They had to think of a theme for **their** project. Albert let them look at some of his things to help. He said he was not good in class when he was little!

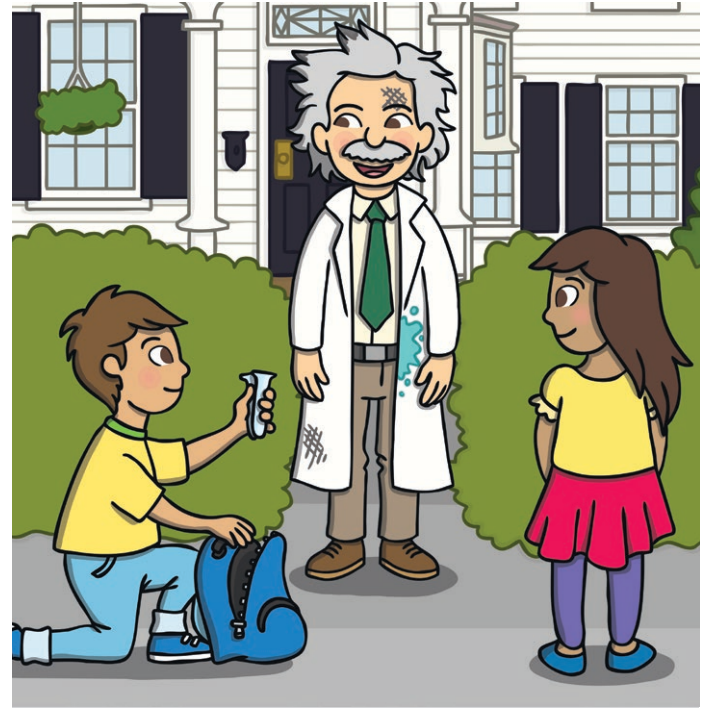

Kit and Sam had to complete a project for Mrs Tan. They went back in time to ask for help.

Albert was a big help. He even gave them a sheet on how to complete the experiment.

They came up with a plan. They would do their project on the theme of time. Albert liked this!

When they got there, Albert was in need of test tubes to complete an experiment. "Take these, I took them for the project," said Kit, handing them to him.
