

Transportation Activities

This workbook belongs to:

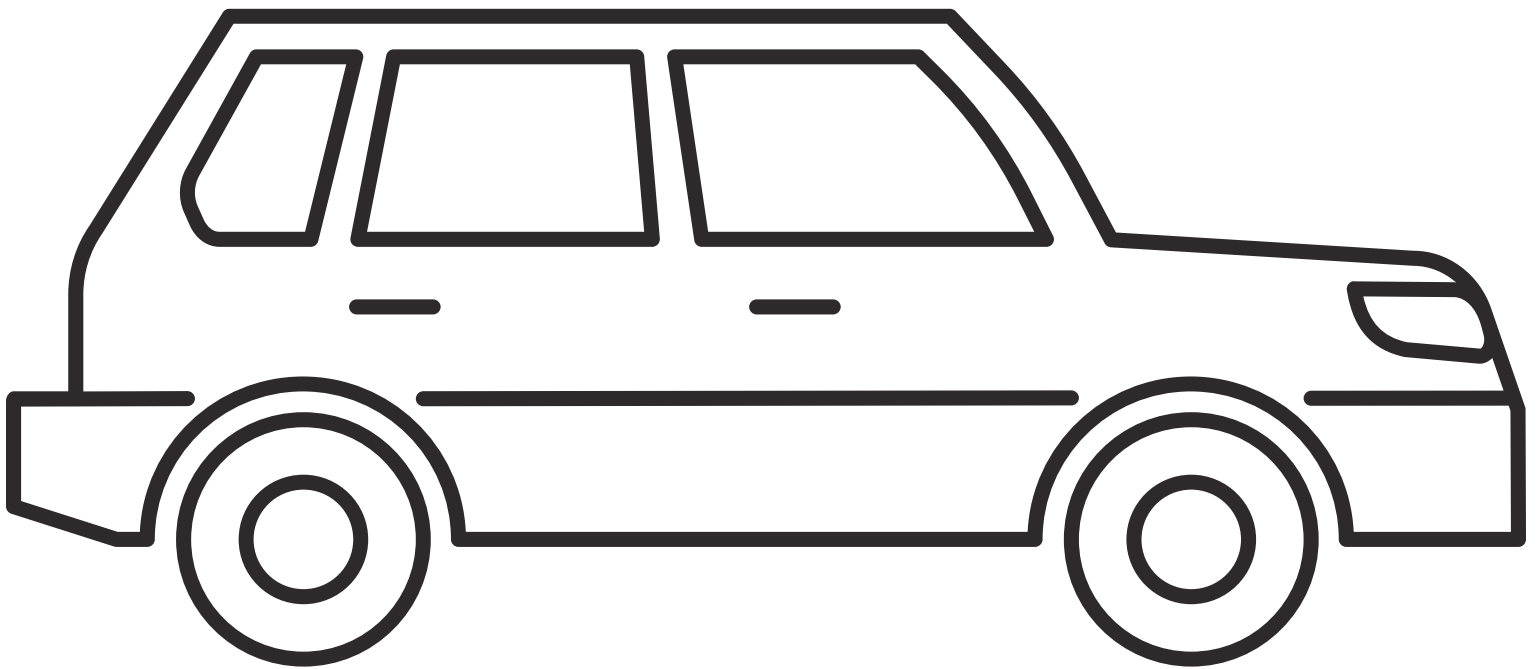

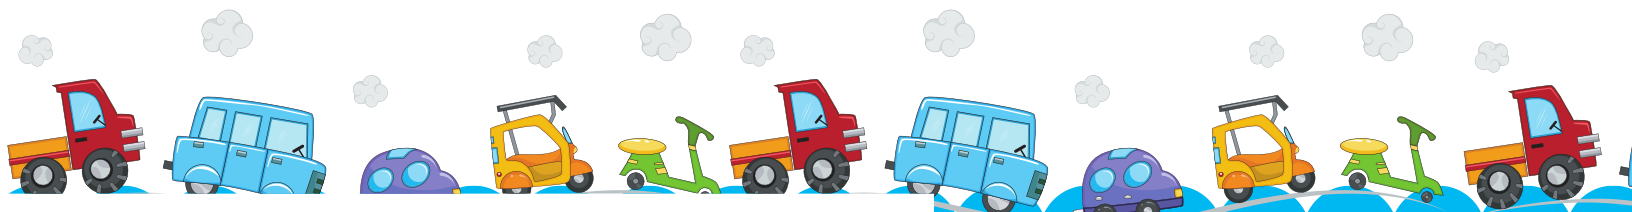

Transport Facts & Coloring

car

Cars are a type of land transport. They move people from one place to another.

