

## Patch the Witch

Join Kit and Sam on an adventure to help Hansel and Gretel.

# Patch the Witch

## A 'Let's Read Together!' Book

We discovered that we had magical powers! Sam made it so that we could not be seen and Kit used his magic to tip Patch's spell all over the floor.

Sam worked out that some of Patch's power came from her crutch. Gretel made a plan to take her power away and we all got to work.

After reading Hansel and Gretel in school, we decided to dress up as a witch and wizard. We used the magic book to go and find a real witch.

It worked! Patch faded away and we were all very pleased. We hope we get to see Hansel and Gretel again one day.

Our plan nearly worked. Patch fell into the ditch but she would not let go of her crutch. We had to work together to cast a strong spell to defeat the witch.

We found ourselves in Hansel and Gretel's house. They said that they needed our help because a witch called Patch was trying to catch them.
