PROFILE

Full-stack developer with more than 10 years of experience working with web technologies, I am also an IT Security Consultant. Former PHP, C++ and Python developer. Throughout my professional career I have worked in Telecom, IT Security, eCommerce, StartUps, online marketing and video games. Flexible and focused employee with the ability to think critically and solve problems, especially in fast-paced organizations.

EXPERIENCE

Over the years I have worked in multiple companies in the following roles:
Develop websites and applications
Taking client requirements
Managing development, design and marketing teams
Project and cost estimation
Perform project deployments
