

Cucumber Distillate. With vitamins, polyphenols, polysaccharides and minerals, it is also hydrating, calming and astringent.

Aloe Vera Juice. Contains unique hormones with skin-renewing properties. It is hydrating, soothing and calming for skin.

Rose Oil. With an uplifting and soothing aroma, rose oil contains an array of nutrients known to be tissue regenerators.
Extra care for Blemished skin

ISUN Skincare creations for blemished skin help to naturally promote healthy skin and reduce breakouts. Herbs and essential oils help eliminate bacteria and toxins from the skin, support balanced oil secretions, help calm inflammation and strengthen the skin’s protective acid mantle that guards against bacteria.

**Clarity Facial Mist**
*Oily and blemished skin*

Our Clarity Facial Mist is based in pure plant distillates with antimicrobial and anti-inflammatory properties. Includes soothing aloe vera with astringent and purifying herbs to help promote hydrated skin and reduce oil, inflammation and blemishes.

**Clarity (Facial Serum)**
*Oily and blemished skin*

To support healthy, clearer skin, this calming serum includes MSM, panthenol, niacinamide and antimicrobial herbs and essential oils in a hydrating aloe vera gel base. Willow herb is added to help reduce oil secretions.

**Clarity Facial Mask**
*Ideal to dot on blemishes*

An intense clay-based “spot treatment” mask with powerful antimicrobial oils, essential oils, herbs and zinc to help clear skin blemishes.

**Purity**
*Oily and blemished skin*

Purifying essential oils absorb into skin in a base of jojoba and grapeseed oils to help soften and lift congestion from pores.

**KEY INGREDIENTS**

**Clarity Facial Mist**
- Rosemary Distillate.
- Willow Herb Extract.
- Herb-Infused Aloe Vera Juice.

**Clarity (Facial Serum)**
- Beta-Glucan.
- Willow Herb Extract.
- Herb-Infused Aloe Vera Juice.
- Essential Oils.

**Clarity Facial Mask**
- Zinc oxide.
- Kaolin White Clay.
- Neem Oil.

**Purity**
- Purifying Essential Oils.

**PRACTICAL USE**

**Clarity Facial Mist**
- Mist cleansed skin 2x per day. Recommended ISUN cleanser: Lavender-Sage Cleanser.

**Clarity (Facial Serum)**
- Apply serum to cleansed skin or after applying Clarity Facial Mist. Avoid area around eyes. 1-2x per day.

**Clarity Facial Mask**
- Dot on acne blemishes at night and allow to dry on skin before going to bed.

**Purity**
- Dot on congested skin areas.
  - Options: (1) Leave on overnight. In the morning, gently scrub area with an exfoliant, or apply Clarity Facial Mask to absorb softened pore debris. Cleanse skin when mask has thoroughly dried.
  - (2) Apply oil on congested skin and steam face for 5 minutes or apply a hot wet cloth to skin for 5 minutes. Gently scrub with an exfoliant or apply Clarity Facial Mask to extract softened debris from the pores.

**KEY INGREDIENTS**

**Clarity Facial Mist**
- Rosemary Distillate. Pure rosemary distillate has antioxidant, antimicrobial and anti-inflammatory properties.
- Willow Herb Extract. Significantly helps to reduce skin’s oil secretions and minimize pore size.

**Clarity (Facial Serum)**
- Beta-Glucan. Stimulates skin’s fibroblast cells to help repair skin damage; Stimulates skin’s immune system; Soothes skin.
- Essential Oils. Purifying essential oils including manuka, thyme, lemon myrtle, tea tree, lavender and clove bud.

**Clarity Facial Mask**
- Zinc oxide. Helps eliminate bacteria-causing acne and calm inflamed lesions.
- Kaolin White Clay. A gentle clay that calms skin as it absorbs toxins and excess oils and removes dead skin cells.
- Neem Oil. Antibacterial oil that reduces redness and inflammation, balances oil production and helps heal acne.

**Purity**
- Purifying Essential Oils. Thyme, manuka, tea tree, rosemary, lemon myrtle and lavender.
Brightening and Lightening

Pearl Radiance Mask
All skin types & hyper-pigmented skin

Pure skin-brightening and rejuvenating pearl powder is blended into a luscious moisturizing base of honey, algae and aloe gel. Vitamin C from wild Australian kakadu plum enhances the skin brightening-benefits.

Crystal Cleansing Exfoliant
All skin types

The perfect gentle exfoliant cleanser to prepare your skin to optimally receive the active skin-brightening ingredients in the Radiant Light Serum. This creamy cleanser with refining silica crystals includes skin-brightening pearl powder, purnarnava root and high vitamin C kakadu plum.

Pearl Radiance Mask
50ml Miron Glass

PRACTICAL USE

Apply mask on face including around eye area and backs of hands. Rinse well after 15-30 minutes. Use as often as desired.

KEY ACTIVE INGREDIENTS

Pearl Powder. Time-honored in Asia for its skin brightening and rejuvenating benefits, pearl is high in amino acids and minerals.
Kakadu Plum. Wild Australian plum with high levels of vitamin C protects from UV damage, reduces hyperpigmentation and boosts collagen.
Algae and Aloe Gel. Together, this blend offers excellent soothing, calming and hydrating benefits.

Crystal Cleansing Exfoliant
120ml PET

PRACTICAL USE

Cleanse face with a light scrubbing action for 1 minute or longer, then rinse well. May be used daily.

KEY ACTIVE INGREDIENTS

Silica Crystals. Finely ground ocean floor silaceous earth (sand) forms tiny crystals gentle enough for sensitive skin.
Coconut/Palm Oils and Plant Starches. A mild, natural surfactant (cleansing agent) from renewable resources.
Essential Oils. Lavender and lemon tea tree oils gently purify and calm skin and have a brightening effect on skin.

Radiant Light Serum
All skin types

Our silky, light facial serum contains natural, non-evasive, gentle and effective skin-brightening/lightening ingredients that also have age-defying benefits. With consistent use, skin tone becomes more even and discolorations fade, while further discolorations are prevented.

30ml Miron Glass

PRACTICAL USE

Apply serum to cleansed face, neck and backs of hands. Use 2x per day.

KEY ACTIVE INGREDIENTS

Resveratrol. More effective than koji acid to lighten skin. A powerful antioxidant that stimulates skin renewal and collagen.
Kakadu Plum. Wild Australian plum with high levels of vitamin C protects from UV damage, reduces hyperpigmentation and boosts collagen.
Purnarnava Extract. Contains melavoid, an active depigmentant that helps reduce discolorations while evening out skin tone.
Uva Ursi (Bearberry) Extract. Natural primary source for alpha-arbutin, an active skin-lightening component and preventative.
Licorice Root Extract. Inhibits tyrosinase in support of reducing pigmentation and stimulates cell regeneration.
Vitamin C Ester. Stable, skin-soluble vitamin C that inhibits melanogenesis (pigmentation), protects from UV rays and boosts collagen.
The Gentleman

Simple, effective and peak-performing natural skincare for men

ISUN has formulated The Gentleman’s Skin Care line in three easy steps for a man’s unique needs. Our skin-caring, restorative men’s products are designed to support healthy skin, prevent aging effects, and repair skin damage with wildcrafted, organic and natural ingredients.
The Gentleman’s Shaving Gelé
All skin types at all ages. Doubles as a facial cleanser

Our soothing and purifying herb-infused aloe vera cleansing gelé offers an ideal shaving solution for a man’s skin. An emollient gelé with hydrating squalane and beta-glucan with a mild cleansing agent made of coconut and palm oils blended with plant sugars and starches, softens facial hair and facilitates a close, smooth and easy shave. Antimicrobial herbs and essential oils protect and purify skin as lavender, comfrey and lemon balm help to keep skin calm and feeling great. Enjoy the refreshing mountain meadow aroma of wild lavender, sage and fir needle with a touch of rosemary and lemon myrtle.

120ml PET

STEP 1: CLEANSE AND SHAVE
Apply on damp skin, working up a gentle lather on beard. Shave normally. Or, use as a soothing, refreshing facial cleanser. Rinse.

KEY ACTIVE INGREDIENTS

SOOTHING Herb-Infused Aloe Vera. Pure aloe vera juice is infused with soothing, antimicrobial herbs (calendula, neem, lavender, lemon balm, rosemary and comfrey).

