The Rose Stone

A 'Let's Read Together!' Book

Shine had left a note. It said to go to Goblin Hole to help look for the Rose Stone.

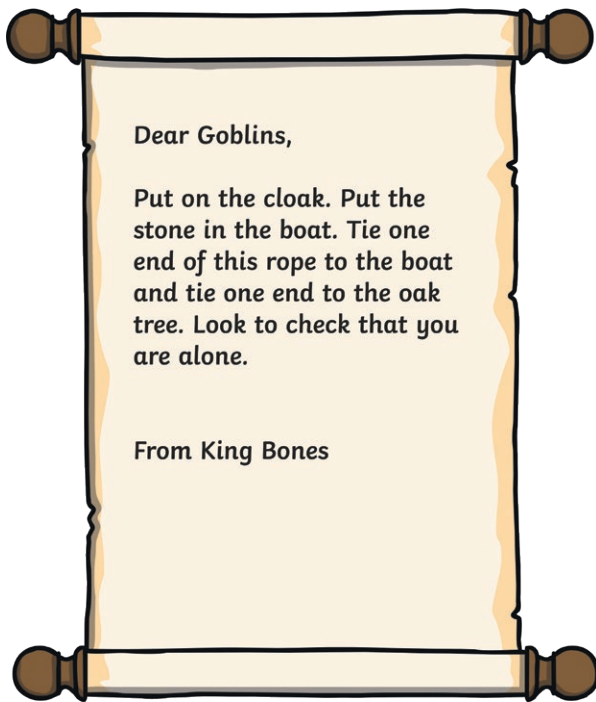

There was a note from King Bones stuck to a tree. It said that a goblin **would** take the Rose Stone to his home by boat.

The book took Kit and Sam to visit the Enchanted Forest. They **could** see no **people** until they met a boy named Grime.

When the goblin was asleep, they got the Rose Stone from the boat and took it home.

Sam made a plan. They stole the note that was left in the boat and made another note.

Grime had lost his sister, Shine. Kit, Sam and Grime had to look for her.
