# Mississippi River Boat

## A 'Let's Write Together!' Book

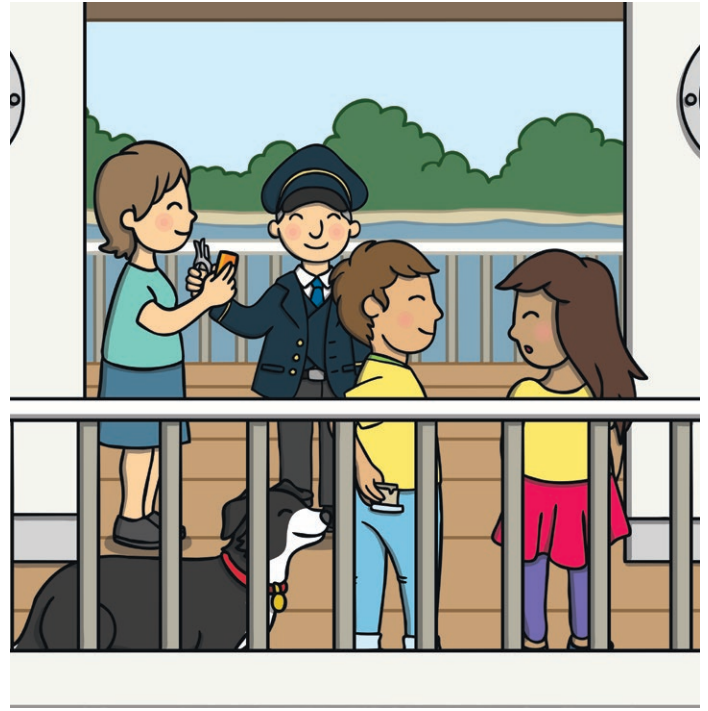

When the boat came into the port, lots of people got on it. One person had a dog that had a furry body just like Ben! We got on the boat, too.

We sat on some comfy seats then we went out onto the deck. When the boat left the port, the captain blasted the horn loudly!

Kit wanted to go on a Mississippi boat and the map took us straight to the Mississippi River. Ben was very happy to come with us!

It was time to go when we saw the ticket man come round. We were happy to get home in time for a family lunch of yummy sandwiches!

When we went back inside, we went up some stairs where people were eating lunch. We were hungry but didn't have **any** American dollars.

It was a sunny day on the river. We were happy when we spotted a big boat on the water with steam coming out of it.