The Gentleman’s After Shave
All skin types at all ages. Doubles as a pre-moisturizing serum

A wonderful finish to a great shave, ISUN’s soothing aloe vera-based aftershave solution is formulated with a well-assimilated squalane and plant sugar complex that retains hydration in skin for more than 72 hours. High level beta glucan provides both moisture and exceptional soothing qualities – perfect after shaving. The essential oil blend of sandalwood, lemon myrtle and lavender is pleasing to both men and women.

50ml Miron Glass

STEP 2: SOOTHE AND HYDRATE
Pump 1-2 times in your palm and apply all over face and neck including around eye area.

KEY ACTIVE INGREDIENTS

HYDRATING Plant Sugar Complex. A deep skin hydrator that retains moisture in skin for more than 72 hours.

The Gentleman’s Moisturizer
All skin types. The ultimate age defying for men

Specifically designed for men who want to have truly great skin with fewer aging effects as they mature, our facial oil moisturizer is formulated to absorb well into men’s typically thicker and oilier skin. Powerful protective antioxidants, regenerating nutrients and anti-inflammatory properties from herbs and oils are assimilated into living tissues where performance counts. The high levels of antioxidants help protect against skin cancers, which men are more prone than women. The final result is protected skin that is restored and revitalized with a look of health and vigor.

30ml Miron Glass

STEP 3: MOISTURIZE, RESTORE, REPAIR AND PROTECT
Apply 1-3 pumps to face and neck after cleansing/shaving, or after applying The Gentleman’s After Shave. Avoid getting the oil too close to the eyes.

KEY ACTIVE INGREDIENTS

DNA PROTECTING Vitamin C Ester. A stable, highly active form of skin-soluble vitamin C that provides antioxidant protection against harmful effects from UV rays and damage to cellular DNA. Stabilizes and boosts collagen production and promotes an even skin tone.

AGE DEFYING COQ10 Enzyme. An antioxidant enzyme essential for cell energy that increases synthesis of DNA. It also increases the synthesis of hyaluronic acid and protects skin from free radical damage that can lead to aging effects in skin and skin cancers.

REGENERATING Herb-Infused Grapeseed Oil. A concentrated blend of lively antioxidant and regenerating herbs high in polyphenols, vitamins and minerals that include green tea, gotu kola, gingko, life everlasting, milk thistle, lemon balm, rooibos and more.
Golden Sun Care

The sun is our powerful source of vitality and healing.

The sun is symbolic to many cultures as the source of all creation. It gives vitality to all life. From trees bearing fruit, seed and bark to plants bearing flowers and leaves and roots that nourish us, to the animal kingdom and humanity, sunlight has been used throughout the evolution of humanity as a healing tool for illnesses and to maintain health and happiness. In our bodies, our pituitary and pineal glands are stimulated by sunlight, thereby caring for our total well-being.

It is our birthright to embrace the gifts of health and joy the sun has graciously given us. With our changing environment, there are also some harmful effects that can come from the rays of the sun. It is common today to use products made to block the sun’s rays that contain toxic chemicals proven to be harmful and which may cause cancer in our bodies.

Nature has a healthy and better way of protecting us so we can reap the benefits the sun has to offer. ISUN embraced nature’s way and created safe, chemical-free sun care products so you can freely enjoy your time in the sun. The UV protective ingredients we use are based primarily on antioxidants that help prevent free radicals created by UV rays from attacking our tissues and cells. Antioxidants are especially important to prevent deep cellular penetration of free radicals that can be destructive to our DNA, leading to aging effects and often, skin cancers.

Although we cannot claim an SPF factor for our products using our natural ingredients, it is documented that antioxidants prevent sun damage, including sunburn, and that many seed oils and herbs have a natural “SPF”.

---

Photo Enzyme Serum

*For lighter protection*

This is a rapid absorbing, hydrating face and body serum in a base of soothing aloe vera, antioxidant rosemary distillate and herbs high in phenols (plant antioxidants). It includes UV protective extracts that offer protection to skin cells and DNA.

60ml PET

**PRACTICAL USE**

Apply to skin before going into sun. Reapply after swimming or sweating. May also be used as an age-preventative hydrating serum for face or body.

**KEY ACTIVE INGREDIENTS**

**Phytoplankton Enzymes.** A marine phytoplankton that protects cellular DNA from UV damage. In particular, telomeres (age regulators) are protected and their growth is stimulated when activated by light.

**Superoxide Dismutase.** A powerful antioxidant that protects our outer layers of skin from free radicals induced by UV. It is the first line of defense to prevent free radicals from penetrating to cells and DNA.

**Buddleja Extract.** An antioxidant plant that specifically protects DNA from UV rays and has been shown to reduce DNA fragmentation induced by UVB by 75%.

Golden Sun Oil

*For those who want to safely promote a tan*

Our moisture-rich golden-orange oil is loaded with natural plant antioxidants rich in carotenoids and tocotrienols. The delicious aroma of cocoa (a natural antioxidant) is enticing, but beware that light-colored clothing may stain.

120ml PET

**PRACTICAL USE**

Apply to exposed skin before going into sun. Reapply after swimming or sweating. May also be used as an age-preventative hydrating serum for face or body.

**KEY ACTIVE INGREDIENTS**

**Buriti Fruit Oil.** A bright red oil from the Amazon Rain Forest has the highest level of carotenoids known in any food - a key protector of skin from UV. It contains significant levels of vitamin C, tocotrienols and other phenols (plant antioxidants).

**Urucum Seed-Infused Oil.** From the Amazon Rain Forest, this seed is coated with a powdery substance with exceptional high levels of tocotrienols. Infused in oil, it has been shown to offer significant protection against UV damage. Also known to promote tanning.

**Herb-Infused Oil.** Concentrated herb phenols and other nutrients are infused into jojoba and sesame seed oils.
Herbal Sun Butter

*Our most protective sun product*

Our blend of moisturizing seed butters and herb-infused oils have high levels of antioxidants and other nutrients including protective carotenoids, tocotrienols, tocopherols and vitamin C. 18% zinc oxide is blended into the buttery antioxidant base providing excellent protection from UV rays, and moisturization to prevent skin from drying out due to sun exposure. Our Herbal Sun Butter is also a great choice to take to the slopes in ski season, where it protects from sun, wind and cold.

**PRACTICAL USE**

Apply to exposed skin before going into sun. Reapply after swimming or if sweating. For maximum protection, first apply ISUN Photo Enzyme Serum. When absorbed into your skin, apply the Herbal Sun Butter.

**KEY ACTIVE INGREDIENTS**

- **Zinc Oxide.** Provides natural sunblock.
- **Buddleja Extract.** An antioxidant plant that specifically protects DNA from UV rays and has been shown to reduce DNA fragmentation induced by UVB by 75%.
- **Buriti Fruit Oil.** A bright red oil from the Amazon rainforest, buriti is a key protector of skin from UV rays with the highest level of carotenoids known in any food.

---

After Sun Balm

*For over-exposure to sun*

A soothing, cooling, healing coconut oil-based balm that quickly calms sunburn or other burns. Herb-infused aloe vera with calming herbs including lavender, calendula, helichrysum, green tea, rosemary, lemon balm and more. The balm helps keep skin moist and prevent peeling. The natural antibacterial property of coconut oil help prevent infection from sun damage.

**PRACTICAL USE**

Apply to inflamed or tender skin as often as needed.

**KEY ACTIVE INGREDIENTS**

- **Virgin Coconut Oil.** Aromatic coconut oil is anti-inflammatory, antibacterial, antifungal and moisturizing to soothe and protect skin.
- **Herb-Infused Aloe Juice.** Skin is hydrated and soothed as skin cells are renewed. Herbs include gotu kola, green tea and comfrey.
- **Cucumber Extract.** Cooling, soothing and hydrating, it contains a range of vitamins, minerals, phenols and polysaccharides.

---

After Sun Moisturizer

*After sun skin restoration*

This light moisturizing oil is easily absorbed providing delivery of replenishing moisture from oils rich in antioxidants, vitamins and minerals. High-nutrient oils included to restore skin are raspberry, cranberry, pumpkin, hemp and black cumin seed. Calming essential oils lavender, chamomile and rosewood help soothe skin.

**PRACTICAL USE**

Apply to skin after sun exposure, after bathing or for moisturizing, calming and protective benefits.