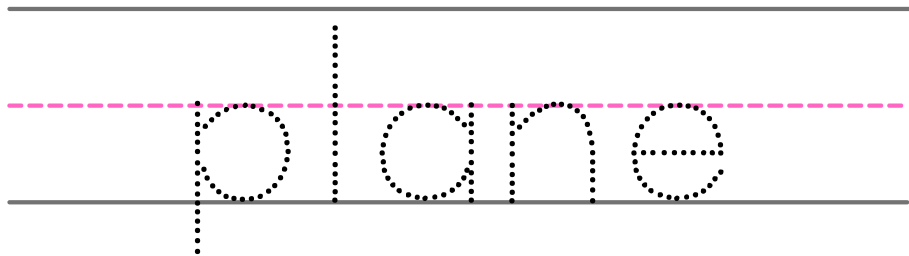

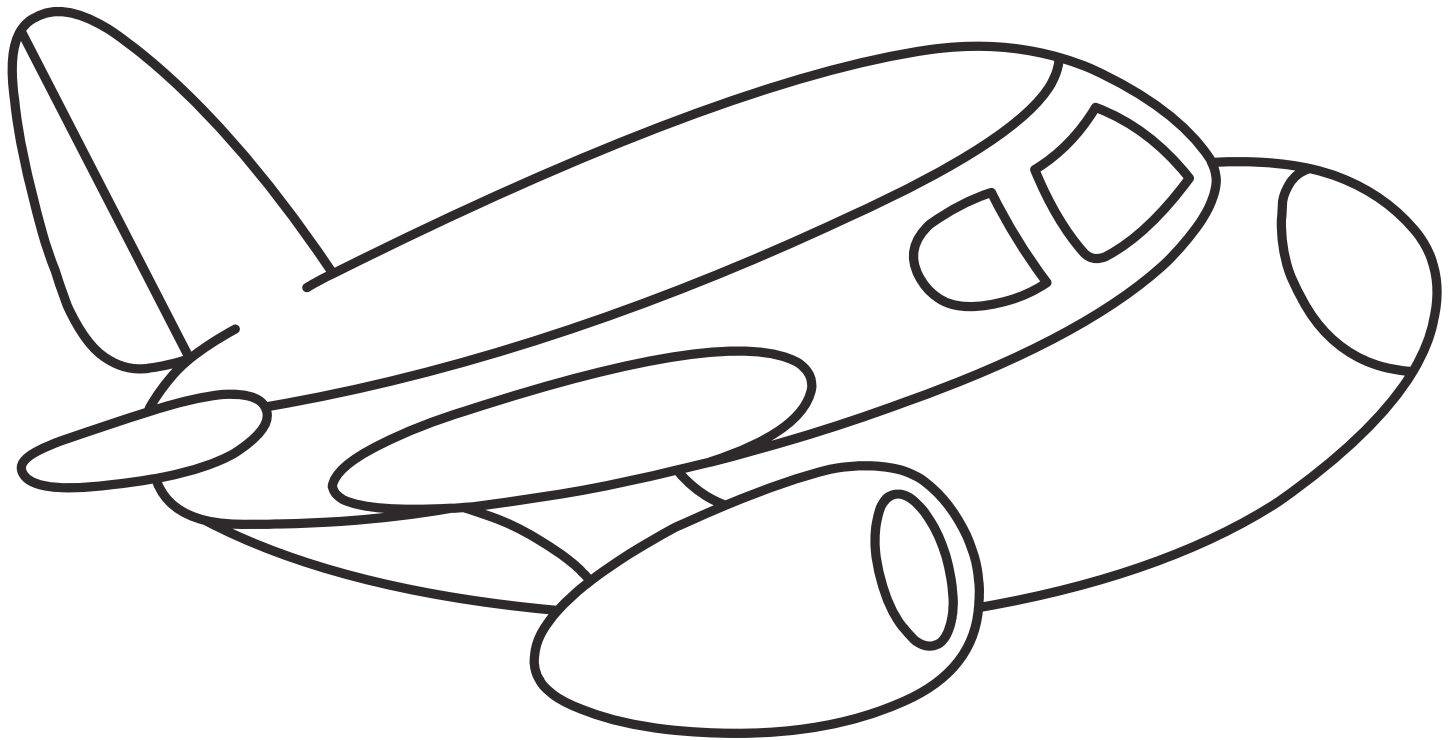

car

plane

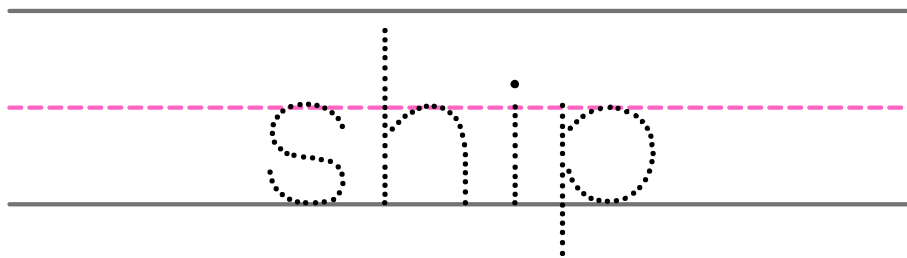

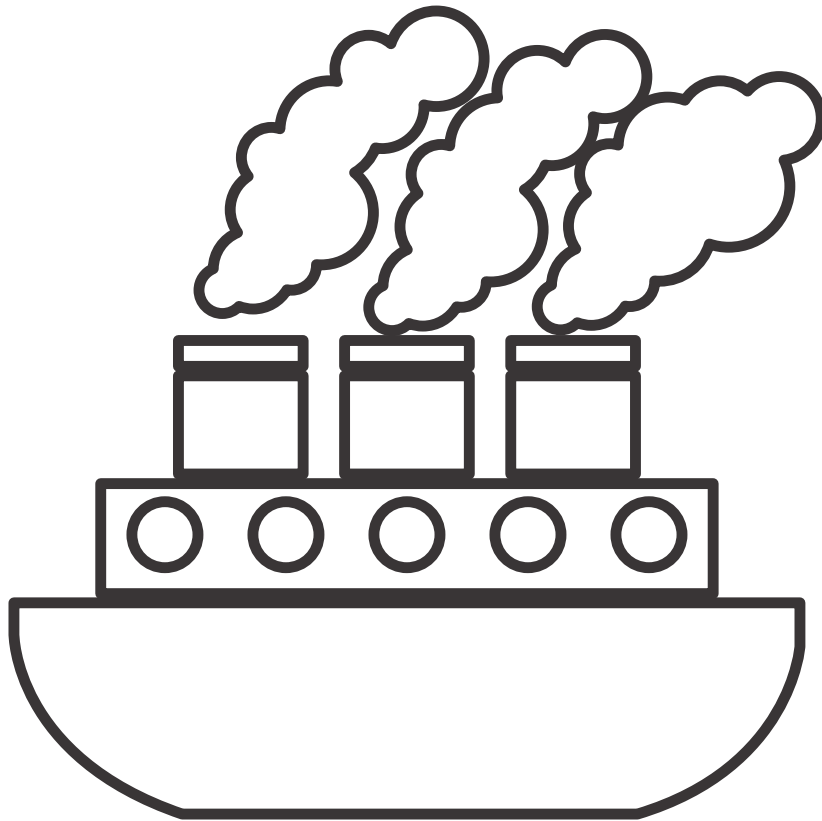

Planes are air transport. Planes move people and cargo long distances and across oceans.

