Q5: Why was Sam upset?

Q6: Who gave Sam's glove back to her?

Grandad called out that we should come with him when we arrived. He knew the way to Uncle Duncan and Max's flat so we all followed him. Uncle Duncan exclaimed that it was always lovely to see us.

We got up early to catch the train to London. Mum's brother, Duncan, and his son, Max, live there so we went to visit them. We were on the train for quite some time.

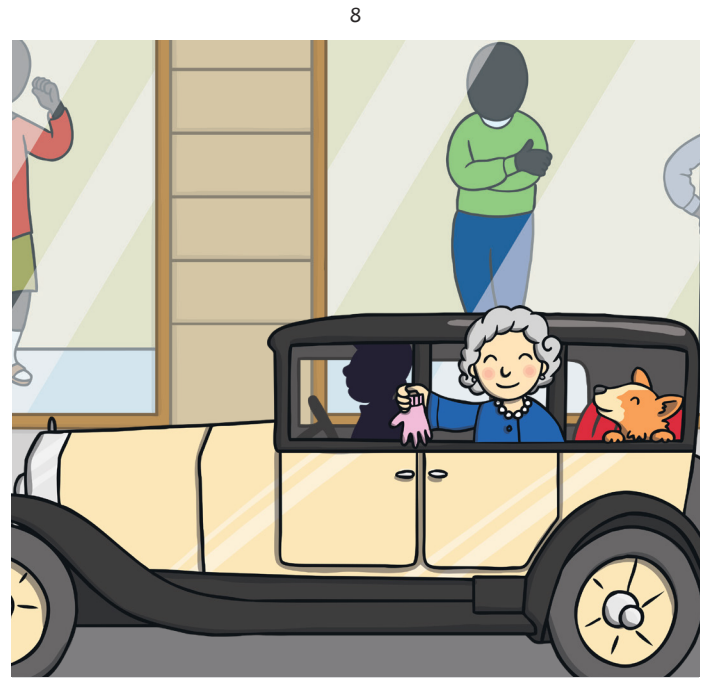

Q1: Who were the family visiting?

---

Q2: How did the family get to London?

---

Mum reassured me that I should not worry. I just couldn't stop myself crying, until a kind old lady stopped her car. She had my missing glove! I was so happy that I did not realise the lady was the Queen! I had such a fantastic time and can not wait to see Uncle Duncan and Max again next month.

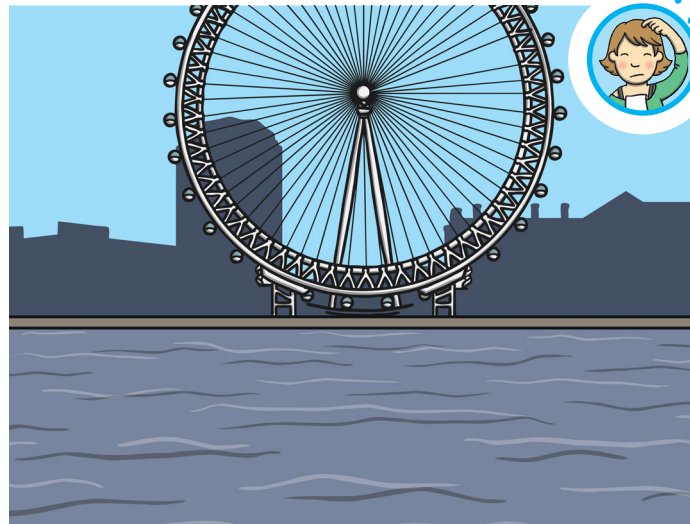

Max wondered if we could see where we were going next and he gave us some clues. Kit guessed Buckingham Palace and he was right! It was brilliant until I realised I had lost one of my special gloves that Tess had given me!

Uncle Duncan and Max told us they were taking us to see some of the sights in London. First, we went on a boat down the River Thames and saw the Palace of Westminster.

After the boat ride, we went on the London Eye and saw the city from above. It was amazing! We could see lots of London landmarks, including The Shard.

Q3: What did the family see on the boat?

---

Q4: What did Sam think about the London Eye?