**KEY ACTIVE INGREDIENTS**

- **Calendula Oil.** A soothing, healing oil with anti-inflammatory and antimicrobial properties.
- **Aloe Vera Oil.** Soothing oil with high levels of an array of nutrients and antioxidants.
- **Lavender, Calendula, Helichrysum-Infused MCT Coconut Oil.** Purifying and calming antioxidant benefits in a light, absorbing oil.
Body Care
Nurturing the skin you’re in

Cleansers and Scrubs

Coconut Oils and Plant Starches.
A mild, natural, biodegradable cleansing agent made from renewable sources

Herb-Infused Aloe Vera Juice.
Soothing aloe vera and purifying herb extracts (lavender, cedarleaf, calendula, yarrow and plantain)

Shea Butter.
Rich in fatty acids, vitamins A and E and other vitamins and minerals

Essential Oils.
Purifying and energizing blend of lavender, rosemary and peppermint

Soothing Silk Cleanser
Ideal for everyone

Our silky, aloe vera and coconut creamy body cleanser is pH balanced to support your skin’s natural protective barrier against bacteria and fungus and to help keep your skin hydrated.

The creamy base, infused with soothing and antimicrobial herbs, includes an oat extract rich in beta-glucans to calm skin irritations. The aromatic alpine essential oils are a perfect blend to awaken and inspire your senses.

Unrefined luxurious shea butter from Ghana, Africa is blended with shea oil, fine mineral salt and essential oils. After scrubbing and rinsing, the rich shea butter left on your skin leaves your skin feeling exceptionally moist, smooth and soft.

Shea Butter Scrub
Not for sensitive skin

Unrefined luxurious shea butter from Ghana, Africa is blended with shea oil, fine mineral salt and essential oils. After scrubbing and rinsing, the rich shea butter left on your skin leaves your skin feeling exceptionally moist, smooth and soft.

Rosemary-Sage Scrub
Not for hyper-sensitive skin

Our refining body scrub with fine silaceous earth crystals in an aloe-coconut creamy gel base gently exfoliates skin, leaving your skin feeling smooth, soft, silky and moist. The refreshing rosemary and sage essential oils are purifying for skin and invigorating for your senses.

Skin Restore
Ideal for skin that needs more

Antioxidant, calming and restorative herbs are infused into base oils to nourish, protect and moisturize skin. A sensuous blend of sandalwood, patchouli, vetiver, peru balsam and ylang ylang essential oils feel warm and inviting.

Key Ingredients

Coconut Oils and Plant Starches.
Herb-Infused Aloe Vera Juice.

Shea Butter.
Essential Oils.

Rosemary and Sage Oils.

Skin Restore
Essential Oils.

Key Herbs:
Amla berry, goji berry, ashwagandha, rooibos and rhodiola

Key Base Oil: Sunflower seed, avocado, camellia seed and hemp seed

Key Herbs:
Antioxidant, antimicrobial and anti-inflammatory

Coconut Oils, Moisturizing, anti-microbial and anti-inflammatory

Antioxidant, calming and restorative herbs are infused into base oils to nourish, protect and moisturize skin. A sensuous blend of sandalwood, patchouli, vetiver, peru balsam and ylang ylang essential oils feel warm and inviting.
LOTION MOISTURIZERS

Celestial Body Oil
Ideal for a lighter touch

An uplifting aroma of floral and citrus essential oils is blended in a light, well-absorbed base of MCT (fractionated) coconut oil and sunflower oil. Lavender, calendula and life everlasting flowers are infused into the coconut oil for a calming effect on skin.

Soothing Body Silk
For a luxurious feel

This lovely blend of soothing aloe vera with nourishing oils and herbs moisturizes and calms your skin, leaving a smooth, satiny feeling. Peru balsam and lavender essential oils enhance the calming effect.

Celestial Body Silk
For a lighter touch

An enchanting aromablend of floral and citrus essential oils is blended into a light creamy lotion base with soothing aloe vera and an infusion of lavender, calendula and life everlasting flowers. Your skin feels moist without any greasy residue.

Golden Body Balm
Ideal for extra dry skin

This rich, nourishing balm with seed butters and oils and herbs, is teeming with antioxidants, vitamins, minerals and a high level of essential fatty acids to deeply moisturize and protect dry skin. Excellent for use in harsh climates.

PRACTICAL USE FOR BODY MOISTURIZERS

Apply body oil, lotion or butter after shower or bath, or as needed. Body oils may be applied to damp skin to best seal in moisture, then lightly pat skin to dry. Lotions and body oils may also be blended for a richer application.

KEY INGREDIENTS

Key Herbs: Lavender, life everlasting and calendula provide soothing, calming and purifying benefits

Key Essential Oils: Elemi, jasmine, ruby grapefruit, rose, bergamot, lemon and neroli

Key Herbs: Lavender, calendula, green tea, self heal and lemon balm to soothe and calm skin

Key Base Oils: Sunflower seed, avocado, aloe vera and shea nut; all rich in fatty acids and nutrients to nourish skin

Key Herbs: Lavender, calendula, life everlasting to soothe and calm skin

Key Base Oils: MCT coconut oil, sunflower oil with high vitamin E, for a light feeling and easy absorption.

Key Butters: Shea, mango, hemp seed, aloe vera and olive

Key Plants: Urucum seed, goji berry, life everlasting, calendula, green tea, rosemary and lavender
Body Care

When your body craves extra care

The aromatic blend of citrus and spice essential oils is warming and enticing, but the oils do more than inspire the senses.

Combined with herbs of similar properties, they have a stimulating effect on the body that begins by increasing subcutaneous circulation in the skin, producing thermogenesis (heat). This encourages release of toxins, congestion and fats from tissues and cells, a beneficial and healthy response for well-being.

Our citrus and spice body products have ingredients that not only stimulate thermogenesis, they also include phenols (plant antioxidants) and antimicrobial herbs to help eliminate or neutralize the released toxins.

These actions stimulated by the use of ISUN’s Citrus & Spice Body Oil or Body Balm offer support for cellulite reduction and body detoxification, or to simply help warm the body while enjoying the aromatic sensation.

---

### Citrus & Spice Body Oil
Ideal to help stimulate circulation

A stunning aromatic blend of citrus and spice essential oils in a base of herb-infused oils offers light moisturization with antioxidant and astringent properties. Skin feels energized and appears more toned.

- 100ml / 200ml Miron Glass

### Key Active Ingredients
- **Key Herbs:** Ginger root, cardamom, kola nut, pippali fruit, lemongrass, horse chestnut, manjista, yarrow and bladderwrack
- **Key Essential Oils:** Bitter orange, ginger root, cardamom, cassia, cinnamon leaf, ruby grapefruit, lemon myrtle and juniperberry

---

### PRACTICAL USE FOR THE OIL AND BALM

Apply the oil or balm after shower or bath to moisturize.

**Optional Uses:**

1. To enhance the stimulating effects, use for massage, apply and then sit in a sauna or steam room.
2. For cellulite, apply and massage area with a cellulite brush or use with an ultrasonic or other device.
3. Use for foot massage to stimulate circulation, especially in the morning and before bed.
4. Use the oil in an aromatherapy diffuser.

---

### Citrus & Spice Body Balm
For those who prefer a richer base

The same inspiring and stimulating essential oils and herbs as the Citrus & Spice Body Oil, with the addition of beeswax to form a rich buttery product that seals skin moisture in.

- 100ml Miron Glass

---
**Herbal Shea Butter**
*Ideal for all ages*

Called “The Family Pharmacy”, our pure Herbal Shea Butter is made from unrefined shea butter from Ghana, Africa, which is known to have the highest levels of essential fatty acids, vitamin E and other vitamins and minerals compared to refined shea butter and other sources.

It also has a natural SPF of approximately 6. Blended with shea oil and MCT coconut oil infused with lavender, calendula and life everlasting flowers, our creamy rich butter is deeply moisturizing, soothing and calming to skin of any age.

**Prenatal Body Oil**
*Safe to use during pregnancy and breast-feeding*

Pregnancy is a very special and joyous time in a woman’s life. It is a time when greater care is taken to ensure the birth of a beautiful, healthy, precious baby. Extra care extends to substances applied to skin during pregnancy and breast-feeding, knowing that what is applied topically is also taken internally and may have an effect on the growing child.

Our pure prenatal body and massage oil contains no ingredients that may compromise the health of mother or child. Nutrient-rich base oils are infused with herbs that support a healthy pregnancy. A gentle touch of calming essential oils are then safely added to this lovely oil.

**Key Active Ingredients**

**Key Herbs**: Lavender, calendula and life everlasting with soothing, calming and purifying antimicrobial benefits.

**Key Base**: Unrefined Ghana shea butter and shea oil from the karite nut with high levels of vitamin E, other nutrients and fatty acids.

**PRACTICAL USE**

Apply to skin after shower or bath or anytime as needed.

