Sam joined in the game. They wanted to find a real historical artefact. They got dressed up as archaeologists and picked up the chisel, funnel and trowel. "Take us to the desert!" they asked the magic map.

Kit was busy digging up things in the sandpit. He was imagining that they were historical artefacts. He found a camel, funnel, squirrel, towel, tinsel and a chisel.

Q7: What do you think will happen next?

Q1: What game was Kit playing in the sandpit?

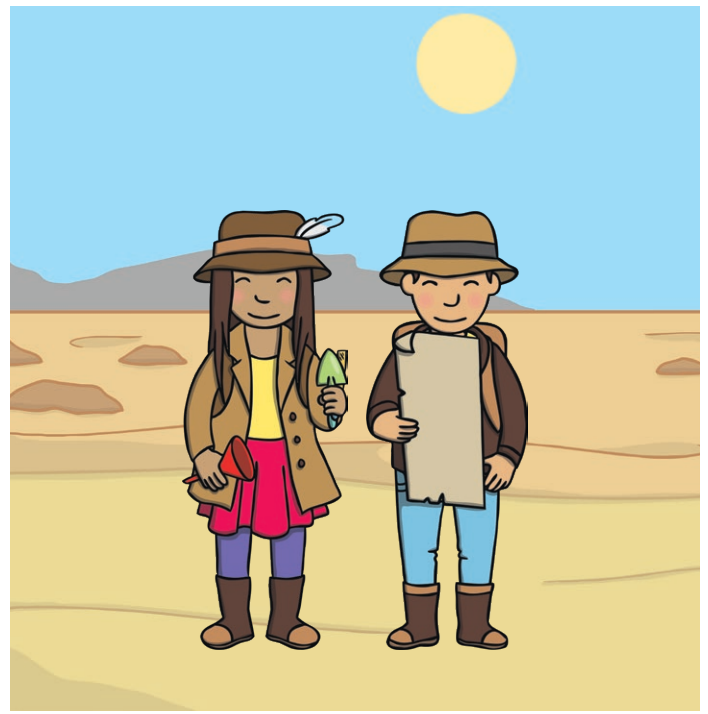

Q2: Where did Kit and Sam ask the magic map to take them?

Once they had the chisel and shovel, the children needed to find the water channel and dig up the old bowl. The bowl was beautiful but Kit and Sam decided to leave it in the desert where it belonged.

Kit, Sam, Abdul and Aziza had to find and ring the triple bell. This opened a door to a secret room. Inside the room were some barrels on a table. They had to find the chisel and shovel, which were hidden inside.

Kit and Sam arrived in the desert. It was hot, dry and sandy. In the distance, they spotted some people on camels. It was Abdul and Aziza with their mum and dad. Kit and Sam were pleased. They were very thirsty!

Abdul and Aziza took Kit and Sam to Petra, also known as the Rose City, to look for historical artefacts to dig up. An engraving on the wall told them that there was an old bowl hidden somewhere inside the tunnels.

Q3: How do you think Kit and Sam felt when they first arrived in the desert?

Q4: Why do you think Petra is also known as the Rose City?