ship

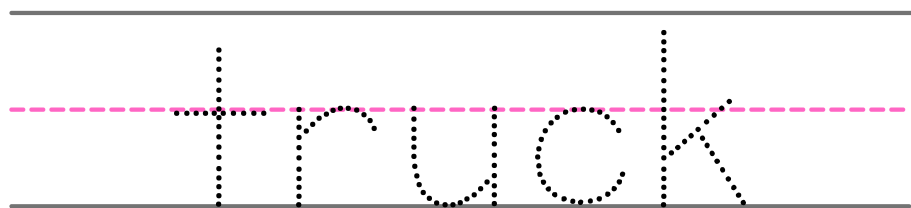

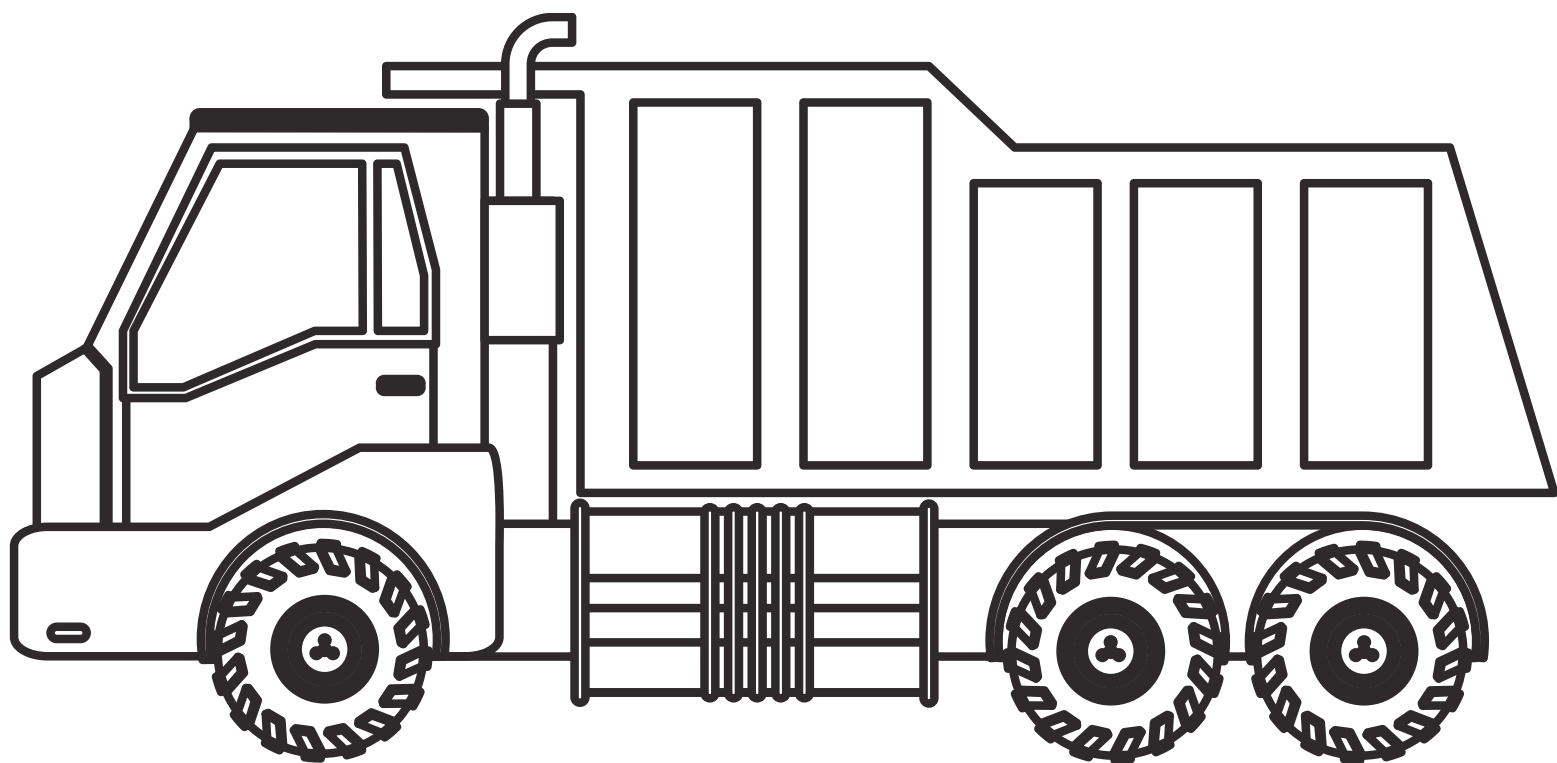

Ships are large ocean transport vehicles. Cargo ships move goods across the water. Cruise ships allow holiday makers to travel in luxury on the ocean and between countries.