**Optional Uses:**
1. Wonderful belly butter for pregnant women.
2. A lovely, safe alternative for baby's bottoms and diaper rash.
3. Ideal for skin irritations including eczema.
4. Super for feet and any dry, rough skin condition.
5. A great hair mask or hair conditioner.
6. Perfect cuticle and nail conditioner.
7. Blend with any oil or lotion for added moisture.

100ml Miron Glass

**Key Active Ingredients**

**Key Herbs**: Raspberry leaf to help soothe pregnancy discomfort; Dandelion leaf to support the liver which often becomes congested in pregnancy; Nettles to provide iron; Rosehips to provide vitamin C; and alfalfa to provide minerals.

**Key Base**: Sesame, avocado, rice bran, olive, pumpkin seed, chia seed, rosehip seed, red raspberry seed, coconut and cocoa butter. Together, these offer excellent sources of essential fatty acids, vitamins and minerals.

**Key Essential Oils**: Soothing lavender and green mandarin in safe, low levels.

**PRACTICAL USE**

Apply to skin after shower or bath or anytime, as needed for moisturizing. Perfect for massage.
Gemstone body oils
*Luxury and Subtle Energy Balancing*

Our skin is a highly sensory organ and is receptive to the nutrients, aromas and subtle energies in living nature that can help restore balance and well-being to our bodies, mind and emotions.

ISUN has created four distinctive gemstone-energized oils with loving intentions that are consciously formulated to harmonize the physical and vibrational qualities of organic herbs and flowers using selected essentials oils and base oils. The qualities of each oil are keyed to the properties and harmonics of the gemstone it is named for. A small gemstone is then embedded inside each bottle to hold the energy vibration of the oil.
Garnet  
*For fortification and grounding*

The red vibration of the garnet gemstone brings strength to physical survival structures: immune system, blood and bones. On the mental level, it produces a grounding effect as it helps calm the nervous system and reduce anxiety.

**Gemstone:** Garnet  
100ml Miron Glass

**KEY ACTIVE INGREDIENTS**

*Herbs:* Rosehips, goji berry, ashwagandha, maca, licorice root, echinacea, galangal root and gotu kola  
*Base Oils:* Sesame, hemp, avocado, jojoba, rice bran and shea nut  
*Essential Oils:* Amyris, cardamom, vetiver, sandalwood, turmeric, benzoin

Rose Quartz  
*For renewal and uplifting*

The pink vibration of the rose quartz gemstone vibration relates to the heart, thyroid and total well-being of body, mind and spirit. Its subtle energy is uplifting and inspires joyful and loving feelings.

**Gemstone:** Rose Quartz  
100ml Miron Glass

**KEY ACTIVE INGREDIENTS**

*Herbs:* Life everlasting, rose buds/petals, jasmine, heal all herb, lotus stamens, goji berry and hibiscus  
*Base Oils:* Rosehip seed, grapeseed, passion fruit and sunflower  
*Essential Oils:* Rose, jasmine, sandalwood and citrus blend

Carnelian  
*For vitality and enthusiasm*

The orange and yellow-orange vibration of the carnelian gemstone supports the vital body organs: spleen, kidneys and reproductive system. On the mental level, it inspires confidence, creativity and enthusiasm.

**Gemstone:** Carnelian  
100ml Miron Glass

**KEY ACTIVE INGREDIENTS**

*Herbs:* Ginger root, safflower, sarsaparilla root, hibiscus, orange, cardamom, licorice root and lemon balm  
*Base Oils:* Sunflower, jojoba, passion fruit and sesame  
*Essential Oils:* Citrus blend, jasmine, sandalwood and ylang ylang

Amethyst  
*For purity and calm mind*

The violet vibration of the amethyst gemstone relates to the pituitary and pineal glands, brain and nervous system. It supports a light calm mind and purified body. Its subtle energy brings ease, joy and wisdom.

**Gemstone:** Amethyst  
100ml Miron Glass

**KEY ACTIVE INGREDIENTS**

*Herbs:* Lavender, holy basil, blue violet, olive leaf, rosemary, clover blossoms and hyssop  
*Base Oils:* Grapeseed, olive, passion fruit, sunflower and jojoba  
*Essential Oils:* Lavender, rose, bergamot and lemon balm

---

**PRACTICAL USE FOR ALL GEMSTONE OILS**

Select the oil(s) needed for balance or the aromas that appeal to you. Apply as an overall body moisturizing oil or massage oil for general use.  
*Optional uses:* (1) Massage feet before bed to help bring balance. (2) Apply to pulse points. (3) Use in a room diffuser.
Awaken to True Aroma Essence

100% pure aromatherapy

ISUN’s pure essential oil blends have been used and loved by estheticians and therapists in ISUN spa treatments since their inception. We share these with you so that you may also enjoy the beautiful aromas and experience their subtle energetic effects.

**Ormus Rose**
Elevating and inner calm

Our signature aromablend of high-vibration oils melding floral essence with sacred frankincense, assists in opening your heart, pituitary and pineal centers. The overall effect offers feelings of love, inner calm to your spirit and a sense of knowing.

**KEY ESSENTIAL OILS**
Rose, jasmine sambac and frankincense sacra

**Celestial**
Uplifting and joyful

A cheerful blend of citrus and floral notes uplifts the spirit and giving you feelings of inner joy and well-being. Inhaling the aroma helps to dissolve feelings of melancholy, depression and heaviness.

**KEY ESSENTIAL OILS**
Ruby grapefruit, bergamot, lemon, elemi, cistus, jasmine sambac, rose, neroli and angelica seed

**Sacred**
Meditative and relaxing

A relaxing blend of oils that stimulate the pineal gland (third eye opening) to support deep inner-mind relaxation and help you flow more easily into a meditative state or inspired creative process.

**KEY ESSENTIAL OILS**
Sandalwood, frankincense sacra, sweet myrrh, vetiver, Buddha wood, amyris and rose

**Peace**
Calming and restful

A calming blend of wildflowers, forest and peaceful rose melded together with a touch of rare sacred frankincense, brings a feeling of restful peace and tranquility to the body, mind and spirit.

**KEY ESSENTIAL OILS**
Lavender, spruce, rose moroc, blue chamomile and frankincense sacra

**Green**
Refreshing and balancing

A refreshing herbal and forest blend of essential oils connects you with living nature and encourages a sense of vitality and balance in body and mind and a feeling of renewal and well-being.

**KEY ESSENTIAL OILS**
Spruce, green mandarin, fir needle, cypress, cedarleaf, sage, thyme and rosemary

**Earth**
Grounding and calming

An earthy blend of wood, root and resin oils is quick to calm nervous anxiety and scattered thoughts as the aroma brings you “down to earth”, grounding and centering your body, mind and emotions.

**KEY ESSENTIAL OILS**
Amyris, cedarwood, copaiba balsam, peru balsam, vetiver, ginger, patchouli, turmeric, galangal, Buddha wood

---

**PRACTICAL USE OF ALL ESSENTIAL OIL AROMA BLENDS**

Options:  (1) Inhale the aroma when needed for balance or uplifting.  (2) Use drops in a base oil in a room diffuser.  (3) Apply to pulse or energy points.  (4) Add drops to a base moisturizing body or massage oil.

5ml Miron Glass bottle with dropper
Signature treatments

**ISUN Alive and Ageless treatments**

Our luxurious and high-vibration signature treatments offer a wonderful introduction to the elegant, high-performance, wildcrafted and organic blends offered in ISUN skin care products. There is a conscious knowing in the creation and application of our products, that living, intelligent plants and minerals have organized energy patterns and, when applied topically as skin care, resonate with the life-force fields of our skin. In harmony with the flow of nature, the life-force energies in our skin then transmit subtle energy throughout our body and have an effect on our mind, emotions and feelings of wellbeing. The synergy of our product creations and the healing touch of your therapist provide an ideal vehicle for true rejuvenation and total well-being.

**ISUN Gemstone Balancing Massage**

Our most luxurious and beneficial body treatment deeply relaxes to open receptivity to the balancing, healing and uplifting subtle energy it offers. The experience of the balancing aromas and touch of our four gemstone oils with slow, indulgent massage performed with a blending of hand strokes, gemstones and crystal wands on the body and face, have a powerful healing and uplifting effect on the body, mind and spirit.

The herb-infused, aromatic gemstone oils – applied in a purposeful sequence – purify, soothe and naturally oxygenate tissues, removing stagnation and bringing balance to support overall well-being.

In the final phase of treatment, the warmed oils are drizzled on the spine, followed by a luxurious massage.

