

she can make things change colour

her house is on a rainbow

he can run as fast as the wind

his shoes have boost buttons

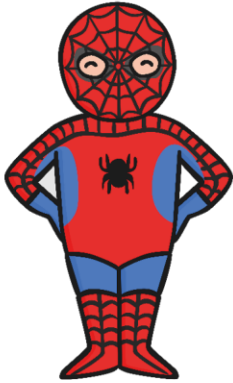

he flies to rescue people

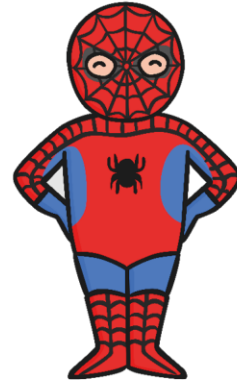

his cape swooshes in the air

he climbs up tall walls

webs shoot from his hands

she can freeze people

her hands are made of ice

she can change the weather

lightning bolts shoot from her hands

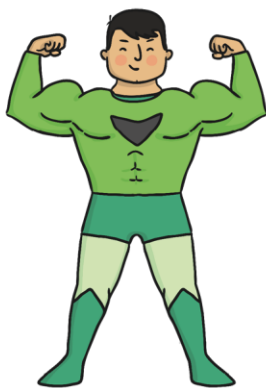

she rescues people from
danger

her mask is a good disguise

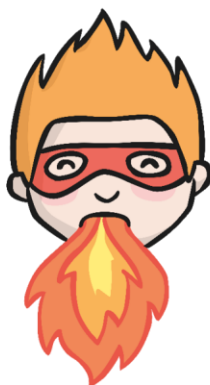

he is the strongest man ever

his muscles help him to lift
things

he breathes fire at his enemies

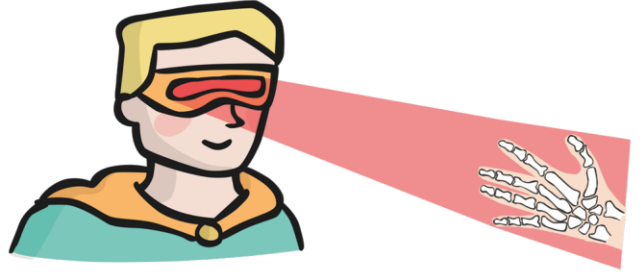

his hair is like a torch

he can see through things

x-ray vision is his special power

he wears a black bat mask

his mask hides his face

her hair is long and green

she has special slime powers

he fights all the evil baddies

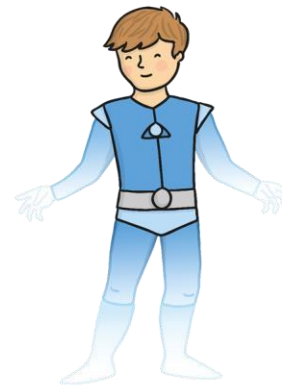

his boots help him to run at super speed

he can disappear at any time

he creeps up on the baddies

she flies at superfast speed

she can leap and spin in the air