truck

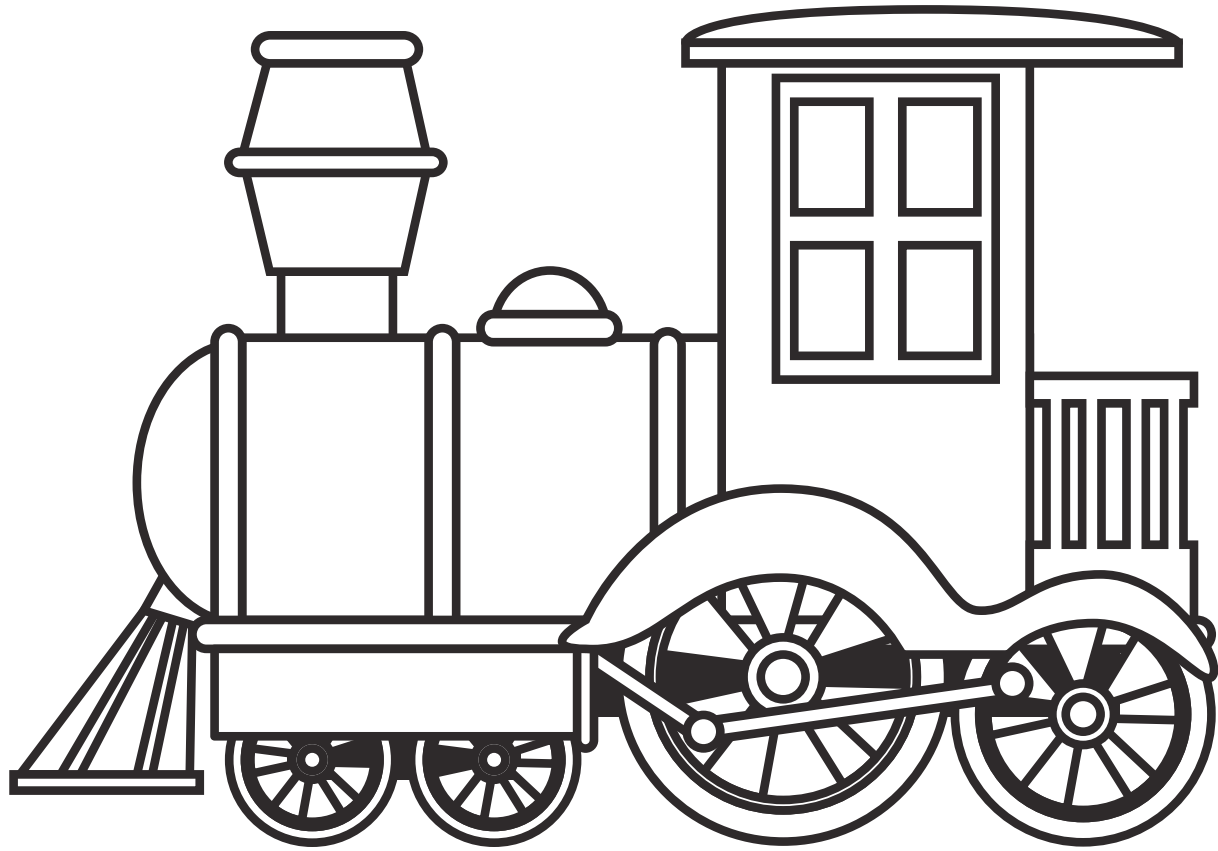

Trucks transport goods from one place to another, often over large distances.

train

Trains are land transport. They move people and goods across long distances on railroad tracks.

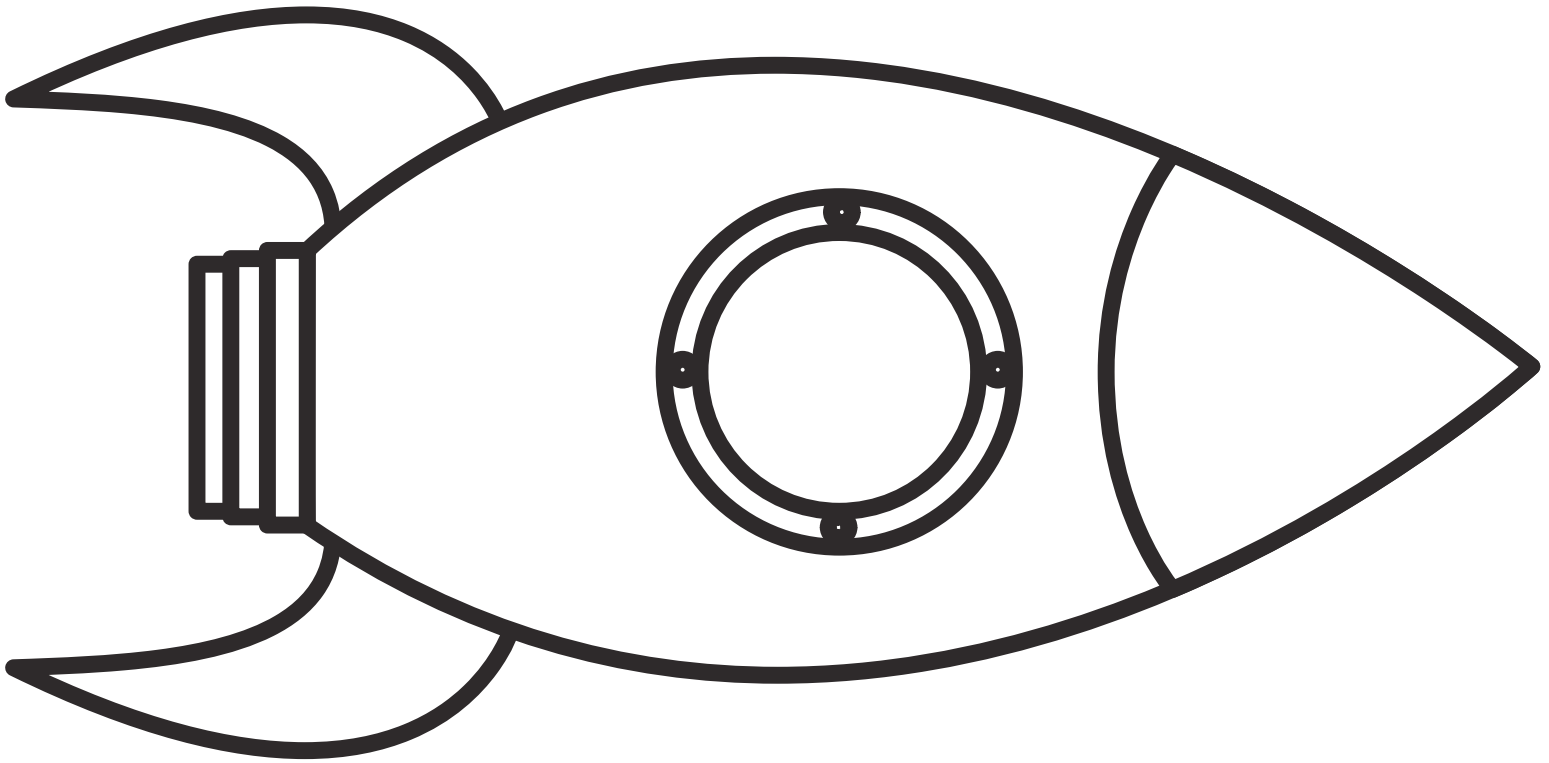

train

rocket

Rockets are space transport. They take people into space to explore new and unfamiliar places and planets.

