25¢

# Identifying coins and their value (Canadian)

## Grade 1 Money Worksheet

Draw a line to match the coin with its value.

The image displays five pairs of Canadian coins on the left and five values on the right. Red lines connect the coins to their correct values:

- A 2010 quarter coin (25 CENTS) is connected to 25¢.
- A 2017 dime coin (10 CENTS) is connected to 10¢.
- A 2013 gold one-dollar coin (DOLLAR) is connected to \$1.
- A 2010 two-dollar coin (2 DOLLARS) is connected to \$2.
- A 2010 nickel coin (5 CENTS) is connected to 5¢.
