

Notes to remember:

- Some letters have ligatures (flicks) to make it easier to link them together. We add this to the point where our pencil finishes.
- We are now adding slope.
- We still need to keep our letters an even size.
- Our capitals touch the top of the line. They do not have ligatures.

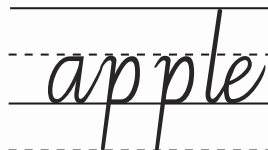

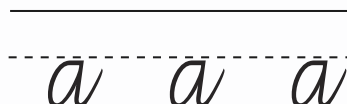

Warm up: practise your slope. Start at the top of the line and travel downwards.

Practise the upper case letter of the day. Remember, it doesn't have a ligature.

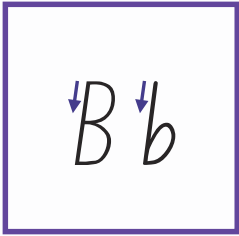

Practise the lower case letter of the day. Add the ligature and keep the back sloped.

Artistic Aroha always eats apples in autumn.
