# NC Aims Covered in the Using and Applying

Use technology purposefully to create, organise, store, manipulate and retrieve digital content.

Use technology purposefully to create and manipulate digital content.

# I can...

# Computing | Year 1 | Using and Applying

Lesson 1	Lesson 2	Lesson 3	Lesson 4	Lesson 5	Lesson 6
I can demonstrate a range of basic skills to use a computer and its software.	I can type and format text, then save my work.	I can open saved work and edit text.	I can use shapes to create a particular image.	I can use different brush tools to create a particular image.	I can create text and pictures about a shared theme.
I can turn on a computer and log on.	I can type letters and symbols, including use of the shift key.	I can locate and open a saved file.	I can draw different shapes using paint software.	I can change the size of a brush.	I can use my computer skills to create a new piece of work.
I can open an application in different ways.	I can select text and change the size, type or colour.	I can select text in different ways.	I can make the shapes the size I want them to be.	I can change the colour of a brush.	I can draw a picture and add text at the side.
I can move and resize windows.	I can format text in different ways (bold, italic, underline).	I can use Undo and Redo tools.	I can position the shapes correctly.	I can select and compare different brush types.	I can link my writing to my drawing.
I can click, double-click and drag.	I can save my work in the correct place.	I can edit text using the arrow keys and delete or backspace buttons.	I can choose and change colours of shapes.	I can choose the best brush style for a purpose.	
I can save and open files.
