

Guidance for Animations

Every separate 'step' of the Lesson Presentation begins with an animation of the individual number.

While in slide show mode, click anywhere in the square to start (and pause) the animation.

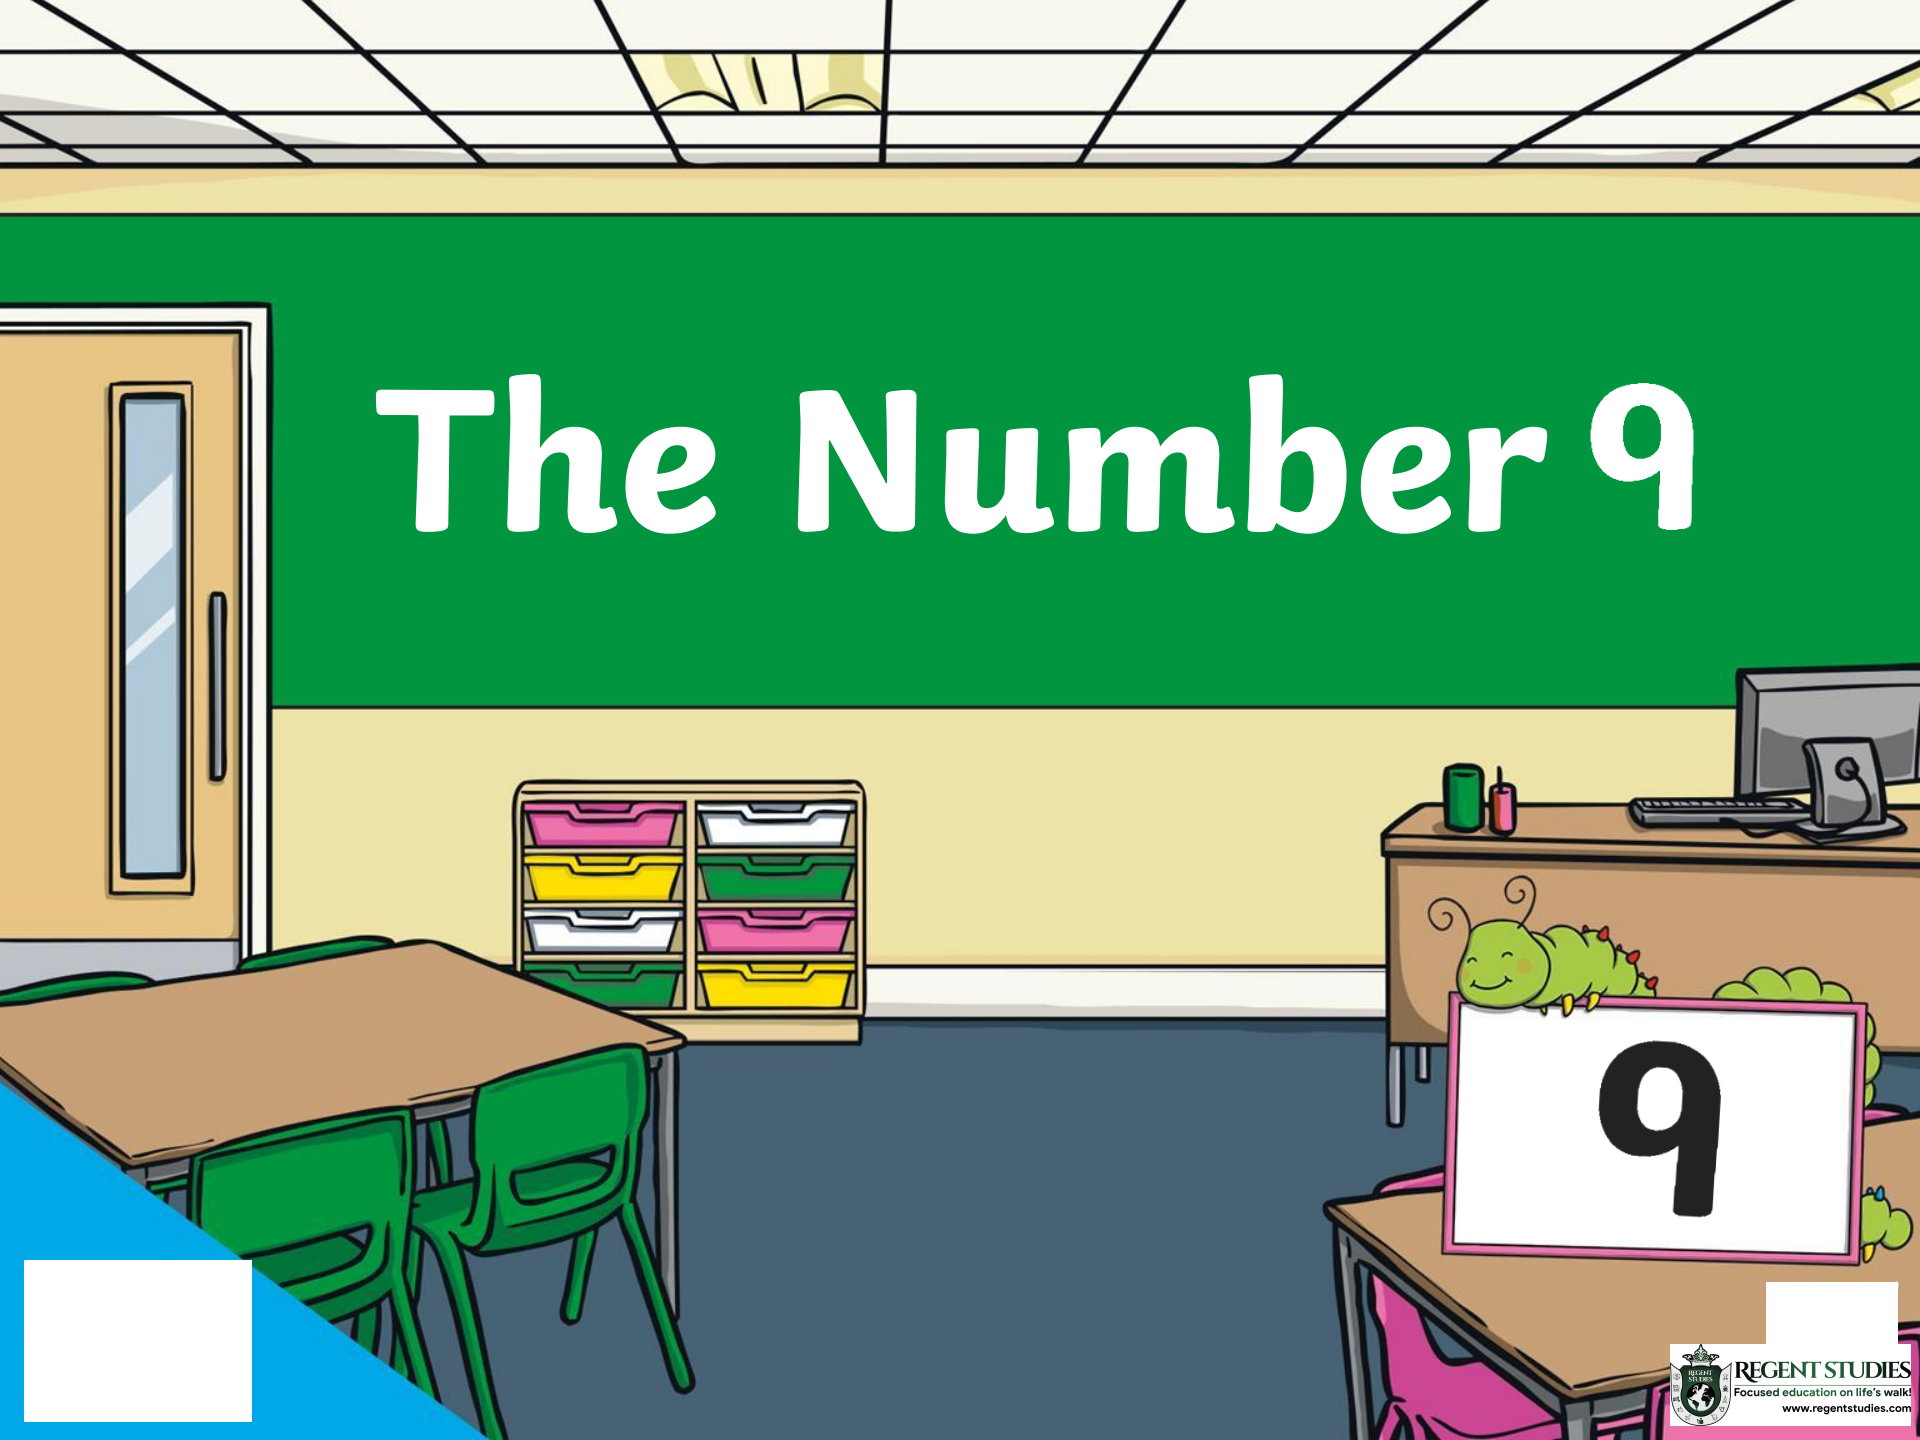

Throughout the Lesson Presentation, blank handwriting guidelines will appear. While in slide show mode, click anywhere on the guidelines to start (and pause) the animation of a specific letter pattern or join.

Please note that the animations may not be compatible with early versions of PowerPoint.

