## Online Safety Challenge Cards

Write a list of the ways **you** communicate online.  
Are you always kind online?

## Online Safety Challenge Cards

Make a list of the websites you access during a week. What information could someone find out about you from your online activity in the course of a week?

## Online Safety Challenge Cards

Write a description to explain what a **digital footprint** is.

Online Safety Challenge Cards

You want to find out what the most popular toy this year is. Use a search engine to find out.

What is the fewest number of words you can use to find the information you need?

Online Safety Challenge Cards

Write a list of things a person should do if someone is unkind to them online.

Online Safety Challenge Cards

Unjumble these letters to make a word about online safety:

**BIGNLYYBEUCRL**

Can you explain what it means?

Online Safety Challenge Cards

Design two websites about your class topic.  
One should be for children and the other for adults.

Online Safety Challenge Cards

Unjumble these letters to make a phrase about online safety:

**NGAER CHSIEEN**

Can you explain what it means?

Online Safety Challenge Cards

Create a strong password and a handy way to remember it.

Online Safety Challenge Cards

Film a short video showing the differences between how people speak to strangers in real life vs how people talk to strangers online.

Online Safety Challenge Cards

Create a storyboard or comic strip to show what could happen if someone knew your passwords.

Online Safety Challenge Cards

Design a poster encouraging others to be polite when posting online.

# Online Safety Fact Cards

## Online Safety Fact Cards

Purposely being unkind to somebody online, more than once, could be called **cyberbullying**.

## Online Safety Fact Cards

If you think someone is being unkind online, the best thing to do is to tell a trusted adult straight away.

## Online Safety Fact Cards

Phones, tablets, computers and games consoles can all be used to be unkind or cyberbully.

Everything you do online leaves a **digital footprint**.

A **digital footprint** is the information someone leaves behind during their online activities.

A **search engine** is any website we use to search for information.

You can successfully search online using just a few words rather than whole sentences.

Online Safety Fact Cards

If a website uses lots of technical language, that may be a clue that it isn't designed for children.

Online Safety Fact Cards

A website appropriate for children will be fun to look at, have words you understand and may include games or activities.

Online Safety Fact Cards

Not all the information you read online is true or useful.

Online Safety Fact Cards

If you're not sure if a website is suitable for you to access, ask an adult you trust to help you decide.

Online Safety Fact Cards

If anything ever makes you uncomfortable online,  
stop viewing it and tell an adult straight away.