After the massage, a hot steamy towel is laid over your back to facilitate the healing properties of the oils allowing them to penetrate deeply into the skin and circulate throughout the body.

The result of this ISUN treatment experience is often said to be a euphoric state of total body and mind relaxation, blissfully elevating your senses and bringing closure to your ISUN spa experience.

**ISUN Revitalizing Golden Facial**

A stunning facial, customized for your skin, restores and transforms your skin to vitality and rejuvenating radiance.

From beginning to end, the aromatic experience is memorable and lingering. Included in the facial is a signature exfoliation treatment that immediately changes the appearance of your skin to a vibrant, smooth texture with softened lines plumped with moisture, and a beautiful, healthy glow. The same treatment is applied to your hands and forearms for renewal.

Our signature facial also pampers your feet with a rich, moisturizing herbal shea butter treatment. At the end of your relaxing massage indulgence, balancing energies from a crystal gemstone massage transport you to other worlds, giving you an undeniable feeling of well-being. The finished products will give your skin exactly what it needs for transformational skin radiance, and a final misting with our Ormus Myst will elevate all your senses and bring a finish to your ISUN facial experience.

**EXPERIENCE THE MEMORABLE REVITALIZING FACE & BODY TREATMENTS**

Our exclusive spa treatments for face and body are offered in spas and clinics and with private therapists in locations worldwide. We have created the quintessence of distinction in our ISUN signature facial protocol and our gemstone body massage treatment. Our transformational, high-performance products used in treatment impart our signature essence of pure radiance and a subtle energy of conscious connection with nature and your own inner source of radiant Light.

Herb-infused oil (Jojoba oil, sesame oil, calendula, comfrey leaf, comfrey root, echinacea, gingko biloba, goji berry, gotu kola, hibiscus, lavender, lemon balm, licorice root, helichrysum, lotus stamens, plantain, rhodiola, rooibos, rose, rosemary, green tea, horsetail herb, violet leaf, acai berry, amla berry, ashwagandha, boswellia, milk thistle seed); Vitamin C Ester (tetradehydryl ascorbate); COQ10 and squalane; Argan oil; Rosehip seed oil; Avocado oil; Tanamu oil; Shea oil; Meadowfoam oil; Pumpkkin seed oil; Carrot seed oil; Castor oil; Vitamin E tocopherols; Cranberry seed oil; Pomegranate seed CO2 extract; Borage seed CO2 extract; Bunti fruit oil; Urucum seed-infused sunflower oil; Goji berry-infused sunflower oil; Seabuckthorn berry CO2 extract; Rosehip seed CO2 extract; Evening primrose CO2 extract; Calendula CO2 extract; Sandalwood oil; Rose oil; Frankincense oil; Yerba mate oil; Jasmine sambac oil; Sweet myrrh oil; Neroli oil; Mimoso oil; Helichrysum oil; Vanilla oil; Frangipani oil; Rosemary CO2 extract

Ultra Restore
Herb-infused oil (Grapeseed oil, calendula, comfrey leaf, comfrey root, echinacea, gingko biloba, goji berry, gotu kola, hibiscus, lavender, lemon balm, licorice root, helichrysum, lotus stamens, plantain, rhodiola, rooibos, rose, rosemary, green tea, horsetail herb, violet leaf, acai berry, amla berry, ashwagandha, boswellia, milk thistle seed); MCT coconut oil; Vitamin C Ester (tetradehydryl ascorbate); Hazelnut oil; COQ10 and squalane; Pomegranate seed oil; Argan oil; Raspberry seed oil; Cranberry seed oil; Argan oil; Rosehip seed oil; Tanamu oil; Passion fruit seed oil; Borage CO2 extract; Seabuckthorn berry CO2 extract; Vitamin E tocopherols; Lavender oil; Bunrti fruit oil; Urucum seed-infused rice bran oil; Evening primrose CO2 extract; Calendula CO2 extract; Sandalwood oil; Jasmine sambac oil; Pettigrain oil; Rose oil; Neroli oil; Citrus oil blend; Vanilla oil; Rosemary CO2 extract

Ultra Sapphire
Herb-infused oil (Jojoba oil, sesame oil, calendula, comfrey leaf, comfrey root, echinacea, gingko biloba, goji berry, gotu kola, hibiscus, lavender, lemon balm, licorice root, helichrysum, lotus stamens, plantain, rhodiola, rooibos, rose, rosemary, green tea, horsetail herb, violet leaf, acai berry, amla berry, ashwagandha, boswellia, milk thistle seed).
Sunstone

MCT coconut oil; Herb-infused oil (Grapeseed oil, barberry, holy basil, echinacea, goji berry, hibiscus, licorice root, meadowsweet, milk thistle seed, neem, bitter orange peel, rosemary, green tea, white willow bark); Sunflower seed oil; Hazelnut oil; Passion fruit seed oil; Black cumin seed oil; Carrot seed oil; Burti fruit oil; Vitamin E tocopherols; Rosehip seed CO2 extract; Raspberry Seed oil; Cranberry seed oil; Carrot CO2 extract; Sandalwood oil; Clementine oil; Rosemary CO2 extract

Extra Moisturizers

Unscented Facial Oil
Camellia seed oil; Pomegranate seed oil; Rosehip seed oil; Borage seed oil; Perilla seed oil; Argan oil; Marula oil; Passion fruit seed oil; Carrot seed oil; Moringa oil; Cranberry fruit oil; Rose CO2 extract

Phyto–Antioxidant Cream
Aloe vera gel; Serum blend (Aloe vera gel, carrageenan, squalane, plant sugar complex, xanthan gum); Herb-infused oil (Jojoba oil, sesame oil, calendula, comfrey leaf, comfrey root, echinacea, ginkgo biloba, goji berry, gotu kola, hibiscus, lavender, lemon balm, licorice root, helichrysum, lotus stamens, plantain, rhodiola, rooibos, rose, rosemary, green tea, horsetail herb, violet leaf, acai berry, amla berry, ashwagandha, boswellia, milk thistle seed); Antioxidant liposomes (Spring water (with ormus elements), lecithin, vitamin C Ester (tetrahexyldecyl ascorbate), vitamin E tocopherols, squalane, superoxide dismutase (SOD), curcuminoïds); Aloe–herb extract (Aloe vera gel, gotu kola, green tea, calendula, helichrysum, lavender, lemon balm, ginkgo, milk thistle herb, plantain, rooibos, rosemary, ashwagandha, echinacea, licorice root, lotus stamens, schisandra berry); Sunflower oil; Oat-derived beta glucan; Squalane, Ulva green algae extract and locust bean gum; Vegetable glycerin; Vegetable wax; Vitamin C Ester (tetrahexyldecyl ascorbate); Vitamin E tocopherols; Aspen bark extract; Phytoplankton extract (photosome enzymes); Lecithin; Sandalwood oil; Raspberry seed oil; Cranberry seed oil; Carrot seed oil; Pumpkin seed oil; Rosehip CO2 extract; Raspberry Seed oil; Cranberry seed oil; Carrot CO2 extract; Sandalwood oil; Clementine oil; Rosemary CO2 extract

Moisturizing Herbal Facial Oils

Ruby
Herb-infused oil (Jojoba oil, sesame oil, calendula, comfrey leaf, comfrey root, echinacea, ginkgo biloba, goji berry, gotu kola, hibiscus, lavender, lemon balm, licorice root, helichrysum, lotus stamens, plantain, rhodiola, rooibos, rose, rosemary, green tea, horsetail herb, violet leaf, acai berry, amla berry, ashwagandha, boswellia, milk thistle seed); Sesame oil; Avocado oil; Hemp seed oil; Camellia seed oil; Meadowfoam oil; Castor oil; Rosehip seed oil; Tamanu oil; Vitamin E; Carrot seed oil; Burti fruit oil; Rapsberry seed oil; Cranberry seed oil; Borage CO2 extract; Carrot CO2 extract; Rosehip CO2 extract; Sandalwood oil; Vetiver oil; Patchouli oil; Jasmine sambac oil; Rose CO2 extract

Coco–Cucumber Cleanser
Aloe vera gel; Coconut/palm oils and plant stachures; Virgin coconut oil; Vegetable glycerin; Aloe–herb extract (Aloe vera gel, calendula, lavender, rose petal, chamomile, hibiscus); Cucumber distillate; Aspen bark extract; Xanthan gum

Lavender–Sage Cleanser
Aloe vera gel; Coconut/palm oils and plant stachures; Vegetable glycerin; Aloe–herb extract (Aloe vera gel, helichrysum, calendula, comfrey leaf, lavender, rosemary, lemon balm, green tea leaves); Aspen bark extract; Lavender distillate; Rosemary distillate; Goji berry extract; Lavender oil; Sage oil; Lemon tea tree oil; Xanthan gum

