

Trip to the Future

Join Kit and Sam as they adventure to a strange new world.

Trip to the Future

A 'Let's Read Together!' Book

They decided that it was time to go home. Kit didn't like the idea of knowing what was going to happen to him in the future.

After a while, they decided that to go on their own adventure to the future. They used the magic watch to travel to the year 3000. Things were very different there! People travelled around the museum in pods and on hoverboards.

Kit and Sam went on a school trip to the Natural History Museum. There were all kinds of exhibitions there. Sam wanted to see the undersea creatures and Kit wanted to see the dinosaur adventure. There were also exhibitions of sculptures, pictures, nature and vultures.

Q1: Which exhibitions did Kit and Sam want to see?

Q2: What do you think will be different in the future?

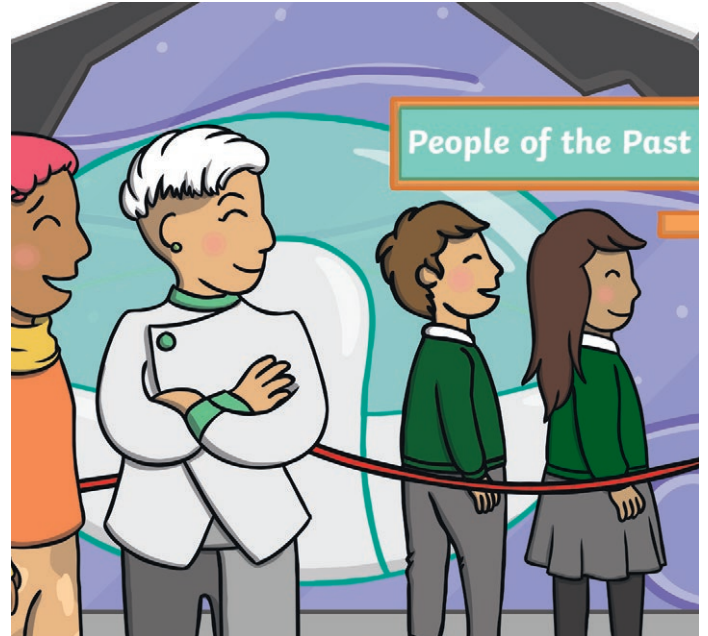

Q6: If you were Kit or Sam, would you have stayed to see the little boy's book? Why or why not?

Q5: Find a question or a command used by Kit and Sam during their tour.

At the end, a little boy told them that he recognised them from his computer book about famous adventurers from the past.

There was lots to see! They decided to go to the 'People of the Past' exhibition first to see what they recognised and how things had changed. There were lots of pictures and sculptures of things that they recognised from the year 2018.

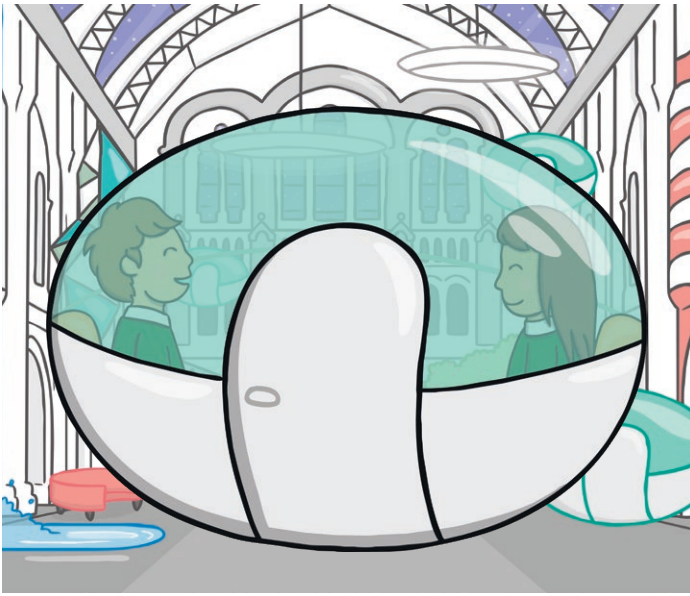

Q1: What is different about the way the people in the future travel around the museum?

Q2: What animals might you see in the 'Extinct Animals' exhibition?

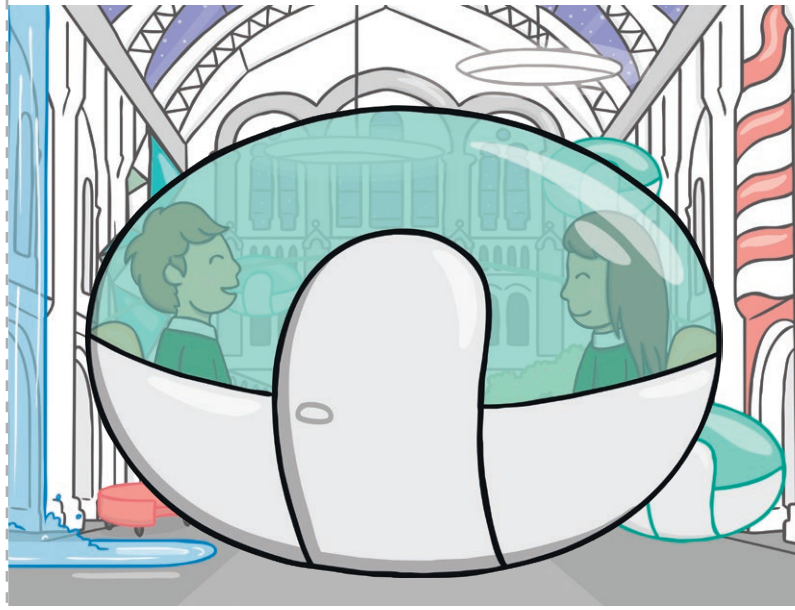

Kit and Sam ended up giving a tour of the 'past'. They had to say things like, "Can you see the furniture from the past?" and "Do not touch the exhibits!"