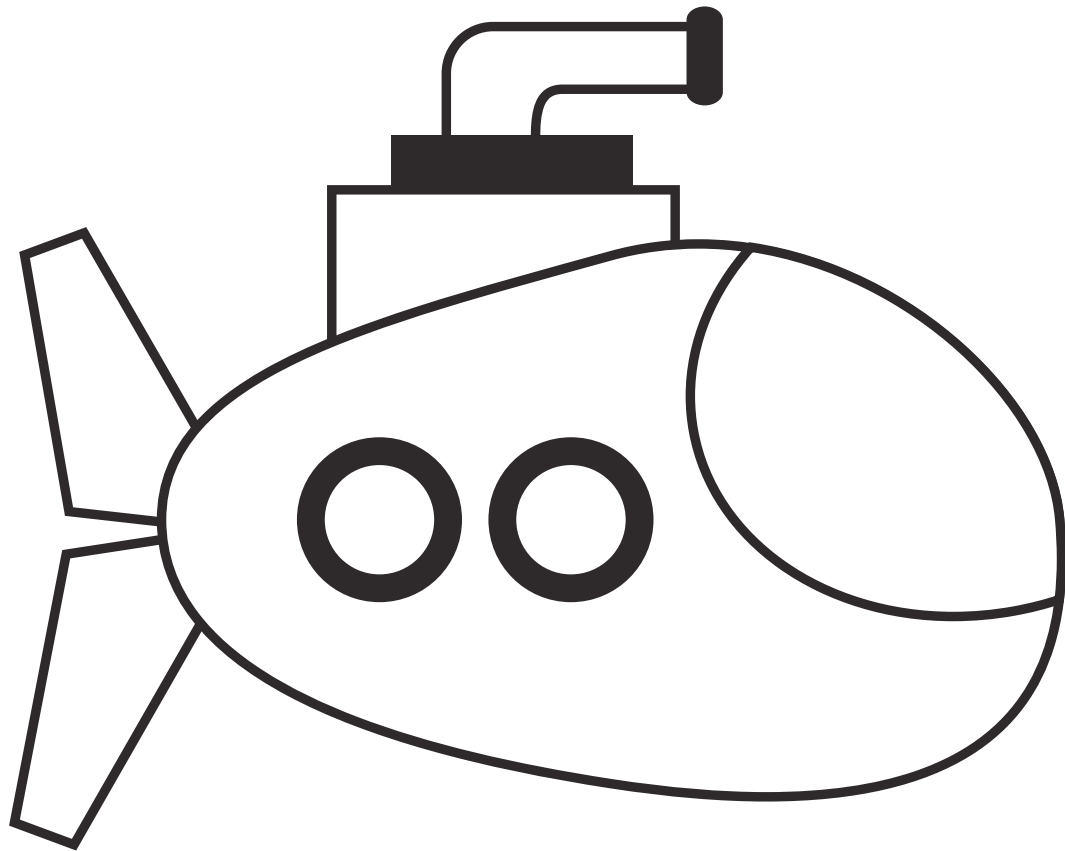

rocket

submarine

Submarines are underwater vehicles. They explore deep parts of the ocean that are hard to access otherwise.

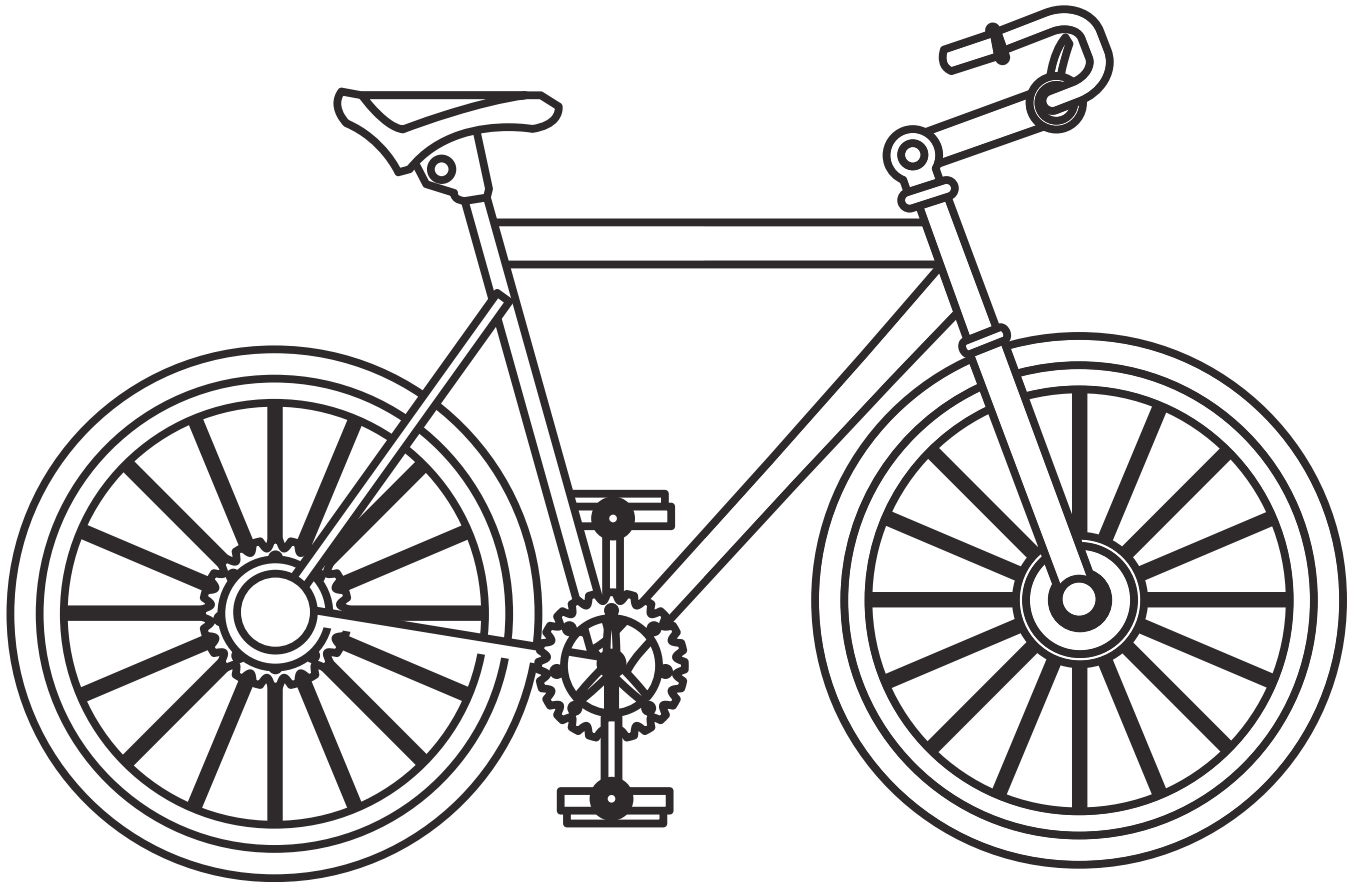

submarine

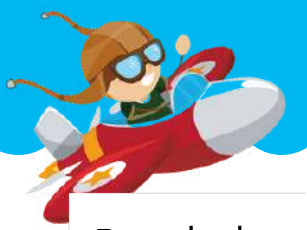

bicycle

Bicycles are single passenger vehicles that are powered by the rider.