Squalane; Ulva green algae extract and locust bean gum; Vegetable glycerin; Vegetable wax; Vitamin C Ester (tetrahexyldecyl ascorbate); Vitamin E tocopherols; Squalane, Ulva green algae extract and locust bean gum; Vegetable glycerin; Vegetable wax; Vitamin C Ester (tetrahexyldecyl ascorbate); Vitamin E tocopherols; Aspen bark extract; Phytoplankton extract (photosome enzymes); Lecithin; Sandalwood oil; Raspberry seed oil; Cranberry seed oil; Carrot seed oil; Pumpkin seed oil; Rosehip CO2 extract; Raspberry Seed oil; Cranberry seed oil; Carrot CO2 extract; Sandalwood oil; Clementine oil; Rosemary CO2 extract

Phyto–Antioxidant Cream
MCT coconut oil; Herb-infused oil (Grapeseed oil, calendula, comfrey leaf, comfrey root, echinacea, ginkgo biloba, goji berry, gotu kola, hibiscus, lavender, lemon balm, licorice root, helichrysum, lotus stamens, plantain, rhodiola, rooibos, rose, rosemary, green tea, horsetail herb, violet leaf, acai berry, amla berry, ashwagandha, boswellia, milk thistle seed); Sesame oil; Avocado oil; Hemp seed oil; Camellia seed oil; Meadowfoam oil; Castor oil; Rosehip seed oil; Tamanu oil; Vitamin E; Carrot seed oil; Burti fruit oil; Rapsberry seed oil; Cranberry seed oil; Borage CO2 extract; Carrot CO2 extract; Rosehip CO2 extract; Sandalwood oil; Vetiver oil; Patchouli oil; Jasmine sambac oil; Rose CO2 extract

Moisturizing Herbal Facial Oils

Ruby
Herb-infused oil (Jojoba oil, sesame oil, calendula, comfrey leaf, comfrey root, echinacea, ginkgo biloba, goji berry, gotu kola, hibiscus, lavender, lemon balm, licorice root, helichrysum, lotus stamens, plantain, rhodiola, rooibos, rose, rosemary, green tea, horsetail herb, violet leaf, acai berry, amla berry, ashwagandha, boswellia, milk thistle seed); Sesame oil; Avocado oil; Hemp seed oil; Camellia seed oil; Meadowfoam oil; Castor oil; Rosehip seed oil; Tamanu oil; Vitamin E; Carrot seed oil; Burti fruit oil; Rapsberry seed oil; Cranberry seed oil; Borage CO2 extract; Carrot CO2 extract; Rosehip CO2 extract; Sandalwood oil; Vetiver oil; Patchouli oil; Jasmine sambac oil; Rose CO2 extract

Intense Exfoliant

pH 3.3-3.5
Aloe vera gel; Aloe-algae extract (Aloe vera gel, macrocystis pyinera, Lammaria, Fucus vesiculous, Pheaoophyceae, Rhodophyceae); Honey extract (yields 60% lactic acid); Cucumber extract; Sodium ascorbate; Aspen bark extract; Vegetable glycerin; Lavender oil; Geranium oil; Xanthan gum

Intense Exfoliant

Virgin coconut oil; Coconut/palm oils and plant stachures; Aloe vera gel; Silaceous earth; Helichrysum; Purnmanna root extract; Wild kakadu plum extract; Aspen bark extract; Pearl powder; Lavender oil; Lemon tea tree oil; Xanthan gum

Intense Exfoliant

Phyto–Enzyme Exfoliant
Powder. Moroccan rhassoul clay; Bromelein; Papain; Cardamom; Fennel seed; Neem leaf; Licorice root; Lemon peel; Stevia leaf; Sweet basil; Yucca root; Rosemary; Olive leaf; Milk thistle seed; Lemon balm; Hyssop; Echinacea herb

Phyto–Enzyme Exfoliant

Silaceous earth; Powder. Moroccan rhassoul clay; Bromelein; Papain; Cardamom; Fennel seed; Neem leaf; Licorice root; Lemon peel; Stevia leaf; Sweet basil; Yucca root; Rosemary; Olive leaf; Milk thistle seed; Lemon balm; Hyssop; Echinacea herb

Exfoliants

Rhassoul Refining Exfoliant
Powder. Moroccan rhassoul clay; Silaceous earth.
I have come to bring out the Beauty you never knew you had and lift you like a prayer to the sky

Rumi
Golden Lip Balm
Beeswax; Olive butter; Cacao butter; Herb-infused oil (Jojoba oil, sesame oil, calendula, comfrey leaf, comfrey root, echinacea, gingko biloba, goji berry, gotu kola, hibiscus, lavender, lemon balm, licorice root, helichrysum, lotus stamens, plantain, rhodiola, rooibos, rose, rosemary, green tea, horsetail herb, violet leaf, acai berry, amla berry, ashwaghanda, boswellia, milk thistle seed); Shea butter; Aloe vera butter; Virgin coconut oil; Bariti fruit oil; Sunflower oil; Vitamin E tocopherols; Cocoa oil; Raspberry seed oil; Rosehip seed oil; Orange oil

Extra Care for Sensitive Skin
Soothing Relief Balm
Virgin coconut oil; Aloe-herb extract (Aloe vera gel, calendula, chamomile, comfrey root, lavender, neem, rosemary, lemon balm, gotu kola, green tea, helichrysum, nettle, olive leaf, plantain); Rose distillate; Oat-derived beta glucan; Vegetable glycerin; Cucumber distillate; Aloe vera-infused coconut oil; Mineral wax; Helichrysum extract; Aspen bark extract; Vitamin E tocopherols; Vegetable wax; Xanthan gum; Lavender oil; Hyaluronic acid (powder concentrate); Aloe vera powder concentrate; Rosemary CO2 extract

Soothing Relief Mist
Aloe vera gel; Cucumber distillate; Aloe-herb extract (Aloe vera gel, calendula, chamomile, comfrey root, lavender, neem, rosemary, lemon balm, gotu kola, green tea, helichrysum, nettle, olive leaf, plantain); Rose distillate; Helichrysum extract; Neroli distillate; Aspen bark extract; Oat-derived beta glucan; Hyaluronic acid (powder concentrate)

Rose-Cucumber Hydrosol Mist
Aloe vera gel; Cucumber distillate; Aspen bark extract; Lavender oil; Rosemary extract; Hyaluronic acid (powder concentrate); Xanthan gum; Citric acid

Extra Care for Blemished Skin
Clarity Facial Mask
White clay (kaolin); Aloe-herb extract (Aloe vera gel, rosemary, neem, olive leaf, calendula, lavender); Rosemary distillate; Zinc oxide; Witch hazel distillate; White willow bark and licorice root extract; Neem oil; Niacinamide; Green clay; Panthenol; Serum blend (Aloe vera gel, carrageenan, squalane, plant sugar complex, xanthan gum); Vegetable glycerin; Aspen bark extract; Lavender oil; Black cumin seed oil; Acorbyl palmitate; Thyme oil; Manuka oil; Lemon tea tree oil; Lemon myrtle oil; Camphor oil; Turmeric oil; Rosemary oil; Galangal root oil; Clove bud oil; Rosemary CO2 extract; Xanthan gum

Purity
Jojoba oil; Grapeseed oil; Lavender oil; Tea tree oil; Lemon myrtle oil; Thyme oil; Manuka oil; Rosemary verbena oil; Geranium oil

Brightening and Lightening
Crystal Cleansing Exfoliant
Virgin coconut oil; Coconut/palm oils and plant stearates; Aloe vera gel; Silaceous earth; Vegetable glycerin; Purnarnava root extract; Wild kakadu plum extract; Aspen bark extract; Pearl powder; Lavender oil; Lemon tea tree oil; Xanthan gum

Radiant Light Serum
Serum blend (Aloe vera gel, carrageenan, squalane, plant sugar complex, xanthan gum); Aloe vera gel; Camellia seed oil; Wild kakadu plum extract; Uva ursi extract; Purnarnava root extract; Vitamin C Ester (tetrahexyldecyl ascorbate); Oat-derived beta glucan; Plant derived glucose/fructose; Squalane; Jojoba oil; Licorice root extract; Aspen bark extract; Resveratrol; Carrot seed CO2 extract; Vitamin E tocopherols; Sandalwood oil; Lavender oil; Lecithin; Rosemary CO2 extract

