Calendar Missing Ordinal Number Worksheet **Answers**

May						
Monday	**Tuesday**	**Wednesday**	**Thursday**	**Friday**	**Saturday**	**Sunday**
	1st	2nd	3rd	4th	5th	6th
7th	8th	9th	10th	11th	12th	13th
14th	15th	16th	17th	18th	19th	20th
21st	22nd	23rd	24th	25th	26th	27th
28th	29th	30th	31st			

1.

a. **10th May**

b. **The second Thursday of the month comes after the 9th and before the 11th so it must be the 10th.**

2.

a. **17th May**

b. **After the 15th comes the 16th and then the 17th. 17 is two more than 15.**

3.

a. **22nd May**

b. **Starting on the 26th and then counting back 4 days is the 22nd.**

   26 – 4 = 22
