## Filling in Missing Numbers on a Number Line

The number lines below are not quite complete. See if you can use a hundred square or your knowledge of the number system and fill in the missing numbers.

1.	1      2                      4                      6      7                                      10
2.	91                      93                      95      96      97                                      100
3.	22                                      25      26                                      28      29
4.	72      73                                      75      76                                      80
5.	41                                      44      45      46                                      49
6.	33      34                                      37                                      39
7.	62                                      64                                      68
8.	11                                      13                                      15                                      18      19      20
9.	81                                      83      84                                      87
10.	51      52      53                                      57                                      59      60

**Challenge** – Can you create a number line for the next set of numbers after 100?

## Filling in Missing Numbers on a Number Line

The number lines below are not quite complete. See if you can use a hundred square or your knowledge of the number system and fill in the missing numbers.

1.	1      2 <b>3</b> 4 <b>5</b> 6      7 <b>8</b> <b>9</b> 10
2.	91 <b>92</b> 93 <b>94</b> 95      96      97 <b>98</b> <b>99</b> 100
3.	<b>21</b> 22 <b>23</b> <b>24</b> 25      26 <b>27</b> 28      29 <b>30</b>
4.	<b>71</b> 72      73 <b>74</b> 75      76 <b>77</b> <b>78</b> <b>79</b> 80
5.	41 <b>42</b> <b>43</b> 44      45      46 <b>47</b> <b>48</b> 49 <b>50</b>
6.	<b>31</b> <b>32</b> 33      34 <b>35</b> <b>36</b> 37 <b>38</b> 39 <b>40</b>
7.	<b>61</b> 62 <b>63</b> 64 <b>65</b> <b>66</b> <b>67</b> 68 <b>69</b> <b>70</b>