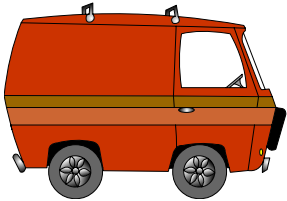

bicycle

VAN

ROCKET

BICYCLE

MOTORCYCLE

BUS

CAR

SHIP

TRAIN

AIRPLANE

HELICOPTER

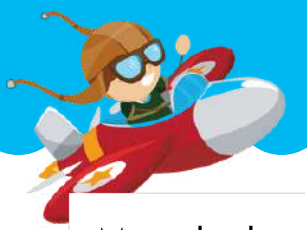

TRUCK

SUBMARINE

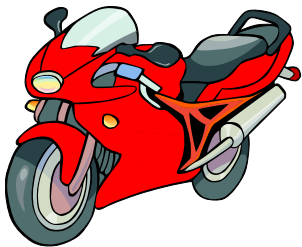

Guess the Name

Match the correct words to each of the transportation below.

submarine

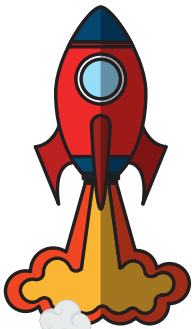

rocket

bus

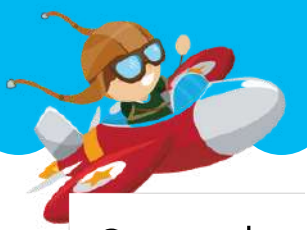

train

motorcycle

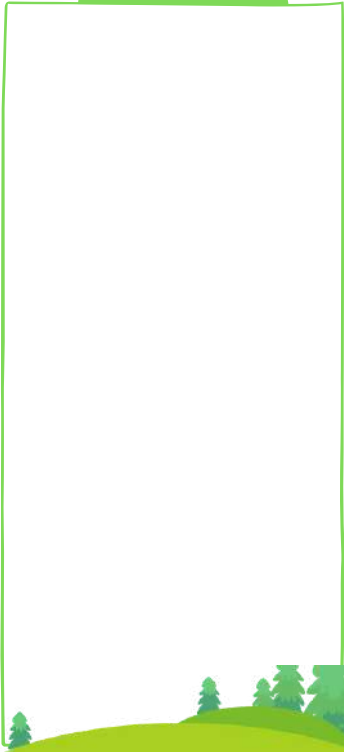

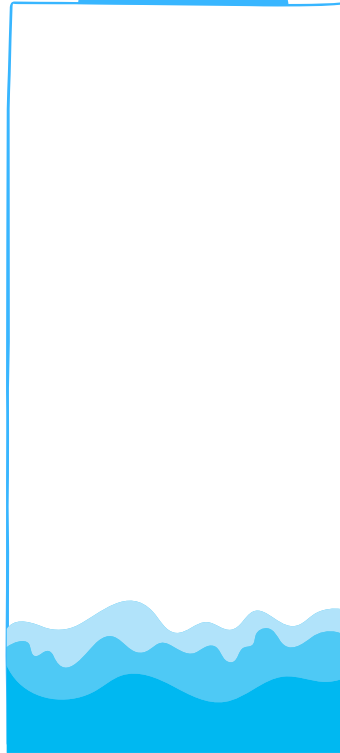

Transport Sorting

Cut and paste the pictures to the correct column.