Pearl Radiance Mask
Aloe-algae extract (Aloe vera, macrocystis pyrifera, laminaria, fucus vesiculosus, phaeophyceae, rhodophyceae); Pearl powder; Wild Colorado honey; Vegetable glycerin; Serum blend (Aloe vera gel, carrageenan, squalane, plant sugar complex, xanthan gum); Wild kakadu plum extract; Oat-derived beta glucan; Cucumber extract; Niacinamide; Willow herb extract; MSM; Aspen bark extract; Panthenol; Lavender oil; Lemon myrtle oil; Bitter orange oil; Thyme oil; Tea tree oil; Manuka oil; Clove bud oil; Rosemary CO2 extract; Hyaluronic acid (powder concentrate); Sodium ascorbate

Pearl Radiance
Aloe-algae extract (Aloe vera, macrocystis pyrifera, laminaria, fucus vesiculosus, phaeophyceae, rhodophyceae); Pearl powder; Wild Colorado honey; Vegetable glycerin; Serum blend (Aloe vera gel, carrageenan, squalane, plant sugar complex, xanthan gum); Wild kakadu plum extract; Aspen bark extract; Lemon oil; Turmeric oil; Lavender oil; Xanthan gum
The Gentleman’s Skincare

**The Gentleman’s Shave Gelé**
Aloe vera gel; Coconut/palm oils and plant stearches; Vegetable glycerin; Aloe–herb extract (Aloe vera gel, helichrysum, calendula, comfrey leaf, lavender, rosemary, lemon balm, green tea leaves); Squalane; Oat–derived beta glucan; Aspen bark extract; Lavender oil; Sage oil; Fir needle oil; Rosemary oil; Lemon myrtle oil; Xanthan gum; Carrageenan

**The Gentleman’s After Shave**
Aloe vera gel; Oat–derived beta glucan; Squalane; Aspen bark extract; Plant derived glucose/fructose; Vegetable glycerin; Sandalwood oil; Lavender oil; Lemon myrtle oil

**The Gentleman’s Moisturizer**
MCT coconut oil; Herb–infused oil (Grapeseed oil, calendula, comfrey leaf, comfrey root, echinacea, gingko biloba, goji berry, gotu kola, hibiscus, lavender, lemon balm, licorice root, helichrysum, lotus stamens, plantain, rhodiola, rooibos, rose, rosemary, green tea, horsetail herb, violet leaf, acai berry, amba berry, ashwaganda, boswellia, milk thistle seed); Squalane; Grapeseed oil; Vitamin C ester (tetrahexyldecyl ascorbate); CoQ10 and Squalane; Argan oil; Hazelnut oil; Pomegranate seed oil; Raspberry seed oil; Cranberry seed oil; Vitamin E tocopherols; Borage seed CO2 extract; Seabuckthorn berry CO2 extract; Sandalwood oil; Lavender oil; Petitgrain oil; Green mandarin oil; Jasmine sambac oil; Rosemary CO2 extract

**Golden Sun Care**

**Herbal Sun Butter**
Zinc oxide; Virgin coconut oil; Unrefined shea butter; Mango butter; Olive butter; Herb–infused oil (Jojoba oil, sesame oil, calendula, comfrey leaf, comfrey root, echinacea, gingko biloba, goji berry, gotu kola, hibiscus, lavender, lemon balm, licorice root, helichrysum, lotus stamens, plantain, rhodiola, rooibos, rose, rosemary, green tea, horsetail herb, violet leaf, acai berry, amba berry, ashwaganda, boswellia, milk thistle seed); Serum blend (Aloe vera gel, carrageenan, squalane, plant sugar complex, xanthan gum); Aloe–infused coconut oil; Beeswax; Uruccum seed–infused sunflower oil; Burti fruit oil; Goji berry–infused sunflower oil; Buddleja extract; Seabuckthorn berry CO2 extract; Vitamin E tocopherols; Cocoa oil

**Photo–Enzyme Serum**
Aloe vera gel; Serum blend (Aloe vera gel, carrageenan, squalane, plant sugar complex, xanthan gum); Rosemary distillate; Aloe–herb extract (Aloe vera gel, green tea, helichrysum, gingko, milk thistle seed, rosemary, licorice root, echinacea); Rose distillate; Sunflower seed extract; Buddleja extract; Vegetable glycerin; Squalane; Aspen bark extract; Sodium ascorbate; Phytoplankton extract (Photosome enzymes); Superoxide dismutase (SOD); Lavender oil; Hyaluronic acid (powder concentrate); Rosemary verbeneone oil; Xanthan gum

**Golden Sun Oil**
Virgin coconut oil; Uruccum seed–infused sunflower oil; Herb–infused oil (Jojoba oil, sesame oil, calendula, comfrey leaf, comfrey root, echinacea, gingko biloba, goji berry, gotu kola, hibiscus, lavender, lemon balm, licorice root, helichrysum, lotus stamens, plantain, rhodiola, rooibos, rose, rosemary, green tea, horsetail herb, violet leaf, acai berry, amba berry, ashwaganda, boswellia, milk thistle seed); Olive oil; Burti fruit oil; Seabuckthorn berry CO2 extract; Vitamin E tocopherols

**After Sun Balm**
Virgin coconut oil; Aloe vera gel; Aloe–infused coconut oil; Aloe–herb extract (Aloe vera gel, calendula, chamomile, comfrey root, lavender, neem, rosemary, lemon balm, gotu kola, green tea, helichrysum, nettle, olive leaf, plantain); Vegetable glycerin; Beeswax; Sunflower seed extract; Cucumber distillate; Aspen bark extract; Vitamin E tocopherols; Xanthan gum

**After Sun Moisturizer**
MCT Coconut oil; Aloe vera–infused coconut oil; Calendula–infused sunflower oil; Shea oil; Avocado oil; Pumpkin seed oil; Hemp seed oil; Black Cumin seed oil; Raspberry seed oil; Cranberry seed oil; Lavender oil; Vitamin E tocopherols; Lavender oil; Squalane; Rosewood oil; Roman chamomile oil; Rosemary CO2 extract

**Soothing Silk Cleanser**
Aloe vera gel; Coconut/palm oils and plant stearches; Vegetable glycerin; Aloe–herb extract (Aloe vera gel, calendula, cedar leaf, horsetail herb, lavender, nettle, plantain, yarrow); Aspen bark extract; Fir needle oil; Oat extract; Vitamin E tocopherols; White spruce oil; Juniper berry oil; Cedarleaf oil; Xanthan gum; Rosemary CO2 Extract

**Rosemary–Sage Body Scrub**
Aloe vera gel; Coconut oil; Siliceous earth; Vegetable glycerin; Aspen bark extract; Carrageenan; Rosemary oil; Sage oil; Xanthan gum

**Shea Butter Scrub**
Unrefined shea butter; Dendritic salt; Shea oil; Lavender oil; Rosemary oil; Peppermint oil

**Skin Restore**
Sunflower oil; Avocado oil; Herb–infused oil (Jojoba oil, sesame oil, calendula, comfrey leaf, comfrey root, echinacea, gingko biloba, goji berry, gotu kola, hibiscus, lavender, lemon balm, licorice root, helichrysum, lotus stamens, plantain, rhodiola, rooibos, rose, rosemary, green tea, horsetail herb, violet leaf, acai berry, amba berry, ashwaganda, boswellia, milk thistle seed); Camellia oil; Sesame oil; Hemp seed oil; Rosehip seed oil; Vitamin E tocopherols; Vetiver oil; Sandalwood oil; Yang yang oil; Patchouli oil; Peru balsam; Benzoin oil; Rosemary CO2 extract

**Celestial Body Oil**
Sunflower oil; Herb–infused oil (MCT coconut oil, lavender, calendula, helichrysum); Vitamin E tocopherols; Grapefruit oil; Elemi oil; Bergamot oil; Lemon oil; Jasmine sambac oil; Cistus oil; Sweet Myrrh oil; Rose oil; Angelica seed oil; Neroli oil; Rosemary CO2 extract

**Soothing Body Silk**
Aloe vera gel; Serum blend (Aloe vera gel, carrageenan, squalane, plant sugar complex, xanthan gum); MCT coconut oil; Sunflower oil; Aloe–herb extract (Aloe vera gel, gotu kola, licorice root, rosemary, green tea, boswellia, calendula, chamomile, lavender, rose petals, comfrey leaves, spikenard root, helichrysum, lemon balm, milk thistle seed, neem); Aloe vera–infused coconut oil; Avocado oil; Shea oil; Vegetable wax; Aspen bark extract; Lavender oil; Vitamin E tocopherols; Seabuckthorn berry CO2 extract; Hyaluronic acid; Lavender oil; Peru balsam
Body Care