You may wish to delete this slide before beginning the presentation.

The Number 9

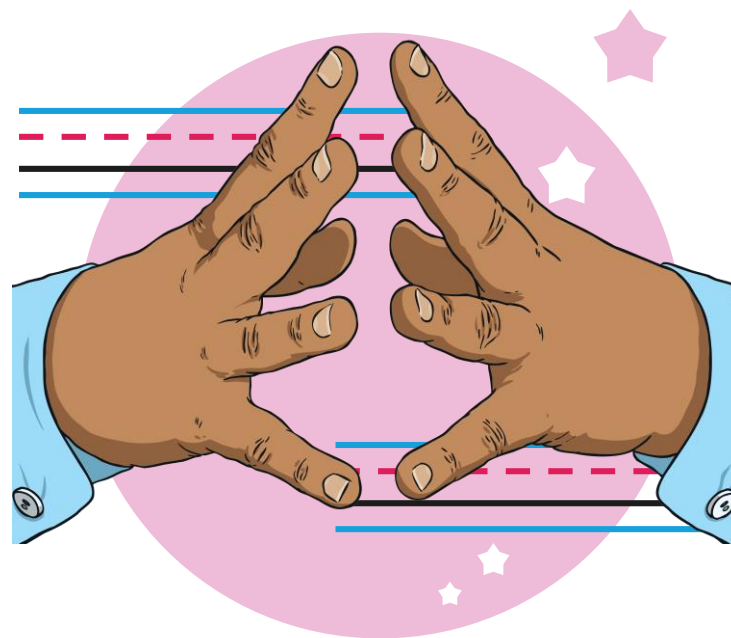

Fine Motor Warm-Up

Finger Presses

Place your hands a few centimetres apart in front of you.

Using a finger or your thumb on one hand, slowly press it against the same finger/thumb on the opposite hand to make a finger press-up!

Listen to your teacher. Can you press the fingers together that they say?

Step 2 – Forming Numbers

Complete the **Finding 9s in the Woods Activity Sheet** or play the **Rolling the Number 9 Game Board** to practise writing more number 9s.

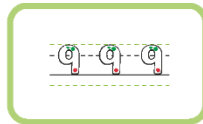

Rolling the Number 9

How to Play

Take it in turns to roll two dice.

Every time you roll a total of 9, write a number 9 on your game board.

The first player to roll a total of 9 three times is the winner!

Finding 9s in the Woods

The Number 9 Activity Pack

Count the number of each woodland animal. There are 3 types of woodland animals that appear 9 times. Write the number 9 in the box next to their picture.
