

3 Times Table Speed Card Game

Instructions

A game for 2 or 3 players. The object of the game is to be the first to discard all cards.

- Share out the cards equally and place them face down in front of each player.
- Each player picks up 5 cards and places one of them face up on the table in the middle of all the players. Players can replenish the cards in their hand at any time as long as they never have more than 5.
- Players can add to any of the piles on the table.
- When play starts, players race to add cards to the piles on the table by adding the next multiple or the previous multiple of 3 to a pile. (They can add a 3 to 36 or 36 to 3 to make play continuous.) A wild card can be played at any time.
- If at any point no one can play a card, each player puts a random card on the pile and play continues until someone uses up their cards.
- If a player spots another player making a mistake they can make that player pick up the pile of cards!