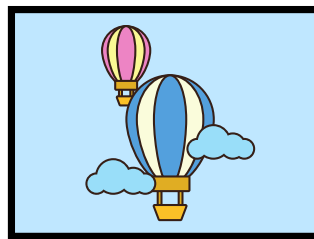

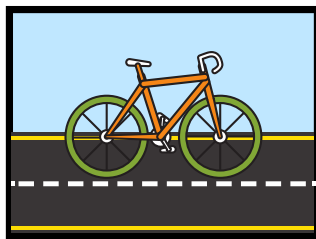

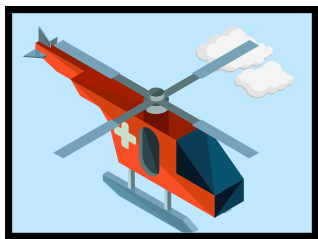

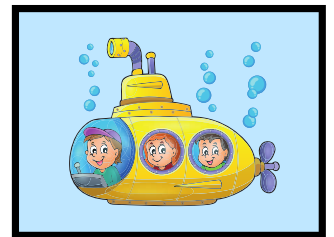

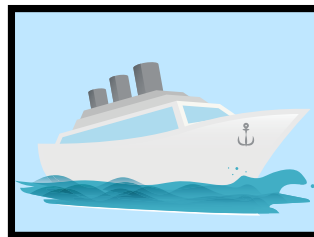

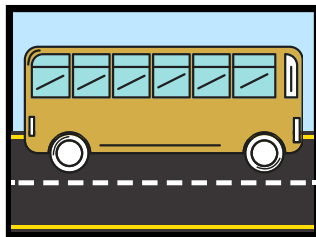

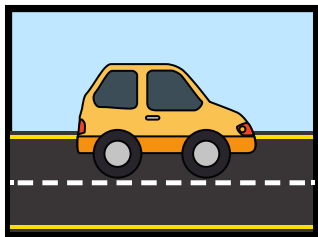

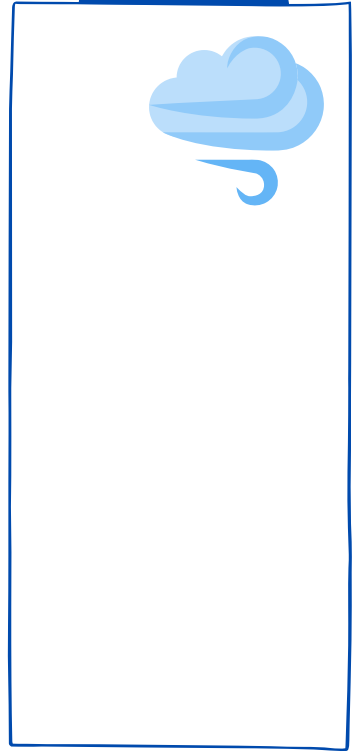

land

water

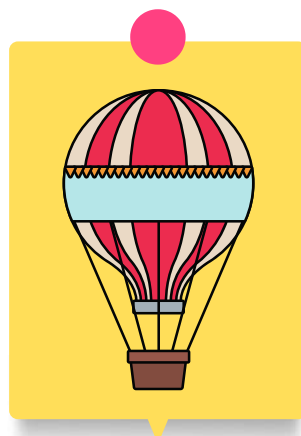

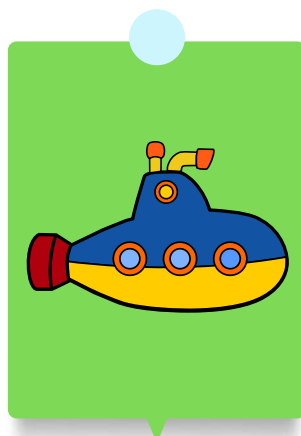

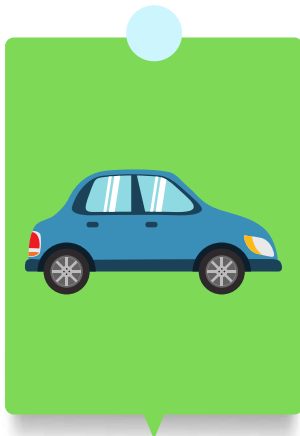

air

What Belongs on Land?

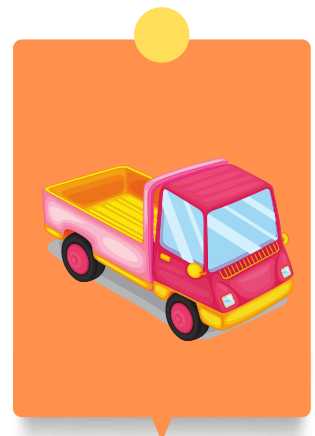

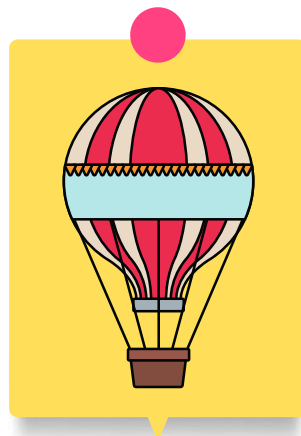

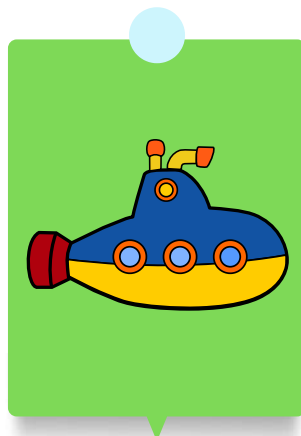

Choose and check the picture of land transportation.

What Belongs on Water?

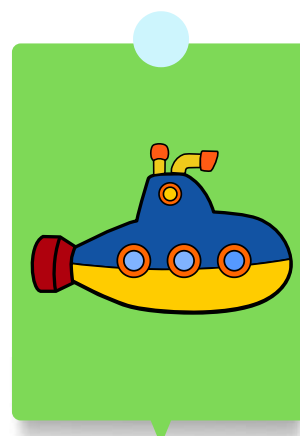

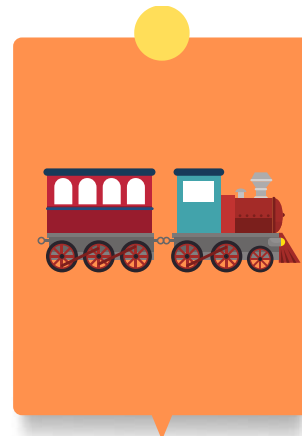

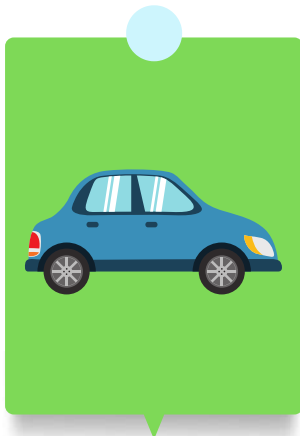

Choose and check the picture of water transportation.

What Belongs in Air?

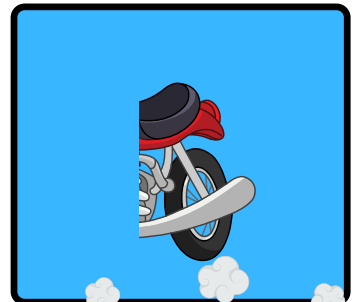

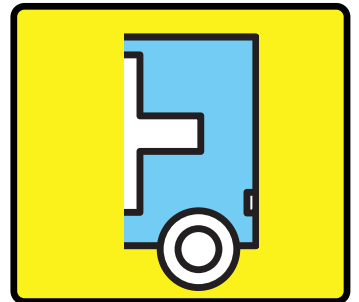

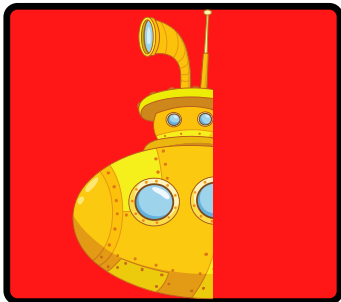

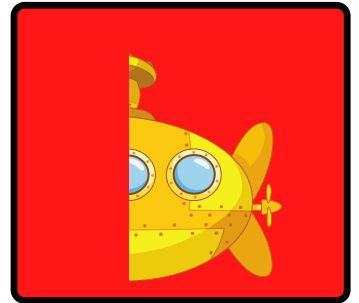

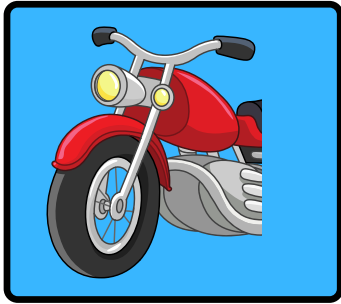

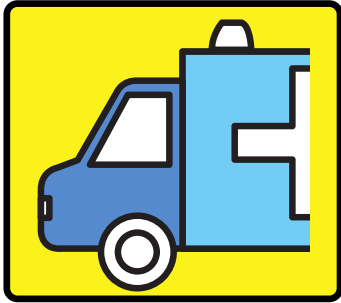

Choose and check the picture of air transportation.