Celestial Body Silk
Aloe vera gel; Sunflower oil; Serum blend (Aloe vera gel, carrageenan, squalane, plant sugar complex, xanthan gum); Herb-oil extract (MCT coconut oil, lavender, calendula, helichrysum); Vegetable wax; Aspen bark extract; Vitamin E tocopherols; Grapefruit oil; Elemi oil; Bergamot oil; Lemon oil; Jasmine sambac oil; Cistus oil; Sweet myrrh oil; Rose oil; Angelica seed oil; Neroli oil; Rosemary CO2 extract

Golden Body Balm
Coconut oil; Beeswax; Sunflower oil; Olive butter; Shea butter; Herb-infused oil (Grapeseed oil, calendula, comfrey leaf, comfrey root, echinacea, gingko biloba, goji berry, gotu kola, hibiscus, lavender, lemon balm, licorice root, helichrysum, lotus stamens, plantain, rhodiola, rooibos, rose, rosemary, green tea, horsetail herb, violet leaf, acas berry, amla berry, ashwaghanda, boswellia, milk thistle seed); Avocado oil; Mango butter; Aloe vera-infused coconut oil; Vitamin E tocopherols; Hemp seed butter; Buriti fruit oil; Goji berry-infused sunflower oil; Unurcud seed-infused rice bran oil; Evening primrose CO2 extract; Borage seed CO2 extract; Peru balsam; Vanilla oil; Cocoa oil; Rosemary CO2 extract

Citrus & Spice Body Oil
MCT coconut oil; Herb-infused oil (Grapeseed oil, MCT coconut oil, fucus (bladderwrack), kelp, kola nut, rosemary, pippali fruit, cardamom, olive leaf, lemon peel, orange peel, lemongrass, ginger root, amla berry, hibiscus, St. John’s wort, calendula, angelica seed, echinacea, horse chestnut, horsetail, gotu kola, comfrey, white willow bark, nettle, sage, manjistha, pumarnava); Olive oil; Hazelnut oil; Vitamin E tocopherols; Cypress oil; Cedarwood oil; Juniperberry oil; Bitter orange; Grapefruit; Pink pepper tree oil; Ginger root oil; Cardamom oil; Cassia oil; Lemon myrtle oil; Cinnamon leaf oil; Rosemary CO2 extract

Amethyst
Sunflower oil; Herb-oil extract (MCT coconut oil, sunflower oil, lavender flowers, lemon balm, blue violet, sweet Basil, red Clover, hyssop, rosemary, goji berry); Olive oil; Passion seed fruit oil; Jojoba oil; Vitamin E tocopherols; Lavender oil; Geranium oil; Bergamot oil; Rose oil; Melissa oil; Rosemary CO2 oil; Embedded amethyst quartz crystal

Aromatherapy

Ormus Rose
Rose oil; Jasmine sambac oil; Frankincense sacra oil; MCT coconut oil

Celestial
Grapefruit oil; Elemi oil; Bergamot oil; Lemon oil; Jasmine sambac oil; Cistus oil; Sweet Myrrh oil; Rose oil; Angelica seed oil; Neroli oil

Sacred
Sandalwood oil; Rose absolute; Frankincense sacra oil; Vetiver oil; Sweet Myrrh oil; Amyris oil; Buddha wood oil

Peace
Rose Moroc oil; Lavender oil; Frankincense sacra oil; White spruce; Blue chamomile

Green
White spruce oil; Fir needle oil; Green mandarin oil; Cypress oil; Laurel leaf oil; Clary sage oil; Cedar leaf oil; Sage oil; Rosemary verbena oil; Wild thyme oil

Earth
Amyris oil; Peru balsam; Cedar wood oil; Copaiba balsam oil; Patchouli oil; Calgalang root oil; Buddha wood oil; Turmeric oil; Vetiver oil

Rose Quartz
Sunflower oil; Herb-oil extract (Grapeseed oil, rose petals, helichrysum, jasmine, lavender, chamomile, self heal herb, rosemary, hibiscus, honeysuckle, goji berry); Grapeseed oil; Passion fruit seed oil; Jojoba oil; Vitamin E tocopherols; Rose oil; Jasmine sambac oil; Bergamot oil; Litsea oil; Pink grapefruit oil; Lime oil; Ginger root oil; Sandalwood oil; Rosemary CO2 extract; Embedded rose quartz crystal

Citrus & Spice Balm
Herb-infused oil (Grapeseed oil, MCT coconut oil, fucus (bladderwrack), kelp, kola nut, rosemary, pippali fruit, cardamom, olive leaf, lemon peel, orange peel, lemongrass, ginger root, amla berry, hibiscus, St. John’s wort, calendula, angelica seed, echinacea, horse chestnut, horsetail, gotu kola, comfrey, white willow bark, nettle, sage, manjistha, pumarnava); Beeswax; Grapeseed oil; Shea butter; Hazelnut oil; Coconut oil; Sunflower oil; Olive butter; Vitamin E tocopherols; Cypress oil; Cedarwood oil; Juniperberry oil; Bitter orange oil; Grapefruit oil; Pink pepper tree oil; Ginger root oil; Cardamom oil; Cassia oil; Lemon myrtle oil; Cinnamon leaf oil; Rosemary CO2 extract

Citrus & Spice Balm
Herb-infused oil (Grapeseed oil, MCT coconut oil, fucus (bladderwrack), kelp, kola nut, rosemary, pippali fruit, cardamom, olive leaf, lemon peel, orange peel, lemongrass, ginger root, amla berry, hibiscus, St. John’s wort, calendula, angelica seed, echinacea, horse chestnut, horsetail, gotu kola, comfrey, white willow bark, nettle, sage, manjistha, pumarnava); Beeswax; Grapeseed oil; Shea butter; Hazelnut oil; Coconut oil; Sunflower oil; Olive butter; Vitamin E tocopherols; Cypress oil; Cedarwood oil; Juniperberry oil; Bitter orange oil; Grapefruit oil; Pink pepper tree oil; Ginger root oil; Cardamom oil; Cassia oil; Lemon myrtle oil; Cinnamon leaf oil; Rosemary CO2 extract

Herbal Shea Butter
Unrefined shea butter; Herb-oil extract (MCT coconut oil, lavender, calendula, helichrysum); Shea oil; Beeswax; Lavender oil; Vitamin E tocopherols; Rosemary CO2 extract

Prenatal Body Oil
Herb-oil extract (Sunflower oil, nettle leaves, raspberry leaves, alfalfa, dandelion leaves, rosehips); Coconut oil; Sesame oil; Olive oil; Pumpkin seed oil; Cacao butter; Avocado oil; Rice bran oil; Chia seed oil; Rosehip seed oil; Raspberry seed oil; Vitamin E tocopherols; Lavender oil; Green mandarin oil

Gemstone Body Oils

Garnet
Sesame oil; Rice bran oil; Herb-oil extract (Sesame oil, rosehip, cardamom seed, nettle leaf, rhubarb root, rooibos, maca root, licorice root, echinacea, galangal root, ashwaghanda root, dashmoola, goji berry); Shea oil; Hemp seed oil; Avocado oil; Vitamin E tocopherols; Cardamom oil; Amyris oil; Vetiver oil; Ginger root oil; Benzon; Turmeric root oil; Sandalwood oil; Galangal root oil; Rosemary CO2 extract; Embedded garnet gemstone

Carmelian
Sunflower oil; Herb-oil extract (Sesame oil, apricot oil, ginger root, cardamom seeds, licorice root, orange peel, sarsaparilla root, hibiscus flower, goji berry); Passion fruit oil; Jojoba oil; Vitamin E tocopherols; Sandalwood oil; Ylang ylang oil; Citrus oil & vanilla blend; Vetiver oil; Jasmine sambac oil; Rosemary CO2 extract; Embedded carnelian gemstone

Rose Quartz
Sunflower oil; Herb-oil extract (Grapeseed oil, rose petals, helichrysum, jasmine, lavender, chamomile, self heal herb, rosemary, hibiscus, honeysuckle, goji berry); Grapeseed oil; Passion fruit seed oil; Jojoba oil; Vitamin E tocopherols; Rose oil; Jasmine sambac oil; Bergamot oil; Litsea oil; Pink grapefruit oil; Lime oil; Ginger root oil; Sandalwood oil; Rosemary CO2 extract; Embedded rose quartz crystal
