Q5: Who did Sam and Kit meet on their visit to Jay's planet?

Q6: Why did Kit jump?

They decided to use their magic map to visit Jay on his planet. When they arrived, they saw his shiny, sparkly house in the distance. It was a long way – walking along slimy paths and through noisy, icy winds.

Kit and Sam were tidying up to earn some pocket money when Kit found his 'Jay the Alien' book. "Jay is the nicest and bravest alien we have ever met," they said.

Q7: If Jay had another friend, what do you think they would be called?

Q1: What did Kit find when he was tidying up?

Q2: What words are used to describe Jay's house?

Kay showed Kit and Sam around her house. It had lots of plants inside too. A shiny alien toad hopped out and made Kit jump!

Kit and Sam ended up giving a tour of the 'past'. They had to say things like, "Can you see the furniture from the past?" and "Do not touch the exhibits!"

They finally arrived at his house, at the bottom of the largest hill. "How lovely it is to see you again!" Jay said when he saw them.

Jay showed them around his amazing home. Sam thought it was the finest house she had ever seen. Jay took them through his forest of lush, green plants and gave them a drink and the strangest-looking cake!

Q3: Where was Jay's house?

Q4: Do you think Kit and Sam liked Jay's house? How do you know?