Find the Other Half

Draw line to match the front half of each transports with its back.

Beginning Letter

Circle the beginning letter of each picture's name.

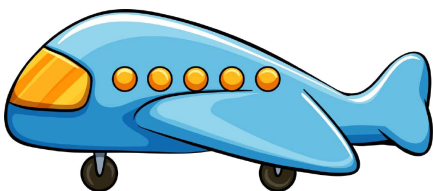

b s d

x t v

v f h

a h f

b p a

g b e

c z i

a r t

a t c

Spelling Practice

Complete the spelling words below.

h l c p t r

t r n

m t r c y c l

t r c t r

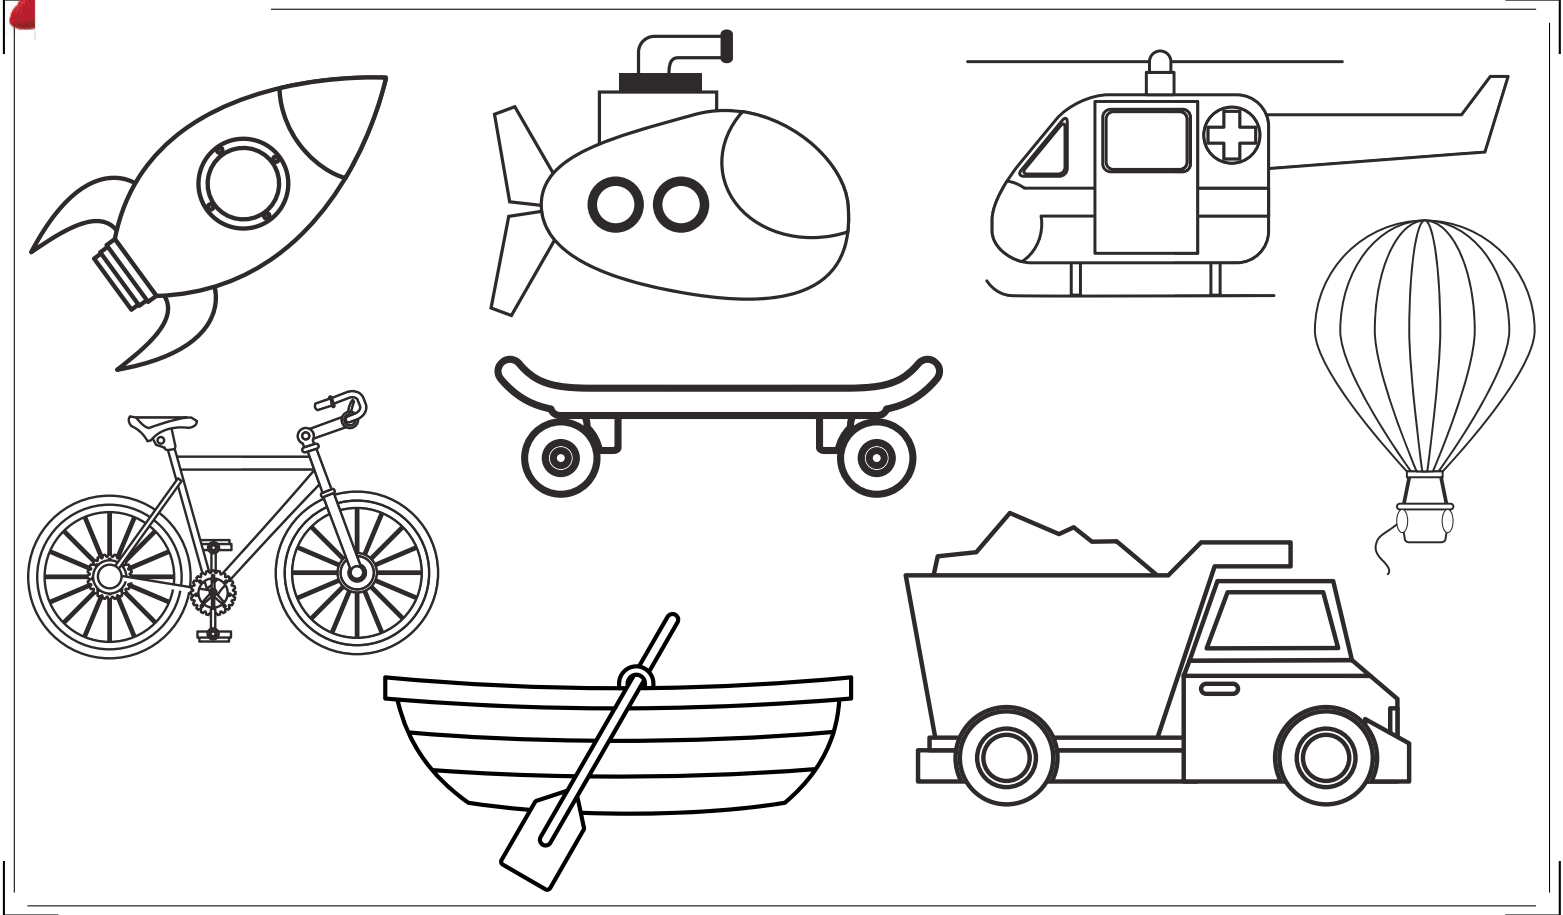

s h p

v n

Following Directions

1. Color the submarine yellow. 
2. Color the bicycle red. 
3. Color the boat green. 
4. Color the hot air balloon red and orange.  
5. Color the rocket pink.
